DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****National Estuarine Research Reserve System**

AGENCY: Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Notice of Public Comment Period for the revised Jobs Bay National Estuarine Research Reserve Management Plan.

SUMMARY: Notice is hereby given that the Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce is announcing a thirty day public comment period for the review of the revised Jobs Bay National Estuarine Research Reserve Management Plan.

The Jobs Bay National Estuarine Research Reserve was designated in 1981 pursuant to Section 315 of the Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1461. The Reserve has been operating in partnership with the Puerto Rico Department of Natural and Environmental Resources under a management plan approved in 2000. Pursuant to 15 CFR Section 921.33(c), a state must revise their management plan every five years. The submission of this plan fulfills this requirement and sets a course for successful implementation of the goals and objectives of the Reserve.

Since 2000, the Reserve has added an estuary training program that delivers

science-based information to key decision makers in Puerto Rico; completed a characterization of the Reserve's benthic habitats and watershed land use and land cover; acquired new parcels of land behind the visitor center and in the offshore keys; constructed a new pier to support reserve operations; and expanded the monitoring, stewardship and education programs.

Notable updates in the 2011–2016 management plan include priorities for new facilities, updated programmatic objectives, and a boundary expansion to include the lands that have been purchased since the last management plan was approved. The additional parcels included in the reserve boundary include 416.9 acres of mangrove, upland forest and salt flat habitats.

The revised management plan outlines the administrative structure; the education, stewardship, and research goals of the Reserve; and the plans for future land acquisition and facility development to support Reserve operations. This management plan describes how the strengths of the Reserve will focus on several issues relevant to the Jobs Bay, Puerto Rico and the broader Caribbean region, including sea level rise and other effects of climate change, development pressure, and tourism.

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Joint Canada-U.S. Review Panel (Panel) for Pacific hake/whiting will hold a work session that is open to the public.

DATES: The Joint Canada-U.S. Review Panel will be held beginning at 9 a.m., Monday, February 7, 2011 and end at 5:30 p.m. or as necessary to complete business for the day. The Panel will reconvene on Tuesday, February 8 and will continue through Friday, February 11, 2011 beginning at 8 a.m. and ending at 5:30 p.m. each day, or as necessary to complete business. The Panel will adjourn by noon on Friday, February 11.

ADDRESSES: The Joint Canada-U.S. Review Panel for Pacific hake/whiting will be held at the Hotel Deca, 4507 Brooklyn Avenue, NE., Seattle, WA 98105; *telephone:* (1–800) 899–0251.

Council address: Pacific Fishery Management Council (Pacific Council), 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384.

FOR FURTHER INFORMATION CONTACT: Ms. Stacey Miller, NMFS Northwest Fisheries Science Center; *telephone:* (541) 961–8475; or Mr. John DeVore, Pacific Fishery Management Council; *telephone:* (503) 820–2280.

SUPPLEMENTARY INFORMATION: The purpose of the Joint Canada-U.S. Review Panel for Pacific hake/whiting is to review draft 2011 stock assessment documents and any other pertinent information for Pacific hake/whiting, work with the Stock Assessment Team to make necessary revisions, and produce a Joint Canada-U.S. Review Panel report for use by the Pacific Council family and other interested persons for developing management recommendations for 2011 fisheries. No management actions will be decided by the Panel. The Panel's role will be development of recommendations and reports for consideration by the Pacific Council at its March meeting in Vancouver, WA.

Although non-emergency issues not contained in the meeting agenda may come before the Panel participants for discussion, those issues may not be the subject of formal Joint Canada-U.S. Review Panel action during this meeting. Panel action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Panel participants' intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: January 7, 2011.
