

In its capacity as a “derivatives clearing organization” registered as such with the Commodities Futures Trading Commission, OCC also filed this proposed rule change with the CFTC for prior approval pursuant to provisions of the Commodity Exchange Act (“CEA”) in order to foreclose any potential argument that the clearing by OCC of such options as securities options constitutes a violation of the CEA. The products involved here are essentially the same as cash-settled foreign currency options that OCC currently clears except for the low strike price.

III. Discussion

Section 17A(b)(3)(F) of the Act⁵ requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and derivative transactions. OCC’s clarification of its By-Laws with respect to cash-settled foreign currency options with nominal exercise prices should help reduce the likelihood of confusion as to OCC’s treatment of such products, and accordingly should help to promote the prompt and accurate clearance and settlement of securities transactions.

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular Section 17A of the Act⁶ and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁷ that the proposed rule change (File No. SR–OCC–2010–05) be and hereby is approved.⁸

For the Commission by the Division of Trading and Markets, pursuant to delegated authority.⁹

Deputy Secretary.
