Background Information on NTP Panels

NTP panels are technical, scientific advisory bodies established on an “as needed” basis to provide independent scientific peer review and to advise the NTP on agents of public health concern, new/revised toxicological test methods, or other issues. These panels help ensure transparent, unbiased, and scientifically rigorous input to the program for its use in making credible decisions about human hazard, setting research and testing priorities, and providing information to regulatory agencies about alternative methods for toxicity screening. The NTP welcomes nominations of scientific experts for upcoming panels. Scientists interested in serving on an NTP panel should provide a current *curriculum vita* to Ms. Andrews (see ADDRESSES). The authority for NTP panels is provided by 42 U.S.C. 217a; section 222 of the Public Health Service (PHS) Act, as amended. The panel is governed by the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of advisory committees.

Title: Information Comparison with Insurance Data.

OMB No.: 0970-0342.

Description: The Deficit Reduction Act of 2005 amended Section 452 of the Social Security Act (the Act) to

authorize the Secretary, through the Federal Parent Locator Service (FPLS), to conduct comparisons of information concerning individuals owing past-due child support with information maintained by insurers (or their agents) concerning insurance claims, settlements, awards, and payments. Public Law 109-171, § 7306. The Federal Office of Child Support Enforcement (OCSE) operates the FPLS in accordance with section 453(a)(1) of the Act. The Federal Case Registry of Child Support Orders (FCR) is maintained in the FPLS in accordance with section 453(h)(1) of the Act.

At the option of an insurer, the comparison may be accomplished by either of the following methods. Under the first method, an insurer or the insurer's agent will submit to OCSE information concerning claims, settlements, awards, and payments. OCSE will then compare that information with information pertaining to individuals owing past-due support.

Under the second method, OCSE will furnish to the insurer or the insurer's agent a file containing information pertaining to individuals owing past-due support. The insurer or the insurer's agent will then compare that information with information pertaining to claims, settlements, awards, and payments. The insurer will furnish the information resulting from the comparison to OCSE.

On a daily basis OCSE will furnish the results of a comparison to the State agencies responsible for collecting child support from the individuals by transmitting the Insurance Match Response Record. The results of the comparison will be used by the State agencies to collect from the insurance proceeds past-due child support owed by the individuals.

Respondents: insurers or their agents, including the U.S. Department of Labor and State agencies administering workers compensation programs, and the Insurance Services Office (ISO).
