

purpose is to remove burden on and obstruction to interstate commerce in farm products such as double payment for the products, once at the time of purchase and again when the seller fails to repay the lender. The Food Security Act of 1985 permits the states to establish "central filing systems." These central filing systems notify buyers of farm products of any mortgages or liens on the products. There are 19 states that currently have certified central filing systems.

Need and Use of the Information: A state submits information one time to GIPSA when applying for certification. GIPSA reviews the information submitted by the states to certify that those central filing systems meet the criteria set forth in section 1324 of the Food Security Act of 1985. The information received from the State is available for public inspection.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 1.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 80.

Requests for additional information or copies of this information collection should be directed to Steven Carlson at 703-305-2017.

SUPPLEMENTARY INFORMATION:

Title: Healthy Incentives Pilot (HIP) Evaluation.

OMB Number: 0584-NEW.

Expiration Date: Not yet determined.

Type of Request: New collection.

Abstract: The Healthy Incentive Pilot (HIP) is authorized by the Food, Conservation, and Energy Act of 2008, and it is expected to operate for 15 months in Hampden County, MA. HIP will provide financial incentives to Supplemental Nutrition Assistance Program (SNAP) households to encourage their purchase and consumption of fruits and vegetables. SNAP households chosen to participate in HIP will be eligible to earn incentives equal to 30% of their purchase price for eligible fruits and vegetables. The incentive payment will be added to the HIP participant's SNAP benefit account.

Participants will be able to view their accumulated monthly value of incentives on their cash register receipt.

The objectives of the HIP evaluation are to:

- Estimate the impact of HIP on individual food consumption of SNAP recipients;
- Understand the factors that influence how HIP impacts SNAP recipients;
- Describe the implementation and operation of HIP;
- Understand the effect of HIP on the grantee and its partners; and
- Estimate the costs associated with HIP.

The data collection activities to be undertaken subject to this notice include:

- SNAP recipient phone surveys (with in-person follow-up) before program implementation, early (3 months) implementation, and late (12-months) implementation;
- Three SNAP recipient focus groups at early implementation and again at late implementation phase;
- Mail (with phone follow-up) surveys of participating and non-participating retailers pre-implementation and late implementation;
- Observations in 10 participating stores at pre-implementation, early implementation, and late implementation; and
- In-person interviews with HIP stakeholders (State and local SNAP officials, State and local partners, Electronic Benefit Transfer (EBT) vendors, third party processors, and integrated retailers) at pre-implementation, early, and late implementation.

To evaluate the effect of HIP on participating households, data will be collected from SNAP recipients in Hampden County, MA. To examine the implementation of the HIP program, data will be collected from retailers, State and local SNAP officials, State and local partners, EBT vendors, and third party processors.

Affected Public: Respondent groups identified include: (1) SNAP recipients; (2) retailers; (3) state and local officials; (4) state and local partners; and (5) EBT vendors, third party processors, and integrated retailers.

Estimated Number of Respondents: The total estimated number of respondents is 2,945. This includes: 2,638 SNAP recipients who will participate in phone surveys (70% will complete baseline interview, 80% and 75% will complete round 2 and round 3 interviews respectively; 10% subsample or 300 recipients will

complete a second 24-hour dietary recall in rounds 2 and 3); an additional sample of 66 SNAP recipients who will participate in focus groups (90% response rate); 207 retailers (80% percent will complete survey); 19 State and local SNAP officials (89% will complete the interview); 6 State and local partners (83% will complete the interview); and 9 EBT vendors/third party processors/integrated retailers (89% will complete the interview).

Estimated Number of Responses per Respondent: Data from SNAP recipients

will be collected three times, through telephone interviews, in-person interviews, and focus groups. A 10 percent subsample of the SNAP recipients will complete a second 24-hour dietary recall on a nonconsecutive day. Stakeholder data will be gathered through retailer surveys and observations; in-person interviews will also be conducted with State and local officials, State and local partners, EBT vendors, third party processors, and integrated retailers.

Estimated Total Annual Responses: 8,221.

Estimated Time per Response: About 35 minutes (0.58 hours). The estimated time of response varies from 3 to 90 minutes depending on respondent group, as shown in the table below.

Estimated Total Annual Burden on Respondents: 286,154 minutes (4769.24 hours). See the table below for estimated total annual burden for each type of respondent.
