

I. Additional Information About the Proposed Consent Decree

This proposed consent decree would resolve a lawsuit alleging that the Administrator failed to perform a nondiscretionary duty to grant or deny, within 60 days of submission, an administrative petition to object to a CAA Title V permit issued by the Kentucky Department of Air Quality to the Tennessee Valley Authority's Paradise Fossil Plant in Drakesboro, Kentucky. Under the terms of the proposed consent decree, EPA has agreed to respond to the petition by February 9, 2011. In addition, the proposed consent decree further states that EPA shall deliver notice of such action to the Office of the Federal Register for prompt publication and shall within 15 business days following signature, if EPA's response contains an objection in whole or in part, transmit the signed response to the Kentucky Department of Air Quality. The proposed consent decree states that after EPA fulfills its obligations under the decree, the case shall be dismissed with prejudice.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the CAA. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the decree will be affirmed.

II. Additional Information About Commenting on the Proposed Consent Decree

A. How can I get a copy of the consent decree?

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2010-1051) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744,

and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through <http://www.regulations.gov>. You may use <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search".

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at <http://www.regulations.gov> without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD-ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your

comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <http://www.regulations.gov> Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through <http://www.regulations.gov>, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Dated: December 15, 2010.

Richard B. Ossias,

Associate General Counsel.

BILLING CODE 6570-01-P

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Proposed Revision of Information Collection; Comment Request

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice and request for comment.

The FDIC, as part of its continuing effort to reduce paperwork and respondent burden and as required by the Paperwork Reduction Act of 1995 (44 USC chapter 35), invites the general public and other Federal agencies to comment on proposed revisions to the survey collection instruments for its second *National Survey of Banks' Efforts to Serve the Unbanked and Underbanked*, currently approved under OMB Control No. 3064-0158, scheduled to be conducted in mid-2011. The collection is mandated by section 7 of the Federal Deposit Insurance Reform Conforming Amendments Act of 2005 ("Reform Act") (Pub. L. 109-173), which calls for the FDIC to conduct ongoing surveys on efforts by insured depository institutions to bring those individuals and families who have rarely, if ever, held a checking account, a savings account or other type of transaction or check cashing account at an insured depository institution (hereafter in this section referred to as the 'unbanked') into the conventional finance system." In addition to gathering information on the efforts of FDIC-insured depository institutions to bring unbanked individuals and families into the conventional finance system, the Bank Survey collects information on their efforts to serve underbanked populations. Underbanked populations include individuals who have an account with an insured depository but also rely on nonbank alternative financial service providers for

transaction services or high cost credit products.

DATES: Comments must be submitted on or before February 22, 2011.

ADDRESSES: Interested parties are invited to submit written comments by any of the following methods. All comments should refer to the "National Survey on Banks' Efforts to Serve the Unbanked and Underbanked": <http://www.FDIC.gov/regulations/laws/federal/>.

E-mail: comments@fdic.gov. Please include the name and number of the collection in the subject line of the message.

Mail: Leneta Gregorie (202-898-3719), Counsel, Legal Division, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

Hand Delivery: Comments may be hand-delivered to the guard station at the rear of the 550 17th Street Building (located on F Street), on business days between 7 a.m. and 5 p.m.

FOR FURTHER INFORMATION CONTACT:

Interested members of the public may obtain additional information about the collection, including a copy of the proposed collection and related instructions, without charge, by contacting Leneta Gregorie at the address identified above, or by calling (202) 898-3719. Copies of the survey instruments may also be accessed online, at <http://www.fdic.gov/regulations/laws/federal/index.html>, directly beneath the link to this **Federal Register** notice.

SUPPLEMENTARY INFORMATION: The *National Survey on Banks' Efforts to Serve the Unbanked and Underbanked* (Bank Survey) collection of information consists of two related survey instruments: (1) a survey of insured depository institution headquarters offices regarding business strategies for serving the unbanked and underbanked; and (2) a survey of branches of insured depository institutions regarding specific methods used to reach the underserved and specific products and services offered at each location. The estimated burden for the surveys is as follows:

1. Headquarters Survey

OMB Number: 3064-0158.

Frequency of Response: once.

Affected Public: FDIC-insured depository institutions headquarters offices.

Estimated Number of Respondents: 480.

Estimated Time per Response: 30 minutes per respondent.

Estimated Burden: 0.5 hours × 480 respondents = 240 hours.

2. Branch Office Survey

OMB Number: 3064-0158.

Frequency of Response: Once.

Affected Public: FDIC-insured depository institutions branch offices.

Estimated Number of Respondents: 1,300.

Estimated Time per Response: 30 minutes per respondent.

Estimated Burden: 0.5 hours × 1,300 respondents = 650 hours.

Total estimated burden for this collection: 240 hours + 650 hours = 890 hours.

General Description of Collection

The FDIC has a number of initiatives underway to encourage practical solutions to ensure that all consumers have reasonable access to full service banking and other financial services. The FDIC believes that insured depositories can provide a path into the financial mainstream for those who need these financial services, and that depository institutions can create an array of affordable lending services to meet the needs of all their customers. Currently a significant segment of the population relies on a mix of non-bank financial service providers for their needs. The FDIC has undertaken a series of investigations in this area, including the Bank Survey. The survey is mandated by section 7 of the Reform Act, which calls for the FDIC to conduct ongoing surveys "on efforts by insured depository institutions to bring those individuals and families who have rarely, if ever, held a checking account, a savings account or other type of transaction or check cashing account at an insured depository institution (hereafter in this section referred to as the 'unbanked') into the conventional finance system." The Reform Act specifically mandates that the FDIC consider the following factors and questions in conducting the survey:

"(A) To what extent do insured depository institutions promote financial education and financial literacy outreach?"

"(B) Which financial education efforts appear to be the most effective in bringing 'unbanked' individuals and families into the conventional finance system?"

"(C) What efforts are insured institutions making at converting 'unbanked' money order, wire transfer, and international remittance customers into conventional account holders?"

"(D) What cultural, language and identification issues as well as transaction costs appear to most prevent 'unbanked' individuals from establishing conventional accounts?"
