

changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: This ICR estimates that approximately 174 Metropolitan Planning Organizations will incur burden associated with transportation conformity requirements.

Frequency of response: The information collections described in this ICR must be completed before a transportation plan, TIP, or project conformity determination is made. Per SAFETEA-LU and DOT's planning regulations, transportation plans and TIPs must be updated at least every 4 years. Conformity determinations on projects in metropolitan and isolated rural areas are required on an as-needed basis.

Estimated total average number of responses for each respondent: 392.

Estimated total annual burden hours: 68,282 hours.

Estimated total annual costs: \$4,014,663. This includes an estimated burden cost of \$4,014,663 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

Are there changes in the estimates from the last approval?

There is an increase of 19,043 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This increase reflects EPA's adjustments associated with the actual number of 2006 PM_{2.5} NAAQS nonattainment areas versus the estimated number in the previous ICR, adjustment for increased burden associated with quantitative hot-spot analyses and an adjustment for increased burden associated with the transition from the MOBILE6.2 to MOVES model.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the

approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.
