

for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Owners or operators of benzene storage vessels and coke by product recovery plants.

Estimated Number of Respondents: 17.

Frequency of Response: Semiannually and on occasion.

Estimated Total Annual Hour Burden: 3,137.

Estimated Total Annual Cost: \$294,347 in labor costs; there are neither capital/startup costs nor operation and maintenance (O&M) costs.

Changes in the Estimates: There is no change in the labor hours, or capital/startup and operation and maintenance costs in this ICR compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the industry is very low, negative, or non-existent.

It should be noted that the wage rates in this ICR have been updated resulting in an overall increase in the labor cost.

Dated: February 3, 2011.

Title: NSPS for Onshore Natural Gas Processing Plants (Renewal).

ICR Numbers: EPA ICR Number 1086.09, OMB Control Number 2060-0120.

ICR Status: This ICR is scheduled to expire on February 28, 2011. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 60, subpart A, and any changes, or additions to the Provisions specified at 40 CFR part 60, subparts KKK & LLL. Owners or operators of the affected facilities must submit a one-time-only report of any physical or operational changes, initial performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports, at a minimum, are required semiannually.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 91 hours per response. Burden means the total time,

effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Owners or operators of onshore natural gas processing plants.

Estimated Number of Respondents:

563.

Frequency of Response: Initially, semiannually and occasionally.

Estimated Total Annual Hour Burden: 149,180.

Estimated Total Annual Cost:

\$14,335,639, which includes \$13,996,939 in labor costs, \$219,000 in capital/startup costs, and \$119,700 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is no change in the labor hours, or capital/startup and operation and maintenance costs in this ICR compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the industry is very low, negative, or non-existent.

It should be noted that the wage rates in this ICR have been updated resulting in an overall increase in the labor cost.

Dated: February 3, 2011.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9264-3]

California State Nonroad Engine Pollution Control Standards; Request for Authorization of Portable Equipment Registration Program; Opportunity for Public Hearing and Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of opportunity for public hearing and comment.

SUMMARY: The California Air Resources Board (CARB) has notified EPA that it has finalized amendments to its Portable Equipment Registration Program (PERP). PERP is a voluntary program that allows for the registration of nonroad engines and equipment units that operate at multiple locations, so that the engine/equipment owners can operate throughout California without the need of obtaining permits from local air pollution control districts. CARB has requested that EPA confirm that certain emission standards of the voluntary PERP fall within the scope of previously granted authorizations, and that a new authorization be granted for those emission standards that are otherwise not covered by the within-the-scope confirmation. This notice announces that EPA has tentatively scheduled a public hearing to consider California's PERP within-the-scope confirmation and authorization request and that EPA is now accepting written comment on the request.

DATES: EPA has tentatively scheduled a public hearing concerning CARB's request on February 24, 2011, at 1:00 p.m. EST. EPA will hold a hearing only if any party notifies EPA by February 17, 2011, expressing its interest in presenting oral testimony. By February 18, 2011, any person who plans to attend the hearing may call Robert Doyle at (202) 343-9258, to learn if a hearing will be held or may check the following webpage for an update: <http://www.epa.gov/otaq/cafr.htm>.

Parties wishing to present oral testimony at the public hearing should provide written notice to Robert Doyle at the e-mail address noted below. If EPA receives a request for a public hearing, that hearing will be held at 1310 L Street, NW., Washington, DC 20005.

If EPA does not receive a request for a public hearing, then EPA will not hold a hearing, and instead consider CARB's request based on written submissions to the docket. Any party may submit written comments until March 24, 2011.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2011-0102, by one of the following methods:

On-Line Instructions for Submitting Comments: Direct your comments to Docket ID No. EPA-HQ-OAR-2011-0102. EPA's policy is that all comments we receive will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will automatically be captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>. EPA will make available for public inspection materials submitted by CARB, written comments received from any interested parties, and any testimony given at the public hearing.
