

raceways, and other private sector businesses.

Of the remaining comments, some requested that the stay be extended. Other comments addressed issues related to lead content issues, which are not addressed in this proceeding or addressed various topics, such as the family activity nature of ATV riding, government regulation, the CPSIA, or the role of parents to decide what is best for their child.

Only one comment expressed specific opposition to an extension of the January 25, 2011, date. No affiliation was provided. The commenter stated that it opposes any further extension of the date for compliance with the requirements for ATV manufacturers to use accredited third party laboratories because any further extension would remove the incentive to come into compliance.

Only one comment, from the SVIA, responded specifically to the five questions posed in the December 1, 2010 FR notice. The SVIA stated that it contacted 27 conformity assessment bodies worldwide. The SVIA states that "it appears unlikely that there will be a sufficient number of accredited third party conformity assessment bodies prepared to conduct conformity testing of youth ATVs by January 26, 2011 or anytime soon thereafter." Furthermore, the SVIA indicated that there is no information regarding "how long conformity assessment testing will take to complete" once a third party testing body is accredited and ready to conduct such testing. Therefore, the SVIA requested that the Commission grant a further stay of enforcement until November 27, 2011 and noted that, without a further stay of enforcement, youth ATVs will "cease to become available, or at least will be substantially less available."

III. The Conditional Stay

We recognize that there are still no accredited third party testing bodies for youth ATVs at this time. However, we believe that it is important to establish accountability in meeting the CPSIA third party testing requirement until there are accredited third party conformity assessment bodies that can perform tests to 16 CFR part 1420, *Requirements for All Terrain Vehicles*. Accordingly, CPSC staff will begin to conduct compliance testing of youth ATVs. If there is evidence of noncompliance with the requirements of the mandatory standard by the manufacturers that have action plans approved by the Commission, we will take appropriate enforcement actions. In addition, we will stay enforcement of

the testing and certification requirements of 16 CFR part 1420 until November 27, 2011, upon the following conditions:

(1) An ATV company that manufactures or distributes a youth model ATV and has an approved action plan must submit a General Certificate of Conformity ("GCC") to the Commission demonstrating compliance with 16 CFR part 1420. Currently, in addition to complying with the certification label requirement of the ANSI/SVIA-1-2007 mandatory standard and the certification label requirement of section 42(a)(2)(B) of the CPSA, ATV companies that manufacture or distribute a youth model ATV are required to issue GCCs for youth ATVs containing all of the information required by section 14(g) of the CPSA. On March 3, 2011, ATV companies that manufacture or distribute youth model ATVs must also submit their GCCs for ATVs manufactured on or after March 3, 2011 to Mary Toro, Director, Regulatory Enforcement, Office of Compliance & Field Operations, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814; e-mail mtoro@cpsc.gov, with subject line: "Youth ATV—GCC."

(2) An ATV company that manufactures or distributes a youth model ATV and has an approved action plan must submit any test reports supporting the company's GCCs to the Commission, if requested.

(3) An ATV company that manufactures or distributes a youth model ATV and has an approved action plan must provide a quarterly report, beginning on April 1, 2011, and again on July 1, 2011, and October 1, 2011, with responses to the following questions:

- What efforts has your company made to obtain tests of youth ATVs by third party conformity assessment bodies and to encourage third party conformity assessment bodies to become accredited to do so?
- What efforts have been made by the third party conformity assessment bodies that your company has contacted to become accredited to test youth ATVs? If these bodies are not yet accredited, how long will it take to obtain such accreditation?
- What barriers are preventing your company from obtaining third party certification?

The quarterly report should be submitted to Mary Toro, Director, Regulatory Enforcement, Office of Compliance & Field Operations, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda,

Maryland 20814; e-mail mtoro@cpsc.gov, with subject line: "Youth ATV—Quarterly Report."

Dated: January 25, 2011.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Availability for the Draft Programmatic Environmental Assessment for the Development and Operation of Small-Scale Wind Energy Projects at United States Marine Corps Facilities Throughout the United States

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: Pursuant to Section (102)(2)(c) of the National Environmental Policy Act of 1969 (NEPA) (42 United States Code 4321), as implemented by the Council on Environmental Quality regulations for implementing the procedural provisions of NEPA (40 Code of Federal Regulations [CFR] Parts 1500-1508), and Marine Corps NEPA directives (Marine Corps Order P5090.2A), the Department of the Navy announces the availability of, and invites public comments on the Draft Programmatic Environmental Assessment (Draft PEA) for the development and operation of small-scale wind energy projects at United States Marine Corps (USMC) facilities throughout the Continental United States (CONUS). A PEA evaluates a major action on a broad, programmatic basis. Thus, site-specific NEPA analysis may be tiered off this document as appropriate.

Dates and Addresses: The public comment period begins upon publication of a Notice of Availability (NOA) for the Draft PEA in the **Federal Register**. The comment period will last for 30 days thereafter.

The Draft PEA is available for electronic viewing at <http://marines.mil/unit/marforres/MFRHQ/FACILITIES/FACILITIES.aspx>, or by sending a request to Alain Flexer, USMC Marine Forces Reserves (MARFORRES), by telephone 504-678-8489, by fax 504-678-6823, by e-mail to alain.flexer@usmc.mil or by writing to: MARFORRES, Facilities, Attn: Alain Flexer, 4400 Dauphine Street, New Orleans, Louisiana 70146-5400.

Comments: All comments, written or submitted via the internet, are treated

equally, become part of the public record on the Draft PEA, and will be considered in the Final PEA. During the 30-day comment period, all written comments should be mailed to MARFORRES, Facilities, Attn: Alain Flexer, 4400 Dauphine Street, New Orleans, LA 70146-5400. Please submit all comments by the end of the 30-day comment period.

FOR FURTHER INFORMATION CONTACT: MARFORRES: Attn: Alain Flexer, telephone 504-678-8489 or by e-mail alain.flexer@usmc.mil.

SUPPLEMENTARY INFORMATION: MARFORRES (Energy Office) has completed a Draft PEA for the development and operation of small-scale wind energy projects at USMC CONUS facilities. The USMC has previously identified the subset of facilities at which wind is the most readily available and economically feasible renewable energy source and which may be included in their wind energy program, therefore, this Draft PEA does not consider other forms of renewable energy.

The purpose of the proposed action is to reduce dependency on fossil fuels and increase energy security and efficiency through development of small-scale wind energy projects at USMC CONUS facilities. The proposed action would enable MARFORRES to achieve specific goals regarding energy production and usage set by Executive Orders, legislative acts, and Federal agencies.

The Draft PEA evaluates the potential environmental impacts of constructing and operating small-scale wind energy facilities, with the number and sizes of turbines for each facility ranging from one to four and from 0.1 MW to 2.5 MW respectively. Under the No Action Alternative, the USMC would not pursue the development and operation of small-scale wind energy projects at USMC CONUS facilities.

Environmental resources addressed in the Draft PEA include land use; noise; geological resources; water resources; biological resources; cultural resources; visual resources; socioeconomic; air quality; utilities; airspace; health and safety; hazardous materials; and transportation. The Draft PEA also analyzes cumulative impacts from other past, present, and reasonably foreseeable future actions.

Schedule: NOA of the Draft PEA will be published in the **Federal Register**. This notice initiates the 30-day public comment period for the Draft PEA. If the Draft PEA determines a more thorough analysis is necessary, then the USMC will prepare an Environmental Impact

Statement (EIS). If additional analysis is not necessary, the USMC will issue a Finding of No Significant Impact (FONSI). The USMC intends to issue the Final PEA no later than February 2011, at which time a NOA of the FONSI or Notice of Intent (NOI) to prepare an EIS will be published.

Dated: January 25, 2011.

D.J. Werner,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION

Service Contract Inventory for Fiscal Year (FY) 2010

AGENCY: Office of the Chief Financial Officer, U.S. Department of Education.

ACTION: Notice of availability—FY 2010 Service Contract Inventory.

SUMMARY: Through this notice, the Secretary announces the availability of the Department of Education's service contract inventory on its Web site, at <http://www2.ed.gov/fund/data/report/contracts/servicecontractinventoryappendix/servicecontractinventory.html>. A service contract inventory is a tool for assisting an agency in better understanding how contracted services are being used to support mission and operations and whether the contractors' skills are being utilized in an appropriate manner.

FOR FURTHER INFORMATION CONTACT:

Carolyn Dempster, U.S. Department of Education, 400 Maryland Avenue, SW., Washington, DC 20202 by phone at 202-245-6068 or e-mail at Carolyn.Dempster@ed.gov.

If you use a telecommunications device for the deaf (TDD), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: Section 743 of Division C of the Consolidated Appropriations Act of 2010, Public Law 111-117, requires civilian agencies, other than the Department of Defense, that are required to submit an inventory in accordance with the Federal Activities Inventory Reform Act of 1998 (Pub. L. 105-270, 31 U.S.C. 501 note) to submit their inventories to the Office of Federal Procurement Policy (OFPP) in the Office of Management and Budget (OMB) by December 30, 2010. In addition, section 743 requires these agencies, which include the Department of Education, to (1) make the inventory available to the public by posting the

inventory on its agency homepage, (2) provide OFPP with the Web site address (URL) on which the inventory is being posted so that the inventory can be linked to a central OMB Web page, and (3) publish in the **Federal Register** a notice announcing that the inventory is available to the public along with the name, telephone number, and e-mail address of an agency point of contact.

Through this notice, the Department announces the availability of its inventory on the following Web site: <http://www2.ed.gov/fund/data/report/contracts/servicecontractinventoryappendix/servicecontractinventory.html>. The point of contact for the inventory is provided under the **FOR FURTHER INFORMATION CONTACT** section in this notice.

Accessible Format: Individuals with disabilities can obtain this document in an accessible format (e.g., Braille, large print, or audiotape) on request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**.

Electronic Access to This Document: You can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: <http://www.ed.gov/news/fedregister>. To use PDF you must have Adobe Acrobat Reader, which is available free at this site.

Note: The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available on GPO Access at: <http://www.gpoaccess.gov/nara/index.html>.

Program Authority: Section 743 of Division C of the Consolidated Appropriations Act of 2010, Pub. L. 111-117.

Dated: January 28, 2011.

Thomas P. Skelly,
Chief Financial Officer.
