

scoping meetings will be held on March 2, 2011, and there will be two sessions to accommodate interested parties. The first session will convene at 1:30 p.m. CST and will continue until 3:30 p.m. The second session will convene at 7 p.m. with a repeat of the overview portions of the meeting and will continue until 9 p.m., as necessary. Both sessions will be held at the Bay City Civic Center, 201 Seventh Street, Bay City, Texas 77414.

Both meetings will be transcribed and will include: (1) An overview by the NRC staff of the NEPA environmental review process, the proposed scope of the supplement to the GEIS, and the proposed review schedule; and (2) the opportunity for interested government agencies, organizations, and individuals to submit comments or suggestions on the environmental issues or the proposed scope of the supplement to the GEIS. Additionally, the NRC staff will host informal discussions one hour prior to the start of each session at the same location. No formal comments on the proposed scope of the supplement to the GEIS will be accepted during the informal discussions. To be considered, comments must be provided either at the transcribed public meetings or in writing, as discussed below.

Persons may register to attend or present oral comments at the meetings on the scope of the NEPA review by contacting the NRC Project Manager, Mr. Tam Tran, by telephone at 800-368-5642, extension 3617, or by e-mail at Tam.Tran@nrc.gov no later than February 23, 2011. Members of the public may also register to speak at the meeting within 15 minutes of the start of each session. Individual oral comments may be limited by the time available, depending on the number of persons who register. Members of the public who have not registered may also have an opportunity to speak if time permits. Public comments will be considered in the scoping process for the supplement to the GEIS. Mr. Tran will need to be contacted no later than February 23, 2011, if special equipment or accommodations are needed to attend or present information at the public meeting so that the NRC staff can determine whether the request can be accommodated.

Members of the public may submit comments by any one of the following methods. Please include Docket ID NRC-2010-0375 in the subject line of your comments. Comments submitted in writing or in electronic form will be posted on the NRC Web site and on the Federal rulemaking Web site <http://www.regulations.gov>.

Because your comments will not be edited to remove any identifying or contact information, the NRC cautions you against including any information in your submission that you do not want to be publicly disclosed.

The NRC requests that any party soliciting or aggregating comments received from other persons for submission to the NRC inform those persons that the NRC will not edit their comments to remove any identifying or contact information, and therefore, they should not include any information in their comments that they do not want publicly disclosed.

SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

Clean Energy and Power, Inc., Order of Suspension of Trading

January 27, 2011.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Clean Energy and Power, Inc. ("Clean Energy") because it has not filed any periodic reports since the period ended September 30, 2007. Clean Energy is quoted on the Pink Sheets operated by OTC Markets Group Inc. under the ticker symbol KEPI.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading

in the securities of the above-listed company, and any equity securities of any entity purporting to succeed to this issuer.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company, and any equity securities of any entity purporting to succeed to this issuer, is suspended for the period from 9:30 a.m. EST on January 27, 2011, through 11:59 p.m. EST on February 9, 2011.

By the Commission.

Elizabeth M. Murphy,
Secretary.

[Release No. 34-63761; File No. SR-ISE-2011-04]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing of Proposed Rule Change To Establish a New Class of Market Participant for Index Options

January 25, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 12, 2011, International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to amend its rules to establish a new class of market participant for index options traded on the Exchange. This new class of market participants will trade on the Exchange pursuant to a trading license. The text of the proposed rule change is available on the Exchange's Web site <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its rules to establish a new class of market participant for index options traded on the Exchange called Index Options Primary Market Makers ("IXPMM")³ and Index Options Competitive Market Makers ("IXCMM"),⁴ collectively referred to as IXMMs. IXMMs will trade on the Exchange pursuant to a trading license.

ISE currently lists options on 28 cash-settled equity indexes. Currently, three of the 28 indexes—the Russell 2000 Index (RUT), the Nasdaq-100 Index (NDX), and the Mini-Nasdaq-100 Index (MNX)—account for over 90 percent of the total index options volume traded at ISE. Each index options product currently trading on the Exchange is allocated to a Primary Market Maker ("PMM") and multiple Competitive Market Makers ("CMM"). All current PMMs will retain the right to trade as an IXPMM in all existing and future index products, including Eligible Index Options (as defined in proposed Rule 2013(c)). Similarly, all current CMMs will also retain the right to trade as an IXCMM in all existing and future index products, including Eligible Index Options.

Traditionally, new index products have been allocated as part of the general allocation to the ISE's "First Market," which is the general market for higher-volume equity, ETF and index options. The Exchange proposes now to sell trading licenses much like how the

Exchange currently sells foreign currency ("FX") options trading licenses to FX market makers.⁵ IXPMM allocations would be based on the same methodology ISE currently uses for FXPMMs in its FX products, which is based, in part, on market quality commitments. In addition, existing market makers will have "first right" to be an IXPMM in a new index product if the terms of its application for becoming an IXPMM in that product are equal to those of new market makers.

The Exchange believes that introducing trading licenses for index options will allow for a greater number of market makers to trade new and untested index products. The market maker trading licenses proposed herein do not hold any equity interest in the Exchange. An IXMM who is not a First Market PMM/CMM will not be able to trade in equity or ETF options traded on the Exchange. This proposal would cover new index products and currently-traded index options classes that are delisted by the Exchange and subsequently re-listed.

Under the proposal, Eligible Index Options are (i) index options that have a 6-month average daily volume of less than 10,000 contracts in the U.S. market, and (ii) index options that have a trading history of less than 6 months, in which case the eligibility threshold would be prorated proportionately over the time that an index was listed in the U.S. market. Prior to the listing of an Eligible Index Option, the Exchange will conduct a one-time eligibility test to determine whether an index product is an Eligible Index Option. The Exchange will conduct the eligibility test when an index product is qualified for listing under ISE rules and prior to its certification with the Options Clearing Corporation. The Exchange currently follows this process with regards to the listing of all equity (including ETF) and index option products traded on the Exchange. The following index products are not Eligible Index Options: Russell 2000 Index ("RUT"), the NASDAQ-100 Index ("NDX"), and the Mini-NASDAQ-100 Index ("MNX").

Current and future First Market PMMs/CMMs may act in the capacity of an IXCMM for an Eligible Index Option for no additional cost. Current and future First Market PMMs/CMMs may acquire an IXPMM trading right by participating in an auction, which participation requires the submission of a monetary bid and market quality commitments. All things being equal in

³ An IXPMM is defined in proposed ISE Rule 2013(a) as a primary market maker in Eligible Index Options traded on the Exchange pursuant to proposed ISE Rule 2013.

⁴ An IXCMM is defined in proposed ISE Rule 2013(a) as a competitive market maker in Eligible Index Options traded on the Exchange pursuant to proposed ISE Rule 2013.
