Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Strategic Prevention Framework State Incentive Grant (SPF SIG) Program (OMB No. 0930–0279)—Revision

SAMHSA's Center for Substance Abuse Prevention (CSAP) is responsible for the evaluation instruments of the Strategic Prevention Framework State Incentive Grant (SPF SIG) Program. The program is a major initiative designed to: (1) Prevent the onset and reduce the progression of substance abuse, including childhood and underage drinking; (2) reduce substance abuse related problems; and, (3) build prevention capacity and infrastructure at the State-, territorial-, tribal- and community-levels.

Five steps comprise the SPF:

Step 1: Profile population needs, resources, and readiness to address the problems and gaps in service delivery.

Step 2: Mobilize and/or build capacity to address needs.

Step 3: Develop a comprehensive strategic plan.

Step 4: Implement evidence-based prevention programs, policies, and practices and infrastructure development activities.

Step 5: Monitor process, evaluate effectiveness, sustain effective programs/activities, and improve or replace those that fail.

An evaluation team is currently implementing a multi-method, quasi-experimental evaluation of the first two Strategic Prevention Framework State Incentive Grant (SPF SIG) cohorts receiving grants in FY 2004 and FY 2005. A second evaluation is being conducted with the SPF SIG Cohorts III, IV and V. This notice invites comments for revision to the protocol for the ongoing cross-site evaluations of the Strategic Prevention Framework State Incentive Grant (SPF SIG) (OMB No. 0930–0279) which expires on 11/30/12. This revision includes three parts:

(1) Continuation of the use of the previously approved two-part Community Level Instrument (CLI Parts I and II) for Cohorts I and II and the use of an instrument to assess the sustainability of grantee implementation and infrastructure accomplishments which is a modification of an instrument used in an earlier phase of the evaluation.

(2) The addition of one more Cohort (Cohort V) which will use the previously approved SPF SIG cross-site evaluation instruments. All three instruments are modified versions of data collection protocols used by Cohorts I and II and have received OMB approval (OMB No. 0930–0279). The three instruments are:
