Ball Bearings and Parts Thereof From France, Germany, Italy, Japan, and the United Kingdom: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 14, 2011.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-5760.

SUPPLEMENTARY INFORMATION:

Background

At the request of interested parties, the Department of Commerce (the Department) initiated administrative reviews of the antidumping duty orders on ball bearings and parts thereof from France, Germany, Italy, Japan, and the United Kingdom for the period May 1, 2009, through April 30, 2010. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 75 FR 37759 (June 30, 2010). The preliminary results of the reviews are currently due no later than January 31, 2011.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete the preliminary results within 245 days after the last day of the anniversary month of an order for which a review

is requested and the final results within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of these reviews within the original time limit because we received requests from several respondents for extensions of time to respond to our supplemental questionnaires and because we have scheduled verifications for several respondents in these reviews which have not yet been completed. Therefore, we are extending the time period for issuing the preliminary results of these reviews by 45 days until March 17, 2011.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: January 10, 2011.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Citric Acid and Certain Citrate Salts From People's Republic of China: Extension of Time Limit for the Preliminary Results of the Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce

DATES: *Effective Date:* January 14, 2011.

FOR FURTHER INFORMATION CONTACT: Seth Isenberg or Patricia Tran, AD/CVD Operations, Office 1, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-0588 and (202) 482-1503, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 30, 2010, the U.S. Department of Commerce ("Department") published a notice of initiation of administrative review of the countervailing duty order on citric acid and certain citrate salts from the

People's Republic of China, covering the period September 19, 2008, through December 31, 2009. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 75 FR 37759 (June 30, 2010). The preliminary results of this administrative review are currently due no later than January 31, 2011.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of a countervailing duty order for which a review is requested and issue the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Extension of Time Limit for Preliminary Results

Due to the complexity of the issues in this case, such as new subsidy allegations and comments on those allegations, the Department requires additional time to review and analyze the respondents' submitted information and to issue supplemental questionnaires. Thus, it is not practicable to complete the preliminary results of this review within the original time limit (*i.e.*, January 31, 2011). Therefore, the Department is extending the time limit for completion of the preliminary results by 120 days to no later than May 31, 2011, in accordance with section 751(a)(3)(A) of the Act.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: January 10, 2011.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Hand Trucks and Certain Parts Thereof From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Intent To Rescind in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 14, 2011.

SUMMARY: The Department of Commerce (the Department) is currently conducting an administrative review of the antidumping duty order on hand trucks and parts thereof (hand trucks) from the People's Republic of China (PRC) covering the period of review (POR) of December 1, 2008, through November 30, 2009. We preliminarily determine that sales made by New-Tec Integration (Xiamen) Co., Ltd. (New-Tec), were not made below normal value (NV). We also preliminarily determine that two companies for which a review was requested had no shipments during the POR, and therefore we intend to rescind the review with respect to them. Furthermore, we determine that three companies for which a review was requested have not been responsive, and thus have not demonstrated entitlement to a separate rate. As a result, we have preliminarily determined that they are part of the PRC-wide entity, and continue to be subject to the PRC-wide entity rate. We invite interested parties to comment on these preliminary results.

Parties who submit comments are requested to submit with each argument a statement of the issue and a summary of the argument.
