Federal Emergency Management Agency

44 CFR Part 67

Docket ID FEMA–2010–0003

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained

by contacting the office where the maps are available for inspection as indicated in the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–4064, or (e-mail) luis.rodriquez1@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Federal Insurance and Mitigation Administrator has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain

management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

■ 1. The authority citation for part 67 continues to read as follows:

SUPPLEMENTARY INFORMATION: The Commission's Rules of Practice and Procedure, 46 CFR part 502, govern procedures before the Commission. 46 CFR 502.1-502.991. The rules are in place to secure just, speedy, and inexpensive resolution of proceedings before the Commission. After review of the procedural rules in their current form, the Commission has found that certain provisions have become outdated, unclear, or unduly burdensome. Therefore, the Commission has determined to amend part 502 of Title 46 of the Code of Federal Regulations to update and improve the Commission's Rules of Practice and Procedure.

As a first step in updating and improving its procedural rules, the Commission is making changes to Subparts A, H, I, S, and T of its Rules of Practice and Procedure. A number of technical, non-substantive changes are made to other Subparts of the rules. This Final Rule also includes corrections of some typographical errors in the rules.

The most notable changes are as follows:

Section 502.2

The Commission has clarified the provisions for electronic filing of documents and has amended the number of copies to be filed in Commission proceedings. Previously, in proceedings before the Commission, an

original and fifteen (15) copies of certain documents filed and served in the proceedings were required to be furnished for the Commission's use and an original and four (4) copies of other documents were required to be furnished. The Commission is now requiring the filing of an original and five (5) copies of all documents filed in order to simplify this requirement, to reduce the burden on parties to Commission proceedings, and to reduce paper waste. The rule as revised requests that filings also be sent in PDF form when possible, either through electronic e-mail ("e-mail") or on an electronic storage device.

As many parties currently transmit documents by electronic means (except for initial filing of complaints and claims), the Commission has determined to accommodate electronic submission of documents for the purpose of meeting filing deadlines if the original and five (5) copies follow immediately by mail or courier. This Final Rule includes new rules for such electronic submission of documents to the Commission, and removes reference to facsimile transmissions.

To facilitate communications and service of documents, the amended rule requires all parties to provide the Commission and all other parties with accurate and current contact information.

The Final Rule amends the requirement to file discovery materials. The previous rule, 46 CFR 502.118(b)(3)(i) (repealed by this Final Rule) required parties to file with the Commission a single copy of discovery
