### Agency Information Collection Activities: Submission for OMB Review; Comment Request

**AGENCY:** Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the Agency's function; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Recognition of pass-through payment for additional (new) categories of devices under the Outpatient Prospective Payment System and Supporting Regulations in 42 CFR, Part 419; *Form Number:* CMS-10052 (OMB#: 0938-0857); *Use:* Section 201(b) of the Balanced Budget Act of 1999 amended section 1833(t) of the Social Security Act (the Act) by adding new section 1833(t)(6). This provision requires the Secretary to make additional payments to hospitals for a period of 2 to 3 years for certain drugs, radiopharmaceuticals, biological agents, medical devices and brachytherapy devices. Section 402 of the Benefits Improvement and Protection Act of 2000 made changes to the transitional pass-through provision for medical devices. The most significant change is the required use of categories as the basis for determining transitional pass-through eligibility for medical devices, through the addition of section 1833(t)(6)(B) of the Act. This information collection is necessary to determine eligibility of medical devices

for establishment of additional device categories for payment under transitional pass-through payment provisions as required by section 1833(t)(6) of the Act. *Frequency:* Once; *Affected Public:* Private Sector: Business or other for-profits; *Number of Respondents:* 10; *Total Annual Responses:* 10; *Total Annual Hours:* 160. (For policy questions regarding this collection contact Christina S. Ritter at 410-786-4636. For all other issues call 410-786-1326.)

2. *Type of Information Collection Request:* New collection; *Title of Information Collection:* ESRD PPS Transition Election and attestations of Low-Volume; *Form Number:* CMS-10351 (OMB#: 0938-New); *Use:* The Medicare Improvement for Patients and Providers Act (MIPPA) requires implementation of an End Stage Renal Disease (ESRD) bundled prospective payment system (PPS) effective January 1, 2011. Once implemented, the ESRD PPS will replace the current basic case-mix adjusted composite payment system and the methodologies for the reimbursement of separately billable outpatient ESRD related items and services. The ESRD PPS will provide a single payment to the ESRD facilities that will cover all the resources used in providing an outpatient dialysis treatment. Also, as required by MIPPA, ESRD facilities are eligible to receive a low-volume adjustment when the facility furnished less than 4000 treatments in each of the three years pre-ceding the payment year.

In order for an ESRD facility to receive the low-volume adjustment, CMS will require that an ESRD facility must provide an attestation to the fiscal intermediary or the Medicare administrative contractor (FI/MAC) that it has met the criteria to qualify as a low-volume facility. The FI or MAC would verify the ESRD facility's attestation of their low-volume status using the ESRD facility's final-settled cost reports. Also, an ESRD facility may make a one-time election to be excluded from the four-year transition to the ESRD PPS. A facility may elect to be paid entirely based on the ESRD PPS beginning January 1, 2011. If the ESRD facility fails to submit an election, or the ESRD facility's election is not received by their MAC by November 1, 2010, payments to the ESRD facility for items and services provided during the transition will be paid under the basic case-mix adjusted composite payment system. *Frequency:* Annually; *Affected Public:* Private Sector: Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 5,808; *Total Annual Responses:* 2,520;

Total Annual Hours: 563.2. (For policy questions regarding this collection contact Janet Samen at 410-786-4533. For all other issues call 410-786-1326.)

3. Title of Information Collection: Issuance of Advisory Opinions Concerning Physicians' Referrals; Type of Information Collection Request: Extension of a currently approved collection; Form Number: CMS-R-216 (OMB#: 0938-0714); Use: Section 1877(g)(6) of the Social Security Act requires that the Department of Health and Human Services accept requests for advisory opinions made after November 3, 1997 and before August 21, 2000. Section 543 of the Benefits Improvement and Protection Act of 2001, Public Law 106-554, extended indefinitely the period during which the Department of Health and Human Services accepts requests for these advisory opinions. CMS promulgated 42 CFR 411.370 through 411.389 to comply with this statutory mandate. The collection of information contained in 42 CFR 411.372 and 411.373 is necessary to allow CMS to consider requests for advisory opinions and provide accurate and useful opinions. ; Frequency: Occasionally; Affected Public: Private Sector: Business or other for-profits and not- for profit institutions; Number of Respondents: 25; Total Annual Responses: 25; Total Annual Hours: 500. (For policy questions regarding this collection contact John Davis at 410-786-0008. For all other issues call 410-786-1326.)

Title: Child and Family Services Plan (CFSP), Annual Progress and Services Review (APSR), and Annual Budget Expenses Request and Estimated Expenditures (CFS-101).

OMB No.: 0980-0047.

Description: Under title IV-B, subparts 1 and 2, of the Social Security Act (the Act), States, Territories, and Tribes are required to submit a Child and Family Services Plan (CFSP). The CFSP lays the groundwork for a system of coordinated, integrated, and culturally relevant family services for the subsequent five years (45 CFR 1357.15(a)(1)). The CFSP outlines initiatives and activities the State, Tribe or territory will carry out in administering programs and services to promote the safety, permanency, and well-being of children and families. By June 30 of each year, States, Territories, and Tribes are also required to submit an Annual Progress and Services Report (APSR) and a financial report called the CFS-101. The APSR is a Yearly report that discusses progress made by a State, Territory or Tribe in accomplishing the goals and objectives cited in its CFSP (45 CFR 1357.16(a)). The APSR contains

new and updated information about service needs and organizational capacities throughout the five-year plan period. The CFS-101 has three parts. Part I is an annual budget request for the upcoming fiscal year. Part II includes a summary of planned expenditures by program area for the upcoming fiscal year, the estimated number of individuals or families to be served, and the geographical service area. Part III includes actual expenditures by program area, numbers of families and individuals served by program area, and the geographic areas served for the last complete fiscal year.

The Child and Family Services Improvement Act of 2006 amended Title IV-B, subparts 1 and 2, adding a number of requirements that affect reporting through the APSR and the CFS-101. Of particular note, the law added a provision requiring States (including Puerto Rico and the District of Columbia) to report data on caseworker visits (section 424(e) of the Act). States must provide annual data on (1) the percentage of children in foster care under the responsibility of the State who were visited on a monthly basis by the caseworker handling the case of the child; and (2) the percentage of the visits that occurred in the residence of the child. In addition, by June 30, 2008, States must set target percentages and establish strategies to meet the goal that; by October 1, 2011; at least 90 percent of the children in foster care are visited by their caseworkers on a monthly basis and that the majority of these visits occur in the residence of the child (section 424(e)(2)(A) of the Act).

Respondents: States, Territories, and Tribes must complete the CFSP, APSR, and CFS-101. Tribes and territories are exempted from the monthly caseworker visits reporting requirement of the APSR. There are approximately 180 Tribal entities that are eligible for IV-B funding. There are 52 States (including Puerto Rico and the District of Columbia) that must complete the CFSP, APSR, and CFS-101. There are a total of 232 possible respondents.
