

at the end of comments. The Commission strongly encourages electronic filings.

All documents (original and seven copies) filed by paper should be sent to: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please include the project number (P-2183-080) on any comments or motions filed.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

k. *Description of Application:* In its amendment application, the licensee proposes to rehabilitate the project's four generating units by refurbishing the turbine runners and replacing the generator frame, stator core and windings. Each of the project's turbine capacity would be increased by 7,500 hp from 35,000 hp to 42,500 hp, and each of the generators installed capacity would increase by 5,000 kW from 27,000 kW to 32,000 kW. The total maximum hydraulic capacity of the project would increase approximately 13% from 28,000 cfs to 31,590 cfs, and the project's installed capacity would increase from 108,000 kW to 128,000 kW.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Any filings must bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers.

p. *Agency Comments:* Federal, State, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket Nos. CP11-67-000; PF10-21-000]

#### Texas Eastern Transmission, LP; Notice of Application

Take notice that on January 25, 2011, Texas Eastern Transmission, LP (Texas Eastern), 5400 Westheimer Court, Houston, Texas 77056, filed in the above referenced docket an application under sections 7(b) and 7(c) of the Natural Gas Act (NGA) for its proposed TEAM 2012 Project. Specifically, Texas Eastern requests: (i) Authorization under NGA sections 7(b) and 7(c) to construct, own, operate, and maintain certain pipeline and compression facilities and related appurtenances and to abandon in place certain compression facilities necessary to increase capacity on the Texas Eastern system by approximately 190,000 dekatherms per day (Dth/d) from supply points in Clarington, Ohio and the Appalachian area to proposed interconnections in central and eastern Pennsylvania; (ii) authority to charge initial incremental recourse rates for firm service on the TEAM 2012 Project facilities and existing system rates for interruptible service on such facilities; and (iii) any waivers, authority, and further relief as may be necessary to implement the proposal contained in its application. Texas Eastern estimates its TEAM 2012 project to cost \$204,471,000, all as more fully set forth in the application. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Texas Eastern requests that the Commission grant the requested authorizations and related approvals on or before October 31, 2011 to ensure that the TEAM 2012 Project is on-line by November 1, 2012, in time to meet the service needs of the TEAM 2012 shippers and to ensure that additional

capacity is available at the earliest possible time to facilitate the transportation of new supplies, including Rocky Mountain supplies and supplies from the emerging Marcellus shale play.

Any questions regarding this Application should be directed to Berk Donaldson, Director, Rates and Certificates, Texas Eastern Transmission, LP, P.O. Box 1642, Houston, Texas 77251-1642, by phone: (713) 627-4488 or by fax: (713) 627-5947.

On June 28, 2010, the Commission staff granted Texas Eastern's request to utilize the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket Number PF10-21-000 to staff activities involving the TEAM 2012 Project. Now, as of the filing Texas Eastern's application on January 25, 2011, the NEPA Pre-Filing Process for this project has ended. From this time forward, Texas Eastern's proceeding will be conducted in Docket No. CP11-67-000, as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list
