Title of Proposal: Certification and Funding of State and Local Fair Housing Enforcement Agencies.

Office: Fair Housing and Equal Opportunity.

OMB Control Number: 2529-0005.

Description of the need for the information and proposed use:

A. Request for Substantial Equivalence

For a state or local law to be certified as "substantially equivalent" and

therefore be eligible to participate in the Fair Housing Assistance Program (FHAP), the Assistant Secretary for Fair Housing and Equal Opportunity must determine that the state or local law provides substantive rights, procedures, remedies, and the availability of judicial review that are substantially equivalent to the federal Fair Housing Act (the Act). State and local fair housing enforcement agencies that are seeking certification in accordance with Section 810(f) of the Act submit a request to the Assistant Secretary for Fair Housing and Equal Opportunity. The request must be supported by the text of the jurisdiction's fair housing law, the law creating and empowering the agency, all laws referenced in the jurisdiction's fair housing law, any regulations and directives issued under the law, and any formal opinions of the State Attorney General or the chief legal officer of the jurisdiction that pertain to the jurisdiction's fair housing law.

B. Information Related to Agency Performance

Once agencies are deemed substantially equivalent and are participating in the FHAP, HUD collects sufficient information to monitor agency performance in accordance with 24 CFR 115.206, which sets forth the performance standards for agencies participating in the FHAP. These standards are meant to ensure that the state or local law, both "on its face" and "in operation," provides substantive rights, procedures, remedies, and judicial review procedures for alleged discriminatory housing practices that are substantially equivalent to those provided in the FHA. In addition, HUD collects sufficient information to monitor agency compliance with 24 CFR 115.307 and 24 CFR 115.308, which set forth requirements for FHAP participation and reporting and record keeping requirements including, but not limited to, the requirement that FHAP agencies use HUD's official complaint

data information system, and input complaint processing information into that system in a timely manner.

Frequency of Submission: The Department estimates that requests for

substantial equivalence will have the following reporting burdens:

	Number of respondents	×	Annual responses	×	Hours per response	=	Burden hours
Reporting Burden	10		6		15		900

The Department estimates that reporting information related to agency

performance will have the following reporting burdens:

	Number of respondents	×	Annual responses	×	Hours per response	=	Burden hours
Reporting Burden	100		33		20		66,000

Total Estimated Burden Hours:
69,900.

Status: Extension of currently approved collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: February 9, 2011.

Lynn M. Grosso,

Director, Office of Enforcement, Office of Fair Housing and Equal Opportunity.

SUPPLEMENTARY INFORMATION:

I. Abstract

This Notice supplements the Notices that were published on August 30, 2010 and September 8, 2010.

Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an information collection activity that the Office of the Secretary has revised and resubmitted to OMB.

This Notice is being published in order to provide the public with an opportunity to comment on revisions to the Klamath Non-use Valuation survey.

On August 30, 2010, the Agency published a 30-day notice requesting comments and received one general comment on the overall design of the project, but no comments on the survey instrument. The pilot test was approved by OMB on December 14, 2010. However, the Agency received additional comments on the survey instrument subsequent to the approval of the information collection by OMB. These comments focused on the background material and description of the no action and action alternatives. Revisions were made in response to these comments.

While the revised survey is being tested using cognitive interviews, individuals can submit comments to OMB on the revised survey at the address above.

The Klamath River provides habitat for fall and spring run Chinook salmon (*Oncorhynchus tshawytscha*), coho salmon (*Oncorhynchus kisutch*), steelhead trout (*Oncorhynchus mykiss*), green sturgeon (*Acipenser medirostris*), Pacific lamprey (*Lampetra tridentate*), and Pacific eulachon (*Thaleichthys pacificus*). Some of these species are important components of non-tribal harvest (e.g., fall Chinook, steelhead), some have important subsistence and cultural value to Klamath Basin tribes (e.g., salmon, sturgeon, lamprey, eulachon), and some are at low levels of abundance or Endangered Species Act-listed (e.g., spring Chinook, lamprey, coho, eulachon).

Studies on the potential removal of four dams on the Klamath River owned by PacifiCorp are being conducted as a result of the Klamath Hydroelectric Settlement Agreement (KHSA) executed February 18, 2010. Under the KHSA, the Secretary of the Interior is to determine by March 31, 2012, whether the potential removal of these dams will advance restoration of the salmonid fisheries of the Klamath Basin and is in
