### National Institutes of Health

#### National Heart, Lung, and Blood Institute; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

*Name of Committee:* Heart, Lung, and Blood Initial Review Group, Heart, Lung, and Blood Program Project Review Committee.

*Date:* December 1, 2010.

*Time:* 8 a.m. to 5 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

*Contact Person:* Jeffrey H Hurst, PhD, Scientific Review Officer, Review Branch/DERA, National Heart, Lung, and Blood Institute, 6701 Rockledge Drive, Room 7208, Bethesda, MD 20892-7924, 301-435-0303, [hurstj@nhlbi.nih.gov](mailto:hurstj@nhlbi.nih.gov).

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Health Resources and Services Administration

#### Recruitment of Sites for Assignment of Corps Personnel Obligated Under the National Health Service Corps Loan Repayment Program (FY 2011)

**AGENCY:** Health Resources and Services Administration, HHS.

**ACTION:** General notice.

**SUMMARY:** The Health Resources and Services Administration (HRSA) announces that the listing of entities, and their Health Professional Shortage Area (HPSA) scores, that will receive priority for the assignment of National Health Service Corps (NHSC) Loan Repayers (Corps Personnel, Corps members) during the period October 1, 2010, through September 30, 2011, is posted on the HRSA Web site at <http://datawarehouse.hrsa.gov/HGDWReports/OneClickRptFilter.aspx?rptName=NHSCAppSiteList&rptFormat=HTML3.2>. This list specifies which entities are eligible to receive assignment of Corps members who are participating in the NHSC Loan Repayment Program (LRP), and Corps members who have become Corps members other than pursuant to contractual obligations under the LRP. Please note that not all vacancies associated with sites on this list will be for Corps members, but could be for individuals serving an obligation to the NHSC LRP through the Private Practice Option.

#### Eligible HPSAs and Entities

To be eligible to receive assignment of Corps personnel, entities must: (1) Have a current HPSA designation by the Office of Shortage Designation, Bureau of Health Professions, HRSA; (2) not deny requested health care services, or discriminate in the provision of services to an individual because the individual is unable to pay for the services or because payment for the services would be made under Medicare, Medicaid, or the Children's Health Insurance Program; (3) enter into an agreement with the State agency that administers Medicaid and the Children's Health Insurance Program, accept assignment under Medicare, see all patients

regardless of their ability to pay, and use and post a discounted fee plan; and (4) be determined by the Secretary to have (a) A need and demand for health manpower in the area; (b) appropriately and efficiently used Corps members assigned to the entity in the past; (c) general community support for the assignment of Corps members; (d) made unsuccessful efforts to recruit; (e) a reasonable prospect for sound fiscal management by the entity with respect to Corps members assigned there; and (f) demonstrated a willingness to support and facilitate mentorship, professional development and training opportunities for Corps members. Priority in approving applications for assignment of Corps members goes to sites that (1) provide primary medical care, mental health, or oral health services to a primary medical care, mental health, or dental HPSA of greatest shortage, respectively; (2) are part of a system of care that provides a continuum of services, including comprehensive primary health care and appropriate referrals or arrangements for secondary and tertiary care; (3) have a documented record of sound fiscal management; and (4) will experience a negative impact on its capacity to provide primary health services if a Corps member is not assigned to the entity. In order for a site to be eligible for placement of NHSC personnel, it must be approved by the NHSC through the successful submission of a Site Application. The Site Application approval is good for a period of 3 years from the date of approval.

Entities that receive assignment of Corps personnel must assure that (1) the position will permit the full scope of practice and that the clinician meets the credentialing requirements of the State and site; and (2) the Corps member assigned to the entity is engaged in the requisite amount of clinical service, as defined below, to meet his or her service obligation:

#### Full-time clinical practice

"Full-time clinical practice" is defined as a minimum of 40 hours per week for at least 45 weeks per service year. The 40 hours per week may be compressed into no less than 4 work days per week, with no more than 12 hours of work to be performed in any 24-hour period. Time spent on-call does not count toward the full-time service obligation.

For all health professionals, except as noted below, at least 32 of the minimum 40 hours per week must be spent providing direct patient care or teaching in the outpatient ambulatory care setting(s) at the NHSC-approved service site(s) during normally scheduled office hours. The remaining 8 hours per week must be spent providing clinical services for patients or teaching in the approved practice site(s),
