Agricultural Research Service

Title: National Program 216 Technology Transfer Project—End Users' Inputs.

OMB Control Number: 0518-NEW.

Summary of Collection: The Agricultural Research Service's (ARS) Agricultural System Competitiveness and Sustainability National Program (NP 216) focuses on understanding farms function and how changing or introducing new technology will affect their productivity, profitability, energy efficiency, and natural resource stewardship. The first step of developing more effective methods for delivering new technology to farmers is to assess the effectiveness of the current technology transfer methods and gather information as to how the farmers would prefer to learn about new technology. ARS will conduct a farmer survey to collect information needed to streamline the diffusion of new farming systems technology developed by ARS scientists. The authority to collect this information is contained in CFR, title 7, volume 1, part 2, subpart K, Sec. 2.65(92).

Need and Use of the Information: ARS will collect information to identify challenges and barriers to technology transfer and help in developing alternatives to improve technology transfer from ARS to end-users. The information will also be used as part of a project to identify the effective educational methods and communication channels in transferring new technologies developed under the Agricultural System Competitiveness and Sustainability National Program (NP-216) of the ARS to customers and producers and document the societal impacts of those new technologies.

Description of Respondents: Farms.

Number of Respondents: 5,113.

Definitions

The terms used in this notice have the meaning ascribed to them under 7 CFR part 225 of the Summer Food Service Program regulations.

Background

This notice informs the public of the annual adjustments to the reimbursement rates for meals served in the Summer Food Service Program (SFSP). In accordance with sections 12(f) (42 U.S.C. 1760(f)) and 13 (42 U.S.C. 1761) of the Richard B. Russell National School Lunch Act (NSLA), and SFSP regulations in 7 CFR Part 225, the United States Department of Agriculture (USDA) announces the adjustments in SFSP payments for meals served to participating children during calendar year 2011.

The 2011 reimbursement rates are presented as a combined set of rates to highlight simplified cost accounting procedures. Section 738 of the Consolidated Appropriations Act, 2008, Public Law 110–161, enacted on December 26, 2007, amended Section 13 of the NSLA and extends these

procedures to all States. Since January 1, 2008, reimbursement has been based solely on a “meals times rates” calculation, without comparison to actual or budgeted costs.

Sponsors receive reimbursement that is determined by the number of reimbursable meals served multiplied by the combined rates for food service operations and administration. However, the combined rate is based on separate operating and administrative rates of reimbursement, each of which is adjusted differently for inflation.

Calculation of Rates

The combined rates are constructed from individually authorized operating and administrative reimbursements. Simplified procedures provide flexibility, enabling sponsors to manage their reimbursements to pay for any allowable cost, regardless of the cost category. Although the requirement to categorize costs as “operational” or “administrative” has been eliminated, this does not diminish the sponsors’ responsibility for ensuring proper administration of the Program, while providing the best possible nutrition benefit to children.

The operating and administrative rates are calculated separately. However, the calculations of adjustments for both are based on the same set of changes in the *Food Away From Home* series of the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the United States Department of Labor. They represent a 1.3 percent increase in this series for the 12 month period, from November 2009 through November 2010 (from 224.633 in November 2009 to 227.512 in November 2010).

Table of 2011 Reimbursement Rates

Presentation of the 2011 maximum per meal rates for meals served to children in SFSP combines the results from the calculations of operational and administrative payments, which are further explained in this notice. The total amount of payments to State agencies for disbursement to SFSP sponsors will be based upon these adjusted combined rates and the number of meals of each type served. These adjusted rates will be in effect from January 1, 2011 through December 31, 2011.
