BILLING CODE 4310-MR-P

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**42 CFR Part 100**

RIN 0907-AA

**National Vaccine Injury Compensation Program: Revisions to the Vaccine Injury Table**

**AGENCY:** Health Resources and Services Administration (HRSA), HHS.

**ACTION:** Proposed rule; notice of public hearing.

**SUMMARY:** This document announces a public hearing to receive information and views on the Notice of Proposed Rulemaking (NPRM) entitled "National Vaccine Injury Compensation Program: Revisions to the Vaccine Injury Table."

*Date and Time:* The public hearing will be held on March 4, 2011, from 11:30 a.m. to 1 p.m.

*Place:* The public hearing will be held in Conference Room G in the Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20857.

**FOR FURTHER INFORMATION CONTACT:** Dr. Geoffrey Evans, Director, Division of Vaccine Injury Compensation, at 301-443-6593 or by e-mail at [gevans@hrsa.gov](mailto:gevans@hrsa.gov).

**SUPPLEMENTARY INFORMATION:** The National Childhood Vaccine Injury Act of 1986, Title III of Public Law 99-660, as amended (42 U.S.C. 300aa-10 *et seq.*), established the National Vaccine Injury Compensation Program (VICP) for persons found to be injured by vaccines. The Secretary has taken the necessary initial steps to transfer four vaccines covered under the VICP from the provisional category in the Vaccine Injury Table to their own separate categories, with no associated injuries.

These proposed changes would not change the rights of any current or potential VICP petitioners.

The NPRM was published in the **Federal Register**, September 13, 2010; 75 FR 55503. The public comment period closes March 14, 2011.

A public hearing will be held during the 180-day public comment period. This hearing is to provide an open

forum for the presentation of information and views concerning all aspects of the NPRM by interested persons.

In preparing a final regulation, the Secretary will consider the administrative record of this hearing along with all other written comments received during the comment period specified in the NPRM. Individuals or representatives of interested organizations are invited to participate in the public hearing in accord with the schedule and procedures set forth below.

The hearing will be held on March 4, 2011, beginning at 11:30 a.m. in Conference Room G in the Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20857. Upon entering the Parklawn Building, persons who wish to attend the hearing will be required to call Mr. Mario Lombre at (301) 443-3196 to be escorted to Conference Room G.

The presiding officer representing the Secretary, HHS will be Dr. Geoffrey Evans, Director, Division of Vaccine Injury Compensation, Healthcare Systems Bureau (HSB), Health Resources and Services Administration.

Persons who wish to participate are requested to file a notice of participation with the Department of Health and Human Services (HHS) on or before March 1, 2011. The notice should be mailed to the Division of Vaccine Injury Compensation, HSB, Room 11C-26, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20857. To ensure timely handling any outer envelope should be clearly marked "NPRM Hearing." The notice of participation should contain the interested person's name, address, e-mail address, telephone number, any business or organizational affiliation of the person desiring to make a presentation, a brief summary of the presentation, and the approximate time requested for the presentation. Groups that have similar interests should consolidate their comments as part of one presentation. Time available for the hearing will be allocated among the persons who properly file notices of participation. If time permits, interested parties attending the hearing who did not submit notice of participation in advance will be allowed to make an oral presentation at the conclusion of the hearing.

Persons who find that there is insufficient time to submit the required information in writing may give oral notice of participation by calling Dr. Geoffrey Evans, Director, Division of Vaccine Injury Compensation, at (301) 443-6593 no later than March 1, 2011.

Those persons who give oral notice of participation should also submit written notice containing the information described above to HHS by the close of business March 2, 2011.

After reviewing the notices of participation and accompanying information, HHS will schedule each appearance and notify each participant by mail, e-mail or telephone of the time allotted to the person(s) and the approximate time the person's oral presentation is scheduled to begin.

Written comments and transcripts of the hearing will be made available for public inspection as soon as they have been prepared, on weekdays (Federal holidays excepted) between the hours of 8:30 a.m. and 5 p.m. at the Division of Vaccine Injury Compensation Program, Room 11C-26, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20857.

Dated: February 10, 2011.

BILLING CODE 4165-15-P

**DEPARTMENT OF HOMELAND SECURITY**

**Federal Emergency Management Agency**

**44 CFR Part 67**

[Docket ID FEMA-2011-002; Internal Agency Docket No. FEMA-B-1178]

**Proposed Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Proposed rule.

**SUMMARY:** Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this proposed rule is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance

premium rates for new buildings and the contents in those buildings.

**DATES:** Comments are to be submitted on or before May 17, 2011.

**ADDRESSES:** The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1178, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (e-mail) [luis.rodriguez1@dhs.gov](mailto:luis.rodriguez1@dhs.gov).

**FOR FURTHER INFORMATION CONTACT:** Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (e-mail) [luis.rodriguez1@dhs.gov](mailto:luis.rodriguez1@dhs.gov).

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the

Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

*National Environmental Policy Act.* This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

*Regulatory Flexibility Act.* As flood elevation determinations are not within

the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

*Executive Order 12866, Regulatory Planning and Review.* This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

*Executive Order 13132, Federalism.* This proposed rule involves no policies that have federalism implications under Executive Order 13132.

*Executive Order 12988, Civil Justice Reform.* This proposed rule meets the applicable standards of Executive Order 12988.

**List of Subjects in 44 CFR Part 67**

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

**PART 67—[AMENDED]**

1. The authority citation for part 67 continues to read as follows:

**Authority:** 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

**§ 67.4 [Amended]**

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Flooding source(s)	Location of referenced elevation **	*Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
<b>Santa Cruz County, California, and Incorporated Areas</b>				
Salsipuedes Creek .....	Approximately 0.7 mile upstream of State Route 129	+46	+45	City of Watsonville, Unincorporated Areas of Santa Cruz County.
Struve Slough .....	Approximately 1.5 miles upstream of State Route 129	+57	+58	
	At the upstream side of Harkins Slough Road .....	None	+17	
	Approximately 0.4 mile upstream of Pennsylvania Drive.	None	+58	
Watsonville Slough .....	Approximately 1,460 feet downstream of Harkins Slough Road.	None	+26	City of Watsonville.
	Approximately 1,430 feet upstream of Marin Street ....	None	+59	

\* National Geodetic Vertical Datum.

+ North American Vertical Datum.

# Depth in feet above ground.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

\*\* BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

**44 CFR Part 67**

**[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-B-1175]**

**Proposed Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Proposed rule.

**SUMMARY:** Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this proposed rule is to seek general information and comment regarding the

proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

**DATES:** Comments are to be submitted on or before May 17, 2011.

**ADDRESSES:** The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The
