Submission for OMB Review; Comment Request

December 2, 2010.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the

Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Blood and Tissue Collection at Slaughtering Establishments.

OMB Control Number: 0579-0212.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pest or diseases of livestock or poultry. The AHPA is contained in Title X, Subtitle E, Sections 10401-18 of Public Law 107-171, May 13, 2002, the Farm Security and Rural Investment Act of 2002. Veterinary Services, a program

within USDA's Animal and Plant Health Inspection Service (APHIS), administers regulations governing the interstate movement of animals to prevent the dissemination of animal disease within the United States. These regulations are contained in title 9 CFR, subchapter C, Interstate Transportation of Animals (including poultry) and Animal Products, part 71. The regulations also address animal testing for disease surveillance. APHIS will collect information using VS form 10-4 and 10-4A, Specimen Submission Form and Supplemental Sheet and VS form 10-5, Facility Inspection Report.

Need and Use of the Information: APHIS will collect information to identify specimens (blood and tissue) submitted for laboratory analysis and to identify the individual animal from which the specimen was taken as well as the animal's herd or flock; the type of specimen submitted, and the purpose for submitting the specimen. Without the information contained on the form, personnel at the National Veterinary Services Laboratories or other Federal laboratories would have no way of identifying or processing the specimens being sent to them for analysis.

Description of Respondents: Business or other for-profit.

Number of Respondents: 66.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 2,691.

Animal and Plant Health Inspection Service

Title: Phytophthora Ramorum; Quarantine and Regulations.

OMB Control Number: 0579-0310.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701 *et seq.*), the Secretary of Agriculture, either independently or in cooperation with the States, is authorized to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pest new to the United States or not widely distributed throughout the United States. Under "Subpart—Phytophthora Ramorum" (7 CFR 301.92 through 301.92-12, referred to as the regulation), USDA's Animal and Plant Health Inspection Service (APHIS) restricts the interstate movement of certain regulated and restricted articles from quarantined areas in California and Oregon to prevent the artificial spread of *Phytophthora ramorum*, the pathogen

that causes the plant disease commonly known as sudden oak death, ramorum left blight, and ramorum dieback.

Need and Use of the Information: APHIS will collect information through a compliance agreement to establish restrictions on the interstate movement of nursery stock from nurseries in non-quarantined counties in California, Oregon, and Washington. If California, Oregon, and Washington State did not comply with provisions by signing a compliance agreement, *P. ramorum* would have the potential to spread to eastern forests adversely impacting the ecosystem balances, foreign/domestic nursery stocks, and lumber markets.

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 1,425.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 2,263.

information collections are best assured of having their full effect if received within 30 days of this notification.

Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Agricultural Marketing Service

Title: Reporting and Recordkeeping Requirements for 7 CFR part 29.

OMB Control Number: 0581-0056.

Summary of Collection: The Fair and Equitable Tobacco Reform Act of 2004 (7 U.S.C. 518) eliminated price supports and marketing quotas for all tobacco beginning with the 2005 crop year. Mandatory inspection and grading of domestic and imported tobacco was eliminated as well as the mandatory pesticide testing of imported tobacco and the tobacco Market News Program. The Tobacco Inspection Act (U.S.C. 511) requires that all tobacco sold at designated auction markets in the U.S. be inspected and graded. Provision is also made for interested parties to request inspection, pesticide testing and grading services on an "as needed" basis.

Need and Use of the Information: Information is collected through various forms and other documents for the inspection and certification process. Upon receiving request information from tobacco dealers and/or manufacturers, tobacco inspectors will pull samples and apply U.S. Standard Grades to samples to provide a Tobacco Inspection Certificate (TB-92). Also, samples can be submitted to a USDA laboratory for pesticide testing and a detailed analysis is provided to the customer.

Description of Respondents: Business or other for-profit.

Number of Respondents: 50.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 3,851.

Agricultural Marketing Service

Title: USDA Food Connect Web site.

OMB Control Number: 0581-0224.

Summary of Collection: The USDA Food Connect Web site (previously known as the USDA Food and Commodity Connection Web site) operates pursuant to the authority of Section 32 of Public Law 320, Section 8 of the Child Nutrition Act of 1966 (42

U.S.C. 1777) and the National School Lunch Program, 7 CFR part 210. It was developed to assist the institutional food service community across the United States. The Web site focuses on providing information to institutional food service professions, as well as providing a platform for processors, distributors, and brokers to post information about their processed USDA supplied commodities and other commercial food products available for institutional food service purchase. The USDA Food Connect Web site provides food related associations a location to provide information on services and materials available from the organization. The Web site is a public Web site and the information provided is considered as public information.

Need and use of the Information: The USDA Food Connect Web site will collect all information electronically at one time upon registration. Each new user must create their individual login and password. There are five types of users; institutional food service professionals, processors, distributors, brokers and food related associations. The Food Connect Web site is designed as a central location in which institutional food service professionals, who provide meals in institutional settings, can locate processors who manufacture foods utilizing USDA provided commodities, distributors who distribute the manufactured food, brokers who represent the processors, and food related associations. No information is collected from a user when they access the Web site as a guest.

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 850.

Frequency of Responses: Reporting: Other (One Time).

Total Burden Hours: 280.

Agricultural Marketing Service

Title: Domestic Origin Verification System Questionnaire and Regulations Governing Inspection and Certification of Processed Fruits and Vegetables and Related Products.

OMB Control Number: 0581-0234.

Summary of Collection: The Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627) directs and authorizes the Department to develop standards of quality, grades, grading programs, and other services to facilitate trading of agricultural products and assure consumers of quality products which are graded and identified under USDA programs. The voluntary inspection and grading services of processed fruits and vegetables are on a fee for service basis. The collection of
