

important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with disabilities, are aware of this notice, FSIS will announce it on-line through the FSIS Web page located at http://www.fsis.usda.gov/regulations_&_policies/Federal_Register_Notices/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The Update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The Update also is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an e-mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/News_&_Events/Email_Subscription/. Options range from recalls, export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

Information Collection; Qualified Products List for Engine Driven Pumps

AGENCY: Forest Service, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the new information collection, Qualified Products List for Engine Driven Pumps.

DATES: Comments must be received in writing on or before March 21, 2011 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to Victoria (Tory) Henderson, Branch Director, Equipment and Chemicals, Forest Service, USDA, National Interagency Fire Center, 3833 S. Development Avenue, Boise, Idaho 83705. Comments also may be submitted via e-mail to: thenderson@fs.fed.us.

The public may inspect comments received at the National Interagency Fire Center (NIFC), Jack Wilson Building, Boise, ID during normal business hours. Visitors are encouraged to call ahead to 208-387-5512 to facilitate entry to the building.

FOR FURTHER INFORMATION CONTACT: Ralph Gonzales or Sam Wu, San Dimas Technology and Development Center, 909-599-1267. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Standard time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Title: Qualified Products List for Engine Driven Pumps.

OMB Number: 0596-New.

Expiration Date of Approval: Not applicable.

Type of Request: New.

Abstract: The Forest Service needs to have available adequate types and quantities of self-contained engine driven pumps to accomplish fire management activities safely, efficiently, and effectively. To accomplish this objective, the Agency needs to evaluate and pre-approve commercial pumps that meet three following categories: Engine Driven Pumps, Lightweight Portable Pumps, and Portable Floating Pumps.

Engine driven pumps are defined as portable pumps which consist of a gasoline engine, centrifugal or positive displacement pump, and engine controls which weigh between 60-400 lbs. Lightweight portable pumps are "back packable" positive displacement or centrifugal pumps that use a gasoline engine which weigh up to sixty pounds. Floating portable pumps are self-priming and float on the water during operation.

Products must meet specification standards identified and maintained by the Forest Service's San Dimas Technology and Development Center (SDTDC) staff. This staff evaluates and approves commercially available pumps prior to use in fire management

activities on lands managed by the Forest Service, Federal, and State Cooperators. Employees of SDTDC consider the following requirements when determining product effectiveness for use by Forest Service employees and Federal cooperators:

1. Pump performance. These performance requirements include pump pressure and flow ranges, priming and drafting performance parameters, weight and sound levels.

2. Reliability and endurance requirements. These requirements include a 100-hour endurance test and evaluation of the properties of materials used in construction.

3. Quality and refurbishment standards. The construction and assembly processes are evaluated to ensure that the pumps are robust, field serviceable, and can be refurbished and reissued.

4. Compatibility and interchangeability requirements. The engine driven pumps must be compatible with standard wildland fire hoses and other water handling appliances. Threads, physical dimensions, and markings are inspected to assure proper interface controls.

To evaluate portable pump products, SDTDC must collect product specific information from manufacturers. This information includes a qualification sample or any special tools to operate the pump; certificate of conformance for the material composition and properties of materials used in the construction and assembly of the pump; and user's manuals.

The information collected is necessary to ensure pumps are properly evaluated to meet specific requirements related to safety, effectiveness, efficiency, and reliability of the product prior to use in the field. If this information is not collected and pumps are not evaluated on an on-going basis, wildland fire fighters lives could be placed in danger using untested portable pumps during live fire management activities.

Estimate of Annual Burden: 3 hours.

Type of Respondents: Businesses (Manufacturers of portable pumps).

Estimated Annual Number of Respondents: 5.

Estimated Annual Number of Responses per Respondent: 3.

Estimated Total Annual Burden on Respondents: 45 hours.

Comment Is Invited

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the

information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Dated: January 14, 2011.

Rural Business-Cooperative Service

Notice of Solicitation of Applications (NOSA) for Inviting Rural Business Enterprise Grant Program Applications for Grants To Provide Technical Assistance for Rural Transportation Systems

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice.

SUMMARY: The Rural Business-Cooperative Service (RBS), an Agency within the USDA Rural Development mission area, solicits applications of two individual grants: one single grant from the passenger transportation funds appropriated for the Rural Business Enterprise Grant (RBEG) program and another single grant for Federally Recognized Native American Tribes' (FRNAT) from funds appropriated for the RBEG program. RBS will administer these awards under the RBEG program and 7 U.S.C. 1932(c)(2) for Fiscal Year (FY) 2011. Historically, Congress has appropriated funding for these specific programs. Last year, \$500,000 was

available for rural transportation projects and \$250,000 for rural transportation projects for FRNAT. This Notice is being issued prior to passage of a FY 2011 Appropriations Act, which may or may not provide an appropriation for these programs, to allow applicants sufficient time to leverage financing, submit applications, and give the Agency time to process applications within FY 2011. A subsequent notice identifying the amount received in the appropriations, if any, will be published. Each grant is to be competitively awarded to a qualified national non-profit organization. One grant is for the provision of technical assistance to rural transportation projects. The other grant is for the provision of technical assistance to rural transportation projects operated by FRNAT only.

Expenses incurred in developing applications will be at the applicant's risk.

DATES: The deadline for receipt of applications in the USDA Rural Development State Office is no later than March 21, 2011. Applications received at a USDA Rural Development State Office after that date will not be considered for FY 2011 funding.

ADDRESSES: Entities wishing to apply for assistance should contact the appropriate USDA Rural Development State Office to receive copies of the application package. A list of the USDA Rural Development State Offices addresses and telephone numbers are as follows:
