A land-based site visit to the proposed cable landfall location(s) will take place after the meeting.

Anyone in need of directions may contact Mr. Stephen Barrett at: (781) 852 3125, or via e-mail at: sbarrett@hmmh.com.

m. *MEPA Review:* Edgartown filed an expanded Environmental Notification Form (ENF) for the Muskeget Channel Tidal Energy Project with the MEPA Office. Edgartown is requesting a single Environmental Impact Report (EIR) rather than the typical two-stage draft and final EIR. Any agency or person may comment on the expanded ENF and the proposed project, including: feasible alternatives, potential environmental impacts, potential mitigation measures, and what additional information and analysis to require in the scope for the EIR. A MEPA public consultation session will be held on March 7, 2011, in conjunction with the Commission's technical meeting. Written comments on the ENF must be sent to the MEPA office by March 17, 2011. Please mail your comments to:
