SMALL BUSINESS ADMINISTRATION

Small Business Information Security Task Force

AGENCY: U.S. Small Business Administration.

ACTION: Notice of meeting minutes.

SUMMARY: The SBA is issuing this notice to publish meeting minutes for the Small Business Information Security Task Force Meeting.

DATES: 1 p.m., Wednesday, October 13, 2010.

ADDRESSES: The meeting was held via teleconference.

SUPPLEMENTARY INFORMATION: Pursuant to section 507(i)(4)(A) of the Credit Card Accountability Responsibility and Disclosure Act of 2009, SBA submits the meeting minutes for the first meeting of the Small Business Information Security Task Force. Chairman, Rusty Pickens, called the meeting to order on October 13, 2010 at 1 p.m. Roll call was taken and a quorum was established. Mr. Pickens thanked the Task Force members for agreeing to serve and for making themselves available for the meeting, noting that the group represented a powerhouse of expertise in information security matters. After covering the general expectations for Task Force meetings, most of which will be conducted by teleconference, Mr. Pickens proposed that one in-person

meeting be attempted in the spring of 2011.

Mr. Pickens set forth the ground rules for Task Force operations. Noting that the Task Force is chartered through 2013, he expressed the expectation that its work might be accomplished sooner, proposing a target deadline for the end of 2011 for completion of the Task Force Report to Congress. Mr. Pickens advised the group that as Chair, he will be responsible for providing regular updates on the work of the Task Force to the SBA Administrator. He concluded his introduction by encouraging all members to participate as fully as possible in all discussions to maximize the value of their expertise to the Task Force. He then introduced Frances Henderson of the Council of Better Business Bureaus as Vice-Chair of the Task Force.

Ms. Henderson welcomed the other members to the Task Force and expressed the Council of Better Business Bureau's appreciation for the opportunity to work with the SBA and a distinguished panel of experts on this important topic. She noted that while much valuable work has already been done in both the public and private sectors to disseminate information security standards, guidance and resources to the business community as a whole, there is evidence that these resources have not fully trickled down to, or are not being well utilized by many small businesses, including those in greatest need of help with their information security needs. She expressed the hope that the Task Force could identify the gaps in the information security resources available to small businesses and propose solutions that would benefit both small businesses and consumers.

The other Task Force members each briefly introduced themselves and their organizations, identifying their specific interests and expertise in the work of the Task Force.

The remainder of the meeting was devoted to an open discussion on the focus of the Task Force's work, including the development of a skeleton work plan to be circulated in advance of the next meeting.

The members agreed that meeting frequency should be monthly and that the next meeting date would be November 10, 2010. No other decisions were reached.

In closing, Mr. Pickens introduced Jackie Woodward and Kristi Harmel as support personnel assigned to the Chairperson and the Task Force, and encouraged members to reach out to them with questions.

The meeting was adjourned at 2 p.m.

DEPARTMENT OF STATE

[Public Notice: 7230]

Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: Study of the U.S. Institutes for Student Leaders on New Media in Journalism

Announcement Type: New Cooperative Agreements.

Funding Opportunity Number: ECA/A/E/USS-11-11.

Catalog of Federal Domestic Assistance Number: 19.009.

Key Dates: May to August, 2011.

Application Deadline: January 10, 2011.

Executive Summary: The Branch for the Study of the United States, Office of Academic Exchange Programs, Bureau of Educational and Cultural Affairs, invites proposal submissions for the design and implementation of two (2) Study of the United States Institutes for Student Leaders on New Media in Journalism. Each taking place over the course of five weeks, the Institutes will be scheduled in summer 2011.

Both Institutes should take place at U.S. academic institutions and provide groups of highly motivated undergraduate students from the countries and regions noted below with in-depth seminars on New Media and Journalism. Each Institute should include four weeks of academic residency followed by a one-week integrated educational travel tour that will expose participants to a different region of the United States. The one-week educational study tour should conclude with a three day session in Washington, DC.

Each Institute will host up to 20 participants, for a total of approximately 40 students. ECA plans to provide one to two awards for the administration of the two Study of the U.S. Institutes and welcomes applications from accredited post-secondary education institutions in the United States and public and private non-profit organizations (*see Eligibility Information, section III*). The awarding of Cooperative Agreements for this program is contingent upon the availability of FY 2011 funds.

I. Funding Opportunity Description

I. 1. Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87–256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is to “enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world.” The funding authority for the program above is provided through legislation.

I. 2. Purpose

The Study of the U.S. Institutes for Student Leaders on New Media in Journalism are intensive academic programs whose purpose is to provide groups of foreign undergraduate students with a deeper understanding of the United States while also exposing Americans to the diverse cultures and traditions of the exchange participants.

The principal objective of the Institutes is to provide undergraduate leaders an introduction to new media in journalism, while also heightening their awareness of the history and evolution of U.S. society, culture, values, and institutions, broadly defined. In this context, the Institutes should incorporate a focus on contemporary American life, as it is shaped by historical and/or current political, social, and economic issues and debates. The role and influence of principles and values such as democracy, the rule of law, individual rights, freedom of expression, equality, and diversity and tolerance should be addressed.

I. 3. Overview

The Study of the U.S. Institute on New Media in Journalism should examine major topics in journalism, including the changing landscape of traditional and new forms of media. The program should underscore the impact of digital journalism, and give participants new skills such as uploading original audio/visual content; utilizing twitter; publishing blogs; operating social networking Web sites; and other new media platforms. The Institute should also explore the

concept of a free press, First Amendment rights, journalistic ethics, the media’s relationship to the public interest, and media business models. The Institute should include a field placement component, providing participants with hands-on experience covering various aspects of journalism: Researching, writing, editing, and reporting with particular emphasis on new forms of digital media. In addition to journalism and new media, the Institutes should explore American history, government, society, and culture.

The Institutes should also develop the participants’ leadership skill, specifically as they relate to journalism. In this context, the academic program should include group discussions, trainings, and exercises that focus on topics such as leadership, teambuilding, collective problem-solving skills, effective communication, and management skills for diverse organizational settings. Institutes should include a community service component in which the students experience firsthand how not-for-profit organizations and volunteerism play a key role in American civil society.

Local site visits and educational travel should provide opportunities to observe varied aspects of American life and to discuss topics addressed in the academic program. The program should also include opportunities for participants to meet American citizens from a variety of backgrounds, to interact with their American peers, and to speak to appropriate student and civic groups about their experiences and life in their home countries.

I. 4. Recipient Organizations

ECA is seeking detailed proposals from U.S. colleges, universities, and other not-for-profit organizations that have an established reputation in one or more of the following fields: Journalism, media studies, communication studies, and/or other disciplines or sub-disciplines related to the study of the United States.

I. 5. Participants

Participants will be identified and nominated by the U.S. Embassies and Consulates and/or Fulbright Commissions with final selection made by ECA. ECA will make the final decisions regarding participating countries and reserves the right to adjust the countries or regions participating in this activity based upon Department priorities.

Participants in the Study of the U.S. Institutes for Student Leaders will be highly motivated undergraduate

students from colleges, universities, and other institutions of higher education in selected countries overseas who demonstrate achievement and leadership through academic work, community involvement, and extracurricular activities. Their academic fields of study will be varied, and may include journalism, sciences, social sciences, humanities, education, and business. All participants will have a good knowledge of English and will have demonstrated interest in new media and journalism.

Every effort will be made to select a balanced mix of male and female participants, and to recruit participants who are from non-elite or underprivileged backgrounds, from both rural and urban areas, and have had little or no prior experience in the United States or elsewhere outside of their home country.

It is anticipated that participants in the two Institutes will come from the following regions and countries:

(1) South Asia: Bangladesh, India, Nepal, Sri Lanka. This Institute should take place in *May and June, 2011*.

(2) Middle East: Iraq, Lebanon, Oman, West Bank. This Institute should take place in *July and August, 2011*.

I. 6. Program Guidelines

It is essential that proposals provide a detailed and comprehensive narrative describing the objectives of the Institute; the title, scope, and content of each session; planned site visits; and how each session relates to the overall Institute theme. Proposals must include a syllabus that indicates the subject matter for each lecture, panel discussion, group presentation, or other activity. The syllabus also should confirm or provisionally identify proposed speakers, trainers, and session leaders, and clearly show how assigned readings will advance the goals of each session. Overall, proposals will be reviewed on the basis of their responsiveness to RFGP criteria, coherence, clarity, and attention to detail. The accompanying Project Objectives, Goals, and Implementation (POGI) document provides program-specific guidelines that all proposals must address fully.

Please note: In a Cooperative Agreement, the Branch for the Study of the United States is substantially involved in program activities above and beyond routine grant monitoring. The Branch will assume the following responsibilities for the Institute: Participate in the final selection of participants; debrief participants in Washington, DC at the conclusion of the Institute; and engage in follow-on communication with the participants after

they return to their home countries. The Branch may request that the recipient make modifications to the academic residency and/or educational travel components of the program. The recipient will be required to obtain approval of significant program changes in advance of their implementation.

II. Award Information

III. Eligibility Information

III.1 Eligible Applicants

Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3).

An applicant organization is defined by the DUNS number of the organization and by the signature of the authorized representative contained on the "Application for Federal Assistance Form" (SF-424) submitted under this competition.

III.2 Cost Sharing or Matching Funds

There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs. When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, the recipient institution must maintain written records to support all costs which are claimed as a contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions

must be in accordance with OMB Circular A-110 (Revised), Subpart C.23—Cost Sharing and Matching. In the event the recipient institution does not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3 Other Eligibility Requirements

(a.) Grants awarded to eligible organizations with less than four years of experience in conducting international exchange programs will be limited to \$60,000. ECA anticipates that the minimum award under this competition will be approximately \$240,000. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

(b.) Technical Eligibility: It is ECA's intent to fund a total of two (2) institutes as a result of this solicitation.

All applicants are strongly encouraged to read this RFGP thoroughly, prior to developing and submitting a proposal, to ensure that proposed activities are appropriate and responsive to the goals, objectives and criteria outlined in the solicitations.

Total available funding is up to \$240,000 (one institute) or up to \$480,000 (two institutes). Applicant organizations (colleges, universities, or NGOs) are invited to submit one application to host one or both Institutes.

If proposing to host one institute, the proposals should clearly indicate the desired country group from Section I.5 above if appropriate and any regional expertise, if applicable. ECA reserves the right to alter or reassign the final country groupings.

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.4 Program Regulations

IV.4.1 Adherence to All Regulations Governing the J Visa

The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR part 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to

participants, monitoring of participants, proper maintenance and security of forms, recordkeeping, reporting, and other requirements.

ECA will issue participant DS 2019 forms for organizations with direct agreements with ECA.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from: United States Department of State, Office Designation, Private Sector Programs Division, ECA/EC/D/PS, SA-5, 5th Floor, Department of State, Washington, DC 20037.

Please refer to Solicitation Package for further information.

IV.4.2 Diversity, Freedom, and Democracy Guidelines

Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.4.3 Program Monitoring and Evaluation

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that proposals include a draft survey questionnaire or other technique plus a description of a methodology used to link outcomes to original project objectives. The Bureau expects that the recipient organization

will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. An evaluation plan should include a description of project's objectives, anticipated project outcomes, and how and when outcomes will be measured (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. Applicants should also show how project objectives link to the goals of the program described in this RFGP.

Monitoring and evaluation plans should clearly distinguish between program *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. *Outcomes*, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage applicants to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. *Participant satisfaction* with the program and exchange experience.

2. *Participant learning*, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.

3. *Participant behavior*, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.

4. *Institutional changes*, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of a monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (*i.e.*, surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.5 Budget

IV.5.1 Applicants must submit SF-424A—"Budget Information—Non-Construction Programs" along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

IV.5.2 Allowable costs for the program include the following:

- (1) Institute staff salary and benefits.
- (2) Participant housing and meals.
- (3) Participant U.S. travel and per diem.
- (4) Textbooks, educational materials, and admissions fees.
- (5) Honoraria for guest speakers.
- (6) Follow-on programming for alumni of Study of the United States programs.

Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

IV.6.2 Submitting Electronic Applications

Applicants have the option of submitting proposals electronically through Grants.gov (<http://www.grants.gov>). Complete solicitation packages are available at Grants.gov in the "Find" portion of the system.

Please Note: Due to Recovery Act related opportunities, there has been a higher than usual volume of grant proposals submitted through Grants.gov. Potential applicants are advised that the increased volume may affect the grants.gov proposal submission process. As stated in this RFGP, ECA bears no responsibility for applicant timeliness of submission or data errors resulting from transmission or conversion processes for proposals submitted via Grants.gov

Please follow the instructions available in the "Get Started" portion of the site (<http://www.grants.gov/GetStarted>).

Several of the steps in the Grants.gov registration process could take several weeks. Therefore, applicants should check with appropriate staff within their organizations immediately after reviewing this RFGP to confirm or determine their registration status with Grants.gov.

Once registered, the amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your Internet connection. In addition, validation of an electronic submission via Grants.gov can take up to two business days.

Therefore, we strongly recommend that you not wait until the application deadline to begin the submission process through Grants.gov.

The Grants.gov Web site includes extensive information on all phases/aspects of the Grants.gov process, including an extensive section on frequently asked questions, located under the "For Applicants" section of the Web site. ECA strongly recommends that all potential applicants review thoroughly the Grants.gov Web site, well in advance of submitting a proposal through the Grants.gov system. ECA bears no responsibility for data errors resulting from transmission or conversion processes.

Direct all questions regarding Grants.gov registration and submission to: Grants.gov Customer Support, *Contact Center Phone:* 800-518-4726. *Business Hours:* Monday—Friday, 7 a.m.—9 p.m. Eastern Time. *E-mail:* support@grants.gov.

Applicants have until midnight (12 a.m.), Washington, DC time of the closing date to ensure that their entire application has been uploaded to the Grants.gov site. *There are no exceptions*

to the above deadline. Applications uploaded to the site after midnight of the application deadline date will be automatically rejected by the grants.gov system, and will be technically ineligible.

Please refer to the Grants.gov Web site, for definitions of various “application statuses” and the difference between a submission receipt and a submission validation. Applicants will receive a validation e-mail from grants.gov upon the successful submission of an application. Again, validation of an electronic submission via Grants.gov can take up to two business days. Therefore, we strongly recommend that you not wait until the application deadline to begin the submission process through Grants.gov. ECA will not notify you upon receipt of electronic applications.

It is the responsibility of all applicants submitting proposals via the Grants.gov Web portal to ensure that proposals have been received by Grants.gov in their entirety, and ECA bears no responsibility for data errors resulting from transmission or conversion processes.

IV.6.3 Intergovernmental Review of Applications Executive Order 12372 does not apply to this program.

V. Application Review Information

V.1. Review Process

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State’s Assistant Secretary for Educational and Cultural Affairs. Final technical authority for cooperative agreements resides with the Bureau’s Grants Officer.

V.2. Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. *Quality of Program Plan and Ability to Achieve Program Objectives:* Proposals should exhibit originality,

substance, precision, and relevance to the Bureau’s mission. A detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. Objectives should be reasonable, feasible, and flexible. Proposals should demonstrate clearly how the institution will meet the program’s objectives and plan.

2. *Support for Diversity:* Proposals should demonstrate substantive support of the Bureau’s policy on diversity. Achievable and relevant features should be cited in both program administration (program venue and program evaluation) and program content (orientation and wrap-up sessions, program meetings, presenters, and resource materials).

3. *Evaluation:* Proposals should include a plan to evaluate the activity’s success, both as the activities unfold and at the end of the program. The Bureau recommends that the proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives.

4. *Cost-effectiveness/Cost-sharing:* The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support, as well as institutional direct funding contributions.

5. *Institutional Track Record/Ability:* Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants. Proposed personnel and institutional resources should be fully qualified to achieve the project’s goals.

6. *Follow-Up and Follow-on Activities:* Proposals should discuss provisions made for follow-up with returned participants as a means of establishing longer-term individual and institutional linkages. Proposals should also provide a plan for continued follow-on activity (without Bureau support) ensuring that Bureau supported programs are not isolated events.
