

hours (3 responses \times 2 hours = 6 hours). The total cost of compliance for the annual burden is \$1,510.50 (\$316 \times 1.5 hours per response + \$59 \times 0.5 hours per response = \$503.50 per response; \$503.50 \times 3 responses = \$1,510.50). In addition, estimated overhead costs for printing, copying, and postage equal to 35% of the value of labor costs amount to \$176.23 per respondent (\$503.5 times 35%). Thus, the Commission estimates the total annualized cost burden would be \$528.69 (\$176.23 \times 3 respondents).

An estimated two respondents will meet certain volume thresholds requiring them to establish standards for granting access on its trading system. The Commission estimates that the average compliance burden for each response would be 5 hours of in-house professional work at \$316 per hour. Thus, the total compliance burden per year is 10 hours (2 responses \times 5 hours = 10 hours). The total cost of compliance for the annual burden is \$3,160 (\$316 \times 5 hours per response \times 2 responses = \$3,160). In addition, estimated overhead costs for printing, copying, and postage equal to 35% of the value of labor costs amount to \$553 per response (\$1,580 times 35%). Thus, the Commission estimates the total annualized cost burden would be \$1,106 (\$553 \times 2 respondents).

An estimated two respondents will meet certain volume thresholds requiring them to provide notice to any user upon any decision to deny or limit that user's access to the system, and these notice obligations will be triggered an estimated 27 times per year for each respondent. The Commission estimates that the average compliance burden for each response would be 1 hour of in-house professional work at \$316 per hour. Thus, the total compliance burden per year is 54 hours (2 respondents \times 27 responses each \times 1 hour = 54 hours). The total cost of compliance for the annual burden is \$17,064 (\$316 \times 1 hour per response \times 54 responses = \$17,064). In addition, estimated overhead costs for printing, copying, and postage equal to 35% of the value of labor costs amount to \$110.60 per response (\$316 times 35%). Thus, the Commission estimates the annualized cost burden for each respondent would be \$2,986.20 (\$110.60 \times 27 responses per respondent) and the total annualized cost burden for all respondents would be \$5,972.40 (\$110.60 \times 2 respondents \times 27 responses per respondent).

An estimated two respondents will meet certain volume thresholds requiring them to keep records relating to any steps taken to comply with systems capacity, integrity, and security requirements under Rule 301. The

Commission estimates that the average compliance burden for each response would be 10 hours of in-house professional work at \$316 per hour. Thus, the total compliance burden per year is 20 hours (2 respondents \times 10 hours = 20 hours). The total cost of compliance for the annual burden is \$6,320 (\$316 \times 20 hours = \$6,320). In addition, estimated overhead costs for printing, copying, and postage equal to 35% of the value of labor costs amount to \$1,106 per response (\$3,160 times 35%). Thus, the Commission estimates the total annualized cost burden would be \$2,212 (\$1,106 \times 2 respondents).

An estimated two respondents will meet certain volume thresholds requiring them to provide a notice to the Commission to report any systems outages, and these notice obligations will be triggered an estimated 5 times per year for each respondent. The Commission estimates that the average compliance burden for each response would be .25 hours of in-house professional work at \$316 per hour. Thus, the total compliance burden per year is 2.5 hours (2 respondents \times 5 responses each \times .25 hours = 2.5 hours). The total cost of compliance for the annual burden is \$790 (\$316 \times .25 hours per response \times 10 responses = \$790). In addition, estimated overhead costs for printing, copying, and postage equal to 35% of the value of labor costs amount to \$27.65 per response (\$79 times 35%). Thus, the Commission estimates the annualized cost burden for each respondent would be \$138.25 (\$27.65 \times 5 responses per respondent) and the total annualized cost burden for all respondents would be \$276.50 (\$27.65 \times 2 respondents \times 5 responses per respondent).

The purpose of this filing is to modify participant fees. The fee changes are effective as of January 1, 2011.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FICC included statements concerning

the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FICC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Government Securities Division ("GSD")

(a) The fee structure for submission of a side of a trade and submission of a Repo Transaction is revised to reflect the following:

	Current fee	2011 proposed fee
Up to 50,000 submissions per month	\$0.21 per item	\$0.27 per item.
50,001 to 100,000 submissions per month	\$0.12 per item	\$0.15 per item.

(b) The following Netting Fee and Charges have been revised as follows:

	Current fee	2011 proposed fee
1. For each side of a Compared Trade, other than a Repo Transaction, that is netted, a fee equaling the sum (in addition to the comparison fee) of:	(i) \$0.16; and (ii) \$0.016 per \$1 million of par value.	(i) \$0.18; and (ii) \$0.018 per \$1 million of par value.
2. For each Start Leg or Close Leg of a Repo Transaction other than a GCF Repo Transaction that is netted, a fee equaling the sum (in addition to the comparison fee) of:	(i) \$0.16; and (ii) \$0.016 per \$1 million of par value.	(i) \$0.18; and (ii) \$0.018 per \$1 million of par value.

(c) Currently, the charge to a member for the processing and reporting by the GSD of a GCF Repo[®] transaction is \$.05 per million gross dollar amount of such transaction with a minimum charge of \$2.50. The current charge makes no distinction between inter-dealer broker members and non-inter-dealer broker members. The proposed new charge will apply different charges to inter-dealer broker members and non-inter-dealer broker members. Specifically, the charge for non-inter-dealer broker members will remain unchanged at \$.05 per million with a minimum charge of \$2.50. The charge for inter-dealer brokers will be \$.025 per million with a minimum charge of \$1.25.

(d) The charge for each Deliver Obligation and Receive Obligation created as a result of the netting process is a fee of \$0.10 per \$1 million of par value. This fee is being increased to \$0.15 per \$1 million.

(e) Repo Transaction Processing Fee.

a. For a term Repo Transaction other than a GCF Repo Transaction that has

been compared and netted, but which has not yet settled, a fee calculated as follows:

i. For Repo Brokers (as defined in subsection III.H of the GSD Fee Structure) with respect to their brokered Repo Transaction activity, a .010 basis point charge (*i.e.*, one hundredth of a basis point) applied to the gross dollar amount of each such Repo Transaction is currently in effect. This will be increased to 0.0175 basis point charge (*i.e.* one and three quarter hundredth of a basis point) and

ii. For all other Netting Members, as well as Repo Brokers with respect to their non-brokered Repo Transaction activity, a .020 basis point charge (*i.e.*, two hundredths of a basis point) applied to the gross dollar amount of each such Repo Transaction is currently in effect. This will be increased to a 0.025 basis point charge (*i.e.* two and a half hundredth of a basis point).

b. For a GCF Repo Transaction that has been compared and netted, but

which has not yet settled, a fee calculated as follows:

i. For Repo Brokers acting as GCF-Authorized-Inter-Dealer Brokers, a .010 basis point charge (*i.e.*, one hundredth of a basis point) applied to the gross dollar amount of such GCF Repo Transaction. This will be increased to 0.0175 basis point charge (*i.e.*, one and three quarter hundredths of a basis point) applied to the gross dollar amount of such GCF Repo Transaction and

ii. For all other Netting Members, a .020 basis point charge (*i.e.*, two hundredths of a basis point) applied to the gross dollar amount of such GCF Repo Transaction. This will be increased to 0.025 basis point charge (*i.e.*, two and one half hundredths of a basis point) applied to the gross dollar amount of such GCF Repo Transaction.

2. Mortgage Backed Securities Division ("MBSD") Fee Changes

The MBSD fee structure is revised to reflect the following:

	Current old fee	2011 proposed fee
	Par value millions	Par value millions
Up to 2,500 trades per month	\$1.44	\$1.68
2,501 to 5,000 trades per month	1.32	1.54

	Current old fee	2011 proposed fee
	Par value millions	Par value millions
5,001 to 7,500 trades per month	1.19	1.39
7,501 to 10,000 trades per month	1.11	1.30
10,001 to 12,500 trades per month	0.98	1.15
12,501 and over trades per month	0.85	0.99

FICC states that the proposed rule change is consistent with the requirements of Section 17A of the Act⁴ and the rules and regulations thereunder because it updates FICC's fee schedule and provides for the equitable allocation of fees among its participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

FICC does not believe that the proposed rule change will have any impact or impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

FICC has not solicited or received written comments relating to the proposed rule change. FICC will notify the Commission of any comments it receives.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁵ and Rule 19b-4(f)(2)⁶ because the proposed rule change establishes or changes a due, fee, or other charge applicable only to a member. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act
