

Service Retirement System to obtain a survivor benefits election from annuitants who are eligible to elect to provide survivor benefits for a former spouse. "Information on Electing a Survivor Annuity for Your Former Spouse" (OMB Control No. 3206-0235; RI 20-64B), is a pamphlet that provides important information to retirees under the Civil Service Retirement System who want to provide a survivor annuity for a former spouse.

Comments are particularly invited on: whether this information is necessary for the proper performance of functions of OPM, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

We estimate that 30 survivor elections on RI 20-64A will be processed per year and that of these eight will use RI 20-64 to ask for information about electing a smaller survivor benefit. Form RI 20-64A requires 45 minutes to complete for a burden of 23 hours. Form RI 20-64 requires eight minutes to complete for a burden of one hour. The total burden is 24 hours.
