BILLING CODE 4160–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Pub. L. 104–13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection

plans and draft instruments, e-mail paperwork@hrsa.gov or call the HRSA Reports Clearance Officer on (301) 443–1129.

Comments are invited on: (a) The proposed collection of information for the proper performance of the functions of the Agency; (b) the accuracy of the Agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Children’s Hospitals Graduate Medical Education Payment Program (CHGME Payment Program) (OMB No. 0915–0247)—[Revision]

The CHGME Payment Program was enacted by Public Law 106–129 and reauthorized by Public Law 109–307 to provide federal support for graduate medical education (GME) to freestanding children’s hospitals. This legislation attempts to provide support for GME comparable to the level of Medicare GME support received by other, non-children’s hospitals. The legislation indicates that eligible children’s hospitals will receive payments for both direct and indirect medical education. Direct payments are designed to offset the expenses associated with operating approved graduate medical residency training programs and indirect payments are designed to compensate hospitals for

expenses associated with the treatment of more severely ill patients and the additional costs relating to teaching residents in such programs. The CHGME Payment Program application forms received OMB clearance on June 30, 2010. Centers for Medicare and Medicaid Services (CMS) final rule regarding Sections 5503, 5504, 5505 and 5506 of the Affordable Care Act of 2010, Public Law 111–148, published in the **Federal Register** on Wednesday, November 24, 2010, requires some modification of the data collection within the CHGME Payment Program application. The CHGME Payment Program application forms have been adjusted to accommodate CMS policy and require OMB approval.

Data are collected on the number of full-time equivalent residents in applicant children’s hospitals’ training programs to determine the amount of direct and indirect medical education payments to be distributed to participating children’s hospitals. Indirect medical education payments will also be derived from a formula that requires the reporting of discharges, beds, and case mix index information from participating children’s hospitals. Hospitals will be requested to submit such information in an annual application. Hospitals will also be requested to submit data on the number of full-time equivalent residents a second time during the federal fiscal year to participate in the reconciliation payment process.

The estimated annual burden is as follows:

Form	Number of respondents	Responses per respondent	Total number of responses	Hours per response	Total burden hours
HRSA 99–1 (Initial Application)	60	1	60	26.5	1,590
HRSA 99–1 (Reconciliation Application)	60	1	60	6.5	390
HRSA 99–2 (Initial Application)	60	1	60	11.33	679.8
HRSA 99–2 (Reconciliation Application)	60	1	60	3.67	220.2
HRSA 99–3 (Initial Application)	60	1	60	0.5	30
HRSA 99–3 (Reconciliation Application)	60	1	60	0.5	30
HRSA 99–4 (Reconciliation Application)	60	1	60	12.5	750
HRSA 99–5 (Initial Application)	60	1	60	.33	19.8
HRSA 99–5 (Reconciliation Application)	60	1	60	.33	19.8
Total	60	60	3729.6

E-mail comments to paperwork@hrsa.gov or mail them to the HRSA Reports Clearance Officer, Room 10–33, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: January 10, 2011.

Robert Hendricks,

Director, Division of Policy and Information Coordination.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Institute on Drug Abuse; Notice of Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is

hereby given of a meeting of the National Advisory Council on Drug Abuse.

The meeting will be open to the public as indicated below, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Advisory Council on Drug Abuse.

Date: February 2, 2011.

Closed: 8:30 a.m. to 12 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Conference Rooms C & D, Rockville, MD 20852.

Open: 12 p.m. to 2:45 p.m.

Agenda: This portion of the meeting will be open to the public for announcements and reports of administrative, legislative and program developments in the drug abuse field.

Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Conference Rooms C & D, Rockville, MD 20852.

Contact Person: Teresa Levitin, PhD, Director, Office of Extramural Affairs, National Institute on Drug Abuse, NIH, DHHS, Room 4243, MSC 9550, 6001 Executive Boulevard, Bethesda, MD 20892–89550, (301) 443–2755, tlevitin.nida.nih.gov.

Any member of the public interested in presenting oral comments to the committee may notify the Contact Person listed on this notice at least 10 days in advance of the meeting. Interested individuals and representatives of organizations may submit a letter of intent, a brief description of the organization represented, and a short description of the oral presentation. Only one representative of an organization may be allowed to present oral comments and if accepted by the committee, presentations may be limited to five minutes. Both printed and electronic copies are requested for the record. In addition, any interested person may file written comments with the committee by forwarding their statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the Institute's/Center's home page: <http://www.drugabuse.gov/NACDA/NACDAHome.html>, where an agenda and any additional information for the meeting will be posted when available.

(Catalogue of Federal Domestic Assistance Program Nos.: 93.279, Drug Abuse and Addiction Research Programs, National Institutes of Health, HHS)

Dated: January 10, 2011.

Jennifer Spaeth,

Director, Office of Federal Advisory Committee Policy.

BILLING CODE 4140–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer at 240–276–1243.

Comments are invited on (a) whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Disaster Technical Assistance Center Disaster Mental Health Needs Assessment and Customer Satisfaction Survey Supporting Statement—NEW

SAMHSA created the SAMHSA Disaster Technical Assistance Center (SAMHSA DTAC) in 2002. SAMHSA DTAC provides technical assistance (TA) to States, Territories, and Federally recognized tribes (hereafter referred to

as 'States'), as well as any behavioral health worker, in response to, and in preparation for, behavioral health (mental health and substance abuse) needs associated with catastrophic events and emergencies, such as natural disasters, bioterrorism, mass criminal victimization, and environmental disasters. In the aftermath of a disaster or other traumatic event, State and local behavioral health agencies can contact SAMHSA DTAC for assistance with the resulting mental health and substance abuse needs. SAMHSA DTAC TA specialists respond by identifying suitable publications and other materials, arranging for the deployment of expert consultants, or coordinating other support services. For Presidentially declared disasters, SAMHSA DTAC assists States that are eligible for a Crisis Counseling Assistance and Training Program (CCP) grant by providing TA related to completing applications, developing a plan of services, and identifying staff needs for the CCP.

SAMHSA is proposing two new data collection efforts: The Disaster Behavioral Health Needs Assessment (DBHNA) and the Customer Satisfaction Survey. The DBHNA will assess the current gaps and needs at the State and local provider levels in disaster behavioral health (DBH) planning and response efforts. The Customer Satisfaction Survey is being conducted to ensure that the TA SAMHSA DTAC provides is on track, applicable, useful, and well received. Both of these proposed data collection efforts will provide feedback on the ongoing needs at the national, State, and local levels and identify areas in which State and local providers require enhanced TA services.

SAMHSA DTAC will be responsible for administering the two data collection instruments and analyzing the data. SAMHSA DTAC will use data from both instruments to inform current and future TA activities and to ensure these activities continue to align with State and local needs.

The components of the data collection are listed and described below, and a summary table of the number of respondents and respondent burden has also been included.

Disaster Behavior Health Needs Assessment. The DBHNA will assist SAMHSA DTAC in identifying jurisdictions that need assistance with integrating behavioral health (which includes both mental health and substance abuse services) into their preparedness plans. SAMHSA DTAC will use the DBHNA to identify gaps and trends in crisis counseling planning
