SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The Uniformed Services Employment and Reemployment Rights Act (USERRA) requires that persons who serve or have served in the Armed Forces, Reserves, National Guard or other "uniformed services:" (1) Are not disadvantaged in their civilian careers because of their service; (2) are promptly reemployed in their civilian jobs upon their return from duty; and (3) are not discriminated against in employment based on past, present, or future military service. The Act covers members of the Uniformed Services, any other category of persons designated by the President in time of war or national emergency, and their government and civilian employers. It is the responsibility of the Employer Support of the Guard and Reserve (ESGR) to promote cooperation and understanding between Reserve component members and their civilian employers and to assist in the resolution of conflicts arising from an employee's military commitment. The Department of Defense Focus Groups of Employers are being conducted using a stratified cluster sampling design to provide in-depth information to determine best practices of ESGR in supporting employers of Reserve and Guard members and to evaluate the effectiveness of ESGR and DoD programs. The information collected is used in conjunction with survey information collected on a statistically random and nationally-representative basis. The information collected is used for overall program evaluation, management and improvement.

Title, Associated Form, and OMB Number: Base Realignment and Closure (BRAC) Military Base Reuse Status, DD Form 2740, OMB Control Number 0790-0003.

Needs and Uses: Through the Office of Economic Adjustment (OEA), Department of Defense funds are provided to communities for economic adjustment planning in response to closures of military installations. A measure of program evaluation is the monitoring of civilian job creation and type of redevelopment at the former military installations. The respondents to the annual survey will generally include a single point of contact at the local level who is responsible for overseeing redevelopment efforts. If this data is not collected, Office of Economic Adjustment would have no accurate, timely information regarding the civilian reuse of former military bases. A key function of the economic adjustment program is to encourage private sector use of lands and buildings to generate jobs as military activity diminishes and to serve as a clearinghouse for reuse data.
