Health Insurance Issuers Implementing Medical Loss Ratio (MLR) Requirements Under the Patient Protection and Affordable Care Act; Corrections to the Medical Loss Ratio Interim Final Rule With Request for Comments

AGENCY: Office of Consumer Information and Insurance Oversight (OCIO), HHS.

ACTION: Correction of interim final rule with request for comments.

SUMMARY: This document corrects technical errors that appeared in the interim final rule with request for comments that appeared in the December 1, 2010 **Federal Register** (FR Doc 2010-29596 (75 FR 74864)) entitled "Health Insurance Issuers Implementing Medical Loss Ratio (MLR) Requirements Under the Patient Protection and Affordable Care Act."

DATES: *Effective Date:* January 1, 2011.

FOR FURTHER INFORMATION CONTACT:

Carol Jimenez, (301) 492-4457.

SUPPLEMENTARY INFORMATION:

I. Background

In the interim final rule with request for comments that appeared in the December 1, 2010 **Federal Register** (FR Doc 2010-29596 (75 FR 74864)), there were technical and typographical errors that are identified and corrected in the Correction of Errors section below. The provisions in this correction notice are effective as if they had been included in the December 1, 2010 interim final rule with request for comments entitled "Health Insurance Issuers Implementing Medical Loss Ratio (MLR) Requirements under the Patient Protection and Affordable Care Act."

Accordingly, the corrections are effective January 1, 2011.

II. Summary of Errors

In the regulation text and preamble sections regarding the scope of the regulation, on pages 74921 and 74867, respectively, we are correcting a typographical error by replacing the Public Health Service Act section reference from "2718(b)(A)(ii)" to "2718(b)(1)(A)(ii)".

In the regulation text section regarding exceptions to the general aggregate reporting requirements (§ 158.120(d)) we are making two changes. On page 74922 (§ 158.120(d)(1)), we are replacing the words "State that has jurisdiction over" the certificate of coverage, which was inadvertently used, with "issue State of" the certificate of coverage. The correct phrase was inadvertently deleted and should be corrected.

On page 74923 (§ 158.120(d)(4)), we are inserting the words "non-U.S." before "citizens working in their home country." The words "non-U.S." were inadvertently omitted and are necessary to make clear that this exception does not apply to U.S. citizens working in their home country. We have corrected

the preamble section on page 74871 as well to reflect this revision to the text.

On page 74923 (§ 158.140(a)(1)), regarding group conversion charges, we are adding a sentence that we inadvertently omitted. The sentence clarifies paragraph(a)(1) with respect to an issuer that transfers portions of earned premium associated with group conversion privileges between group and individual lines of business in its Annual Statement accounting.

Also on page 74923, we are deleting a phrase from §§ 158.140(a)(2) and (3), regarding reimbursement for clinical services provided to enrollees. The preamble makes clear we intended to adopt the NAIC model regulation language, which does not include this phrase. The phrase had appeared in an earlier draft of the NAIC model regulation, and was correctly deleted from part of the interim final rule, but was inadvertently retained in subparagraphs (a)(2) and (3). Because the preamble makes clear that we intended to adopt the NAIC model regulation language, and the inconsistency between § 158.140(a)(1) and §§ 158.140(a)(2)and(3) creates an ambiguity that may cause confusion, we believe it should be corrected.

On page 74923, in two subsections regarding adjustments to incurred claims (§§ 158.140(b)(2) and (4))we are also replacing the words "may" and "can" with the word "must" to indicate that such adjustments are mandatory. This misuse of "may" and "can" was inadvertent and should be corrected.

We correct an inadvertent omission in § 158.140(b)(5)(i) on page 74924, regarding the choice by affiliated issuers who offer blended rates to choose whether to make an adjustment to each affiliate's incurred claims and activities to improve health care quality to reflect the experience of the issuer with respect to the employer as a whole. We

inadvertently omitted the requirement that if an issuer makes this choice, it must apply it for a minimum of 3 MLR reporting years. This correction is necessary in order to implement this option accurately.

We are also correcting an inadvertent discrepancy between the NAIC model regulation and the interim final rule regarding the treatment of fraud recovery expenses. We are, first, deleting the phrase “other than fraud detection/recovery expenses up to the amount recovered that reduces incurred claims” from § 158.150(c)(8) of the interim final rule on page 74925, because in the NAIC model regulation this language does not apply to expenses that improve health care quality. We are then amending § 158.140(b)(2) of the interim final rule, on page 74923, to add language from the NAIC model regulation regarding fraud recovery expenses. This changes how the fraud recovery amounts in question are labeled. The correction has no substantive effect on the medical loss ratio calculation. We are also amending the preamble to reflect this correction, by deleting two sentences from page 74874 and by changing two phrases on page 74876, and by deleting a parenthetical on page 74875.

On page 74925, we are also redesignating § 158.161 as § 158.162 and revising the section heading from “Reporting of Federal and State licensing and regulatory fees” to “Reporting of Federal and State taxes.” On page 74926, we are also revising subparagraph (b)(1)(vii)(B) of this newly redesignated section, to add language that we inadvertently omitted. In addition, we are adding a new § 158.161 to replace text that had been unintentionally deleted, but referenced in the preamble.

We are adding the words “or non-credible” after “partially credible” in § 158.231(c)(2) on page 74928, which were inadvertently omitted. Adding these words is consistent with other sections of the regulation and is consistent with the preamble section on page 74882 regarding this subject.

Finally, we are correcting several typographical errors that appear in Table 2 to § 158.232 and in the preamble regarding Table 2, on pages 74928 and 74882 respectively.

III. Waiver of Proposed Rulemaking and Waiver of the Delay in Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect in accordance with § 553(b)

of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive this notice and comment procedure if the Secretary finds, for good cause, that the notice and comment process is impracticable, unnecessary, or contrary to the public interest, and incorporates a statement of the finding and the reasons therefore in the notice.

Section 553(d) of the APA (5 U.S.C. 553(d)) ordinarily requires a 30-day delay in effective date of final rules after the date of their publication in the **Federal Register**. This 30-day delay in effective date can be waived, however, if an agency finds for good cause that the delay is impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings and its reasons in the rule issued.

This document merely corrects typographical and technical errors made in the MLR interim final rule with request for comments published in the **Federal Register** on December 1, 2010 (FR Doc. 2010–29596) under the Patient Protection and Affordable Care Act, which will be effective on January 1, 2011. The corrections contained in this document are consistent with and do not make substantive changes to the policies adopted in the MLR interim final rule with request for comments. The preamble to the MLR interim final rule with request for comments correctly refers to and discusses the substance of the sections affected by this technical correction and the table of contents correctly refers to the section headings that are the subject of this technical correction. Therefore, we find for good cause that it is unnecessary and would be contrary to the public interest to undertake further notice and comment procedures to incorporate these corrections.

For the same reasons, we are also waiving the 30-day delay in effective date for these corrections. We believe that it is in the public interest to ensure that the Interim Final Rule setting forth Health Insurance Issuers Implementing Medical Loss Ratio (MLR) Requirements accurately states our policies as of the date they take effect. Therefore, we find that delaying the effective date of these corrections beyond the effective date of the MLR interim final rule with request for comments would be contrary to the public interest. In doing so, we find good cause to waive the 30-day delay in the effective date.
