

All RAC meetings are open to the public. The public may present written comments to the RAC. Each formal RAC meeting will also have time allocated for hearing public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited.

BILLING CODE 4312–51–P

DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[LLIDT03000.L14300000.EU0000; IDI–35323]

**Notice of Realty Action: Direct Sale of
Public Land in Blaine County, ID**

AGENCY: Bureau of Land Management,
Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land
Management (BLM) proposes to sell a
parcel of public land totaling 17 acres in
Blaine County, Idaho, to the Animal
Shelter of Wood River Valley (Animal
Shelter) for the appraised fair market
value of \$18,700.

DATES: Comments regarding the
proposed sale must be received by the
BLM January 6, 2011.

ADDRESSES: Written comments
concerning the proposed sale should be
sent to Ruth A. Miller, BLM Shoshone
Field Manager, 400 West F Street,
Shoshone, Idaho 83352.

FOR FURTHER INFORMATION CONTACT: Tara
Hagen, Realty Specialist, BLM Shoshone
Field Office, 400 West F Street,
Shoshone, Idaho 83352 or (208) 732–
7205.

SUPPLEMENTARY INFORMATION: The
following described public land is being
proposed for direct sale to the Animal
Shelter in accordance with Sections 203
and 209 of the Federal Land Policy and
Management Act of 1976, as amended,
(43 U.S.C. 1713 and 1719), at no less
than the appraised fair market value:

Boise Meridian

T. 2 N., R. 18 E.,
Sec. 17, lots 5, 6, and 7.

The area described contains 17 acres in
Blaine County.

The appraised fair market value is
\$18,700. The public land is identified as
suitable for disposal in the 1982 BLM
Sun Valley Management Framework
Plan, as amended, and is not needed for
any other Federal purposes.

The Animal Shelter is a non-profit
corporation that provides public
benefits to Blaine County (County)
residents in the form of an adoption
center, an impound facility for the
County and local cities, administration
of the county dog licensing program,
and an informational and educational
center. The Animal Shelter owns
approximately 5 acres of private land
abutting the east boundary of the
proposed sale parcel. The Animal
Shelter was issued a right-of-way for a
road and a fence that cross the 17-acre
subject parcel in August 1986 for a
period of 30 years. Within the last 20

years or so, the Animal Shelter has
inadvertently encroached upon a
portion of the 17-acre subject parcel
with infrastructure and associated uses.

The disposal of the 17 acres to the
Animal Shelter would allow the BLM to
support the local non-profit's and local
government's interest in acquiring
public lands; to extend community
services; to dispose of an isolated parcel
of public land; and would formally
resolve an inadvertent trespass by the
Animal Shelter.

Regulations contained in 43 CFR
2711.3–3 permit direct sales when a
competitive sale is inappropriate and
when the public interest would best be
served by a direct sale, including the
need to resolve inadvertent
unauthorized use or occupancy of the
lands, or when a tract is identified for
transfer to State or local government or
non-profit organizations. In accordance
with 43 CFR part 2710, the BLM
authorized officer finds that the public
interest would best be served by
authorizing the direct sale to the Animal
Shelter, which would allow the
identified lands to be consolidated with
their adjacent private property to be
used for purposes of an animal shelter
and would allow the existing
infrastructure and improvements on the
17-acre subject parcel to remain.

The subject parcel contains no known
mineral values; therefore, the BLM
proposes that the conveyance of the
Federal mineral interests occur
simultaneously with the sale of the
land. The Animal Shelter will be
required to pay a \$50 nonrefundable
filing fee for the conveyance of the
mineral interests.

On January 16, 2009, the above
described land was segregated from
appropriation under the public land
laws, including the mining laws. The
segregation terminates (1) Upon
issuance of a patent, (2) publication in
the **Federal Register** of a termination of
the segregation, or (3) 2 years from the
date of segregation, whichever occurs
first.

The land will not be sold before
January 21, 2011. Any patent issued will
contain the following terms, conditions,
and reservations:

1. A reservation to the United States
for ditches and canals constructed by
the authority of the United States under
the Act of August 30, 1890 (43 U.S.C.
945);

2. A condition that the conveyance be
subject to all valid existing rights of
record;

3. A notice and indemnification
statement under the Comprehensive
Environmental Response, Compensation
and Liability Act (42 U.S.C. 9620(W)),
