Type of Review: New.

Title of Collection: Integrated Evaluation of ARRA Funding, Implementation and Outcomes, Recruitment Package.

OMB Control Number: 1850-NEW.

Agency Form Number(s): N/A.

Frequency of Responses: Once.

Affected Public: State, Local, or Tribal Government, State Educational Agencies or Local Educational Agencies.

Total Estimated Number of Annual Responses: 5,551.

Total Estimated Annual Burden Hours: 1,509.

Abstract: On February 17, 2009, President Obama signed the American Recovery and Reinvestment Act (ARRA) into law (Pub. L. 111-5). ARRA supports investments in innovative strategies that are intended to lead to improved results for students, long-term gains in school and local education agency (LEA) capacity for success, and increased productivity and effectiveness.

This evaluation will focus on answering four sets of policy/research questions:

- To what extent did ARRA funds go to the intended recipients?
- Is ARRA associated with the implementation of the key reform strategies it promoted?
- What implementation supports and challenges are associated with ARRA?
- Is ARRA associated with improved outcomes?

The integrated evaluation will draw on existing data, including ED data collections, ED ARRA program files, ARRA required reporting, and databases of achievement and other outcomes. The evaluation will also collect new information through surveys of (1) the 50 states and the District of Columbia, (2) a nationally representative sample of school districts, and (3) a nationally representative sample of schools within the sampled school districts. Surveys are planned for spring 2011, spring 2012, and spring 2013. Subsamples of school districts will also be drawn to receive a smaller set of questions (polls); these polls will be administered twice between 2011 and 2013.

A report will be prepared in the first year of the evaluation to describe the distribution of funding. A report and

state tabulations will be prepared after each annual survey. The first report, based on the 2011 surveys, will focus on early ARRA implementation and strategies. The second report, based on the 2012 surveys, will expand upon strategies implemented under ARRA. The final report will draw upon existing data on outcomes as well as data from the 2013 surveys.

This collection is for the recruitment phase of the evaluation.

The program is mandated by the Help America Vote Act (HAVA) at 42 U.S.C. 15371.

DATES: Submit written or electronic comments on this draft procedural manual on or before 5 p.m. EDT on January 31, 2011.

ADDRESSES: Submit comments via e-mail to VotingSystemGuidelines@eac.gov; via mail to Brian Hancock, Director of Voting System Certification, U.S. Election Assistance Commission, 1201 New York Avenue, Suite 300, Washington, DC 20005; or via fax to 202-566-1392. FOR FURTHER INFORMATION CONTACT: Brian Hancock, Director, Voting System Certification, Washington, DC (202) 566-3100, Fax: (202) 566-1392.

SUPPLEMENTARY INFORMATION:

Background. HAVA requires that the EAC certify and decertify voting systems. Section 231(a)(1) of HAVA (42 U.S.C. 15371) specifically requires the EAC to “* * * provide for the testing, certification, decertification and recertification of voting system hardware and software by accredited laboratories.” To meet this obligation, the EAC has created a voluntary program to test voting systems to Federal voting system standards. The Voting System Testing and Certification Manual, published below, will set the procedures for this program.

In creating the Certification Manual in 2006 the EAC sought input from experts and stakeholders. Specifically, the EAC conducted meetings with representatives from the voting system test laboratory and voting system manufacturing community. The Commission also held a public hearing in which it received testimony from State election officials, the National Institute of Standards and Technology, academics, electronic voting system experts and public interest groups. Finally, the EAC sought input from the public.

EAC is required to resubmit the Testing and Certification Manual for renewal in accordance with Paperwork Reduction Act of 1995 requirements. The Testing and Certification Division has updated sections of the manual to reflect proposed changes in certification procedures. These sections are highlighted for ease of review.

Comments. Please submit comments consistent with the information below. Comments should identify and cite the section of the manual at issue. Where a substantive issue is raised, please propose a recommended change or alternative policy.

This notice is published in accordance with the Paperwork Reduction Act of 1995, to request comments regarding the burden of responding to the information collection activities of the proposed manual; please refer to the EAC's Web site, <http://www.eac.gov>, for further information about the submission of comments regarding burden.

Alice Miller,
Chief Operating Officer, U.S. Election Assistance Commission.
