

Agenda of Council Teleconference Meeting, February 9, 2011

The tentative agenda includes the following:

Wednesday February 9, 2011

(1) Opening Remarks—Chair and Designated Federal Officer.

(2) Introduction of Members and all in attendance.

(3) Overview of Health Care Reform and Emergency Medical Services.

(4) Other Business.

(5) Public Comment Period.

(6) Next Steps and Future Meetings.

While the entire meeting is open to the public, the public comment period will take place on February 9, 2011 between 3:30 and 3:45 p.m. EST.

Public Attendance: The meeting is open to the public. Persons with disabilities who require special assistance should advise Drew Dawson of their anticipated special needs as early as possible. Members of the public who wish to make comments on February 9, 2011 between 3:30 and 3:45 p.m. are requested to register in advance. In order to allow as many people as possible to speak, speakers are requested to limit their remarks to 3 minutes. For those wishing to submit written comments, please follow the procedure noted above.

Individuals wishing to register for attendance in the teleconference must provide their name, affiliation, phone number, and e-mail address to Drew Dawson by e-mail at drew.dawson@dot.gov or by telephone at (202) 366-9966 no later than February 4, 2011. There will be limited call-in lines, so please register early. Pre-registration is necessary to enable proper arrangements. Minutes of the NEMSAC Meeting will be available to the public online at <http://www.ems.gov>.

Issued on: January 19, 2011.

Michael L. Brown,

Acting Associate Administrator for Research and Program Development.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[Docket No. FD 35460]

CSX Transportation, Inc.—Temporary Trackage Rights—Norfolk Southern Railway Company

Pursuant to a written trackage rights agreement dated January 16, 2011, Norfolk Southern Railway Company

(NSR) has agreed to grant CSX Transportation, Inc. (CSXT) temporary overhead trackage rights generally between CSXT's connection to NSR's tracks at Deepwater, W.Va., milepost V434.1 located on the Vaco Branch via Alloy, W.Va., east to the connection with the Vaughn Railroad Company at milepost WV227.6, including all necessary tracks designated for the purposes of movement by NSR's operating officer, including head and tail room as necessary. The lines in question total 12.3 miles of track.

The exemption became effective on January 18, 2011, and will expire on July 1, 2011.¹ CSXT explains that the temporary trackage rights will permit it to resume overhead rail service to the Fola Coal Mine at Bickmore, W.Va.²

As a condition to this exemption, any employees affected by the temporary trackage rights will be protected by the conditions imposed in *Norfolk and Western Railway—Trackage Rights—Burlington Northern*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Railway—Lease and Operate—California Western Railroad*, 360 I.C.C. 653 (1980), and any employees affected by the discontinuance of those trackage rights will be protected by the conditions set out in *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth and Ammon, in Bingham and Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979).

This notice is filed under 49 CFR 1180.2(d)(8). If it contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption.

An original and 10 copies of all pleadings, referring to Docket No. FD 35460, must be filed with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Louis E. Gitomer, Law Offices of Louis E. Gitomer, 600 Baltimore Avenue, Suite 301, Towson, MD 21204.

¹ By decision served on January 18, 2011, the Board granted CSXT's request for waiver of 49 CFR 1180.4(g) and allowed the exemption to become effective immediately.

² CSXT used to use its own line to serve this mine, but it cannot do so now, because a necessary bridge has been closed due to safety concerns since September 2010. After the closure, CSXT had been providing service to the mine over NSR lines pursuant to a detour agreement. That agreement has now expired. NSR is willing to continue to allow CSXT to use its lines to reach the mine, but NSR now wishes that such service be provided through temporary trackage rights. CSXT expects the bridge to be in service again by July 1, 2011.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: January 18, 2011.

By the Board.

Rachel D. Campbell,

Director, Office of Proceedings.

Jeffrey Herzig,

Clearance Clerk.

BILLING CODE 4915-01-P

DEPARTMENT OF VETERANS AFFAIRS

[OMB Control No. 2900-New (VOV)]

Proposed Information Collection (Veterans Benefits Administration (VBA) Voice of the Veteran (VOV) Pilot Surveys) Activity: Comment Request

AGENCY: Veterans Benefits Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: The Veterans Benefits Administration (VBA), Department of Veterans Affairs (VA), is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act (PRA) of 1995, Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed new collection, and allow 60 days for public comment in response to the notice. This notice solicits comments information needed to determine beneficiary satisfaction with benefit application and servicing processes for the VBA Compensation and Pension (C&P) Service, Education (EDU) Service, Vocational Rehabilitation and Employment (VR&E) Service and Loan Guaranty (LGY) Service.

DATES: Written comments and recommendations on the proposed collection of information should be received on or before March 25, 2011.

ADDRESSES: Submit written comments on the collection of information through the Federal Docket Management System (FDMS) at <http://www.Regulations.gov> or to Nancy J. Kessinger, Veterans Benefits Administration (20M35), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420 or e-mail

nancy.kessinger@va.gov. Please refer to "OMB Control No. 2900-New (VOV)" in any correspondence. During the comment period, comments may be viewed online through FDMS.

FOR FURTHER INFORMATION CONTACT:

Nancy J. Kessinger at (202) 461-9769 or FAX (202) 275-5947.

SUPPLEMENTARY INFORMATION: Under the PRA of 1995 (Pub. L. 104-13; 44 U.S.C. 3501-3521), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. This request for comment is being made pursuant to Section 3506(c)(2)(A) of the PRA.

With respect to the following collection of information, VBA invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of VBA's functions, including whether the information will have practical utility; (2) the accuracy of VBA's estimate of the burden of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or the use of other forms of information technology.

Title: Veterans Benefits Administration (VBA) Voice of the Veteran (VOV) Pilot Surveys.

a. Compensation and Pension (C&P) Service Surveys

J.D. Power will be pilot testing three survey instruments for the Compensation and Pension (C&P) Service line of business. Based on the numerous interviews conducted, JDPA has separated the Veterans experience with C&P into two categories—Enrollment in a Benefit and Servicing of a Benefit. There will be one survey instrument for the Enrollment category that will be used for both compensation and pension claimants; compensation beneficiaries and pension beneficiaries will receive separate Servicing instruments. The Enrollment questionnaire will include factors relating to benefit eligibility and the application process, benefit entitlement, benefit information, and VA personnel. The Servicing questionnaires will include the same factors as Enrollment, with the exception of benefit eligibility and the application process factor. The results of the pilot test will be used to examine the effectiveness and reliability of the survey instrument, including an evaluation of the levels of non-response for each question.

The survey pool for the pilot C&P Enrollment questionnaire will include individuals who have received a decision on a compensation or pension benefit claim within 30 days prior to the

fielding period. The sample will be stratified as follows: (1) Type of benefit (*i.e.*, Compensation, Pension), (2) claimants who were found eligible, (3) claimants who were found ineligible and are not appealing their claim. The survey pool for the pilot Compensation servicing questionnaire will include individuals who have been receiving compensation benefits for at least 6 months or individuals who received a decision on a compensation claim 6-18 months prior to the field period. The sample will be stratified as follows: (1) Individuals who were granted a decision, are receiving benefits and not appealing their benefit, (2) individuals who were granted a decision, are receiving benefits and are appealing their benefit, (3) individuals who were denied benefits and are appealing, (4) individuals who were denied benefits and are not appealing. The survey pool for the pilot Pension servicing questionnaire will include individuals who have been receiving pension benefits for at least 6 months or individuals who received a decision on a pension claim 6-18 months prior to the field period. The sample will be stratified as follows: (1) Individuals who were granted a decision, are receiving benefits and not appealing their benefit, (2) individuals who were granted a decision, are receiving benefits and are appealing for additional special benefits (*i.e.*, Aid and Attendance, Housebound), (3) individuals who were denied benefits and are appealing.

b. Education (EDU) Service Surveys

J.D. Power will be pilot testing two survey instruments for the Education (EDU) Service line of business. Based on the numerous interviews conducted, JDPA has separated the Veterans experience with Education into two categories—Enrollment in a Benefit and Servicing of a Benefit. There will be one survey instrument for the Enrollment category and one survey instrument for the Servicing category. The Enrollment questionnaire will include factors relating to benefit eligibility and the application process, benefit entitlement, benefit information, and VA personnel. The Servicing questionnaire will include the same factors as Enrollment, with the exception of benefit eligibility and the application process factor. The results of the pilot test will be used to examine the effectiveness and reliability of the survey instrument, including an evaluation of the levels of non-response for each question.

The survey pool for the pilot Education Enrollment questionnaire will include individuals who have received a decision on their education

benefit application within 90 days (*i.e.*, the original end-product has been cleared within the past 90 days) prior to the fielding period. The sample will be stratified as follows: (1) Accepted and enrolled, (2) accepted and not enrolled, (3) denied. The survey pool for the pilot Education Servicing questionnaire will include beneficiaries who have been enrolled and receiving education benefit payments for at least 2 consecutive school terms prior to the fielding period.

c. Loan Guaranty (LGY) Service Surveys

J.D. Power will be pilot testing two survey instruments for the Loan Guaranty (LGY) Service line of business. Based on the numerous interviews conducted, JDPA has separated the Veterans experience with Loan Guaranty into two categories—Home Loan Enrollment and Processing, and Specially Adapted Housing Servicing (Assessment and Grant Process). There will be one survey instrument for the Home Loan category, and one survey instrument for the Specially Adapted Housing category. The Home Loan Enrollment questionnaire will include factors relating to benefit eligibility and the application process, benefit entitlement, benefit information, and VA personnel. Additionally, the Home Loan questionnaire will address areas specific to the Loan Process. The Specially Adapted Housing Servicing questionnaire will include the same factors as Home Loan, but will address the grant process rather than the loan process. The results of the pilot test will be used to examine the effectiveness and reliability of the survey instrument, including an evaluation of the levels of non-response for each question.

The survey pool for the pilot LGY Enrollment questionnaire will include individuals who closed a VA home loan in the 30 days prior to the fielding period. The sample will be stratified as follows: (1) Those who closed on purchase loans, (2) those who received loans for interest rate reductions, and (3) those who obtained cash out or other refinancing. The survey pool for the pilot SAH servicing questionnaire will include individuals who are eligible for a specially adapted housing grant in FY 2009. The sample will be stratified as follows: (1) Those who have not yet applied, (2) those who have applied but have not yet received a decision, (3) those who have received an approval on their grant and are currently somewhere in post-approval, (4) those who have had all their funds disbursed and final accounting is not yet complete, and (5) those who have had

all of their funds disbursed and final accounting is complete.

d. Vocational Rehabilitation and Employment (VR&E) Service Surveys

J.D. Power will be pilot testing three survey instruments for the Vocational Rehabilitation and Employment (VR&E) Service line of business. Based on the numerous interviews conducted, JDPA has separated the Veterans experience with Education into three categories—Enrollment in a Benefit, Servicing of a Benefit, and Escaped Beneficiaries. There will be one survey instrument for the Enrollment category, one survey instrument for the Servicing category, and one survey instrument for the Escaped Beneficiary category. The Enrollment questionnaire will include factors relating to benefit eligibility and the application process, benefit entitlement, benefit information, and VA personnel. The Servicing questionnaire will include the same factors as Enrollment, with the exception of benefit eligibility and the application process factor. The Escaped Beneficiary questionnaire will include similar factors to Enrollment and Servicing; however, the questionnaire will address the experience that is unique to potential beneficiaries who applied for the benefit but decided not to pursue the benefit or services provided, including the reasons why they chose not to continue with the benefit application process or the VR&E program. The results of the pilot test will be used to examine the effectiveness and reliability of the survey instrument, including an evaluation of the levels of non-response for each question.

The survey pool for the pilot VR&E Enrollment questionnaire will include individuals who had an initial meeting with their VR&E counselor and were granted a decision regarding their entitlement in the past 60 days prior to the fielding period. The sample will be stratified as follows: (1) Those who applied, showed up for an initial appointment, were found entitled to and decided to pursue the program, (2) those who applied, showed up for an initial appointment, were found entitled to and

decided not to pursue the program, (3) those who applied, showed up for an initial appointment and were not found entitled to the program. The survey pool for the pilot VR&E Servicing questionnaire will include individuals who have entered and been enrolled in one of the five tracks for at least 60 days prior to the fielding period. The sample will be stratified as follows: (1) Veterans who are currently participating, (2) Veterans who have been rehabilitated, (3) Veterans who did not fully complete program (negative closures), and (4) Veterans who have reached maximum rehabilitation gain and could not proceed in program. The survey pool for the pilot VR&E Escaped Beneficiary questionnaire will include individuals who dropped out of the program prior to completing a rehabilitation plan. The sample will be stratified as follows: (1) Applicants who never attended the initial meeting with a counselor, (2) applicants who were determined to be entitled and did not complete a rehabilitation plan, and (3) applicants who started, but did not complete rehabilitation (*i.e.*, negative closures).

OMB Control Number: 2900—New (VOV).

Type of Review: New collection.

Abstract: In 2008, VBA recognized a need to develop and design an integrated, comprehensive Voice of the Veteran (VOV) measurement program for their lines of business. This continuous measurement program will help VBA understand what is important to Veterans relative to VBA services and will provide VA/VBA leadership with actionable and timely customer feedback on how VBA is performing against those metrics. Insights will help identify opportunities for improvement and measure the impact of improvement initiatives.

The program started with numerous interviews with stakeholders at various levels within the VBA organization and Veterans Service Organizations to identify information needs and perceived gaps in current processes. Surveys are designed to address those needs.

VBA has engaged J.D. Power and Associates to conduct this survey initiative. The questionnaires are drafted in accordance with the J.D. Power and Associates Index Model—the cornerstone of all proprietary and syndicated research studies conducted by J.D. Power. The model will allow J.D. Power to quantify, based on the survey data, what is most important and least important with regard to satisfying our nation's Veterans.

All survey instruments for each line of business, Compensation and Pension Service, Education Service, Vocational Rehabilitation and Employment Service, and Loan Guaranty Service, will contain common factors to allow VBA to compare scores across lines of business. In addition, JDPA will be in a position to provide VBA with an Overall Satisfaction score for their experience across all benefits provided by VBA.

Affected Public: Individuals and Households.

Estimated Annual Burden:

- a. Compensation and Pension (C&P) Service Surveys—3,000 hours.
- b. Education (EDU) Service Surveys—1,500 hours.
- c. Loan Guaranty (LGY) Service Surveys—1,125 hours.
- d. Vocational Rehabilitation and Employment (VR&E) Service Surveys—1,875 Hours

Estimated Average Burden per Respondent: 15 minutes.

Frequency of Response: One time.

Estimated Number of Respondents:

- a. Compensation and Pension (C&P) Service Surveys—12,000.
- b. Education (EDU) Service Surveys—6,000.
- c. Loan Guaranty (LGY) Service Surveys—4,500.
- d. Vocational Rehabilitation and Employment (VR&E) Service Surveys—7,500.

Dated: January 18, 2011.

By direction of the Secretary.

Denise McLamb,

Program Analyst, Enterprise Records Service.
