Notice of Availability of the Final Environmental Impact Statement for the One Nevada Transmission Line (ON Line Project) Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared a Final Environmental Impact Statement (EIS) for the One Nevada Transmission Line (ON Line Project) and by this notice is announcing its availability.

DATES: The BLM will not issue a final decision on the proposal for at least 30 days after the date that the Environmental Protection Agency publishes its notice of availability in the *Federal Register*.

ADDRESSES: A list of locations where the One Nevada Transmission Line (ON Line Project) Final EIS can be reviewed is in the **SUPPLEMENTARY INFORMATION** section below. The Final EIS is also available online at: <http://www.blm.gov/nv/>. Click on the Ely District map and then click on the ON Line Final EIS "In the Spotlight."

FOR FURTHER INFORMATION CONTACT: Michael Dwyer at (702) 821-7102, e-mail: michael_dwyer@blm.gov.

SUPPLEMENTARY INFORMATION: The One Nevada Transmission Line (ON Line Project) Final EIS is available for review at the following locations:

—BLM Ely District Office, 702 North Industrial Way, Ely, Nevada
White Pine County Library, 950 Campton Street, Ely, Nevada
BLM Nevada State Office, 1340 Financial Blvd., Reno, Nevada
BLM Caliente Field Station, U.S. Highway 93, Caliente, Nevada
Caliente Branch Library, 100 Depot Avenue, Caliente, Nevada
BLM Southern Nevada District Office, 4701 North Torrey Pines, Las Vegas, Nevada
North Las Vegas Library, 2300 Civic Center Drive, North Las Vegas, Nevada
BLM Office of Public Affairs, Room 406-LS, 1620 L Street, Washington, DC

On March 30, 2009, the BLM received a right-of-way application and Plan of Development from NV Energy for a 236-mile-long 500 kilovolt (kV) transmission line and telecommunication facilities running generally from Ely to Las Vegas, Nevada; one new substation near Ely; a loop-in of an existing 345 kV transmission line at the new substation; an expansion of one existing substation on private land near Battle Mountain, Nevada; and appurtenant facilities and access roads. The project name is the One Nevada Transmission Line Project and is referred to as the "ON Line Project."

The components of the ON Line Project had been part of the 2006 Ely Energy Center (EEC) proposal for a coal fired power-generating facility that included rail lines, transmission lines with fiber optic cable, new and expanded substations, water well-fields and pipeline delivery systems, and associated facilities to be located mostly on public lands in White Pine, Lincoln, Nye, Elko, and Clark counties, Nevada. On January 26, 2007, the BLM published a Notice of Intent to prepare an EIS for the EEC and its associated facilities and held public scoping meetings (see 72 FR 3871). On January 2, 2009, the BLM published a Notice of Availability initiating a 90-day public comment period on its Draft EIS (see 74 FR 115). In February 2009, during the public comment period, the proponent made public its intention to postpone the coal-fired power generation facilities associated with the EEC in its proposal until carbon capture technology becomes commercially feasible.

On July 29, 2009, the BLM published in the *Federal Register* a Notice of Intent to develop an EIS for the ON Line project and invited the public to submit

scoping comments (see 74 FR 37728). An Draft EIS was developed for the following reasons: the ON Line proposed action was part of the EEC proposed action assessed in the EEC Draft EIS; removing the coal-fired power generation facilities from the application requires a change in the description of the purpose and need for the project; and the assessment of impacts in association with the power generation facilities in the Draft EIS are no longer applicable. The ON Line Draft EIS incorporated all appurtenant sections of the EEC Draft EIS along with new information such that it stands on its own. Applicable comments collected during the public comment period on the EEC Draft EIS were carried forward into the ON Line EIS process.

On November 20, 2009, the BLM published in the *Federal Register* a Notice of Availability for the Draft EIS for the ON Line project and initiated a 60-day public comment period (see 74 FR 60290). Public meetings on the Draft EIS were conducted in Las Vegas, Caliente, and Ely during December 2009. Nineteen comments were received and taken into consideration in the preparation of the Final EIS. Public comments identified potential conflicts with the Robinson Summit substation and resulted in an additional alternative site for the substation being added to the Final EIS.

The comments also identified the need to clarify several sections of the document.

Authority: 40 CFR 1506.6 and 1506.10.

Atanda Clark,

Acting Associate District Manager, Ely District.

Notice of Realty Action; Recreation and Public Purposes Act Classification, San Juan County, UT

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM) has examined and found suitable for classification for lease or conveyance to the Utah Division of Wildlife Resources (UDWR) under the provisions of the Recreation and Public Purposes (R&PP) Act, as amended, 20

acres of public land in San Juan County, Utah. The UDWR proposes to establish a public fishery in an existing reservoir.

DATES: Interested parties may submit written comments regarding this proposed classification until January 18, 2011.

ADDRESSES: Comments may be submitted to the BLM Moab Field Office, 82 East Dogwood Avenue, Moab, Utah 84532.

FOR FURTHER INFORMATION CONTACT: Jan Denney, BLM Moab Field Office, by phone at 435-259-2122 or by e-mail at Jan_Denney@blm.gov.

SUPPLEMENTARY INFORMATION: The BLM has examined and found the following described public land suitable for classification for lease or subsequent conveyance, under the provisions of the R&PP Act, as amended (43 U.S.C. 869 *et seq.*), and 43 CFR 2912 and 2740:

Salt Lake Meridian

T. 29 S., R. 24 E.,
Sec. 17, NW $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ and
NE $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$.

The area described contains 20.00 acres in San Juan County.

The land is not needed for any Federal purpose. The classification, and subsequent lease and/or conveyance, is consistent with the BLM Moab Resource Management Plan, dated October 31, 2008, Lands and Realty Decision LAR-5, Appendix G at G.1.4, and is in the public interest. An environmental assessment has been prepared that analyzes the UDWR application and proposed plans of development and management. Any lease and/or conveyance will be subject to the provisions of the R&PP Act, applicable regulations of the Secretary of the Interior, and the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945);
2. All minerals, together with the right to prospect for, mine, and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe.
3. An appropriate indemnification clause protecting the United States from claims arising out of the lessee's/patentee's use, occupancy, or operations on the leased/patented lands.
4. A written acceptance of all maintenance responsibilities for the claim and spillway and all obligations of the owners under 33 U.S.C. 467 *et seq.*

The lease/conveyance will also be subject to valid existing rights.

Upon publication of this notice in the **Federal Register**, the land described above will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the R&PP Act and leasing under the mineral leasing laws.

Classification Comments: Interested parties may submit comments involving the suitability of the land for a public fishery. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or whether the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application, whether the BLM followed proper administrative procedures in reaching the decision, or any other factors not directly related to the suitability of the land for a public fishery.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The BLM State Director will review any adverse comments. In the absence of any adverse comments, the classification will become effective February 1, 2011.

Authority: 43 CFR 2741.5 (h).

Juan Palma,

State Director.

[2280-665]

National Register of Historic Places; Notification of Pending Nominations and Related Actions

Nominations for the following properties being considered for listing or related actions in the National Register were received by the National Park Service before October 16, 2010. Pursuant to section 60.13 of 36 CFR Part

60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation. Comments may be forwarded by United States Postal Service, to the National Register of Historic Places, National Park Service, 1849 C St., NW., MS 2280, Washington, DC 20240; by all other carriers, National Register of Historic Places, National Park Service, 1201 Eye St., NW., 8th floor, Washington, DC 20005; or by fax, 202-371-6447. Written or faxed comments should be submitted by December 20, 2010.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
