Notice of Realty Action: Proposed Direct Sale of Public Land in Shoshone County, ID**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice of Realty Action.**SUMMARY:** The Bureau of Land Management (BLM) proposes to sell a 0.07-acre parcel of public land in Shoshone County, Idaho, to Sunshine Precious Metals, Inc. (Sunshine) for the appraised fair market value of \$280.**DATES:** Comments regarding the proposed sale must be received by the BLM on or before April 15, 2011.**ADDRESSES:** Written comments concerning this proposed sale may be submitted to Field Manager, BLM Coeur d'Alene Field Office, 3815 Schreiber Way, Coeur d'Alene, Idaho 83815.**FOR FURTHER INFORMATION CONTACT:** Janna Paronto, Realty Specialist, at 3815 Schreiber Way, Coeur d'Alene, Idaho 83815 or phone (208) 769-5037.**SUPPLEMENTARY INFORMATION:** On February 6, 2008, a Notice of Realty Action (NORA) was published in the *Federal Register* announcing the proposed direct sale and segregation of 5.07 acres of public land in Shoshone County, Idaho. No public comments were received as a result of the publication of the NORA. At this time, the BLM is no longer proposing to sell the 5-acre parcel and is announcing the proposal to sell only the 0.07-acre parcel, measuring 952 feet long and averaging about 3 feet wide. This sale will be made by direct sale to Sunshine in accordance with Sections 203 and 209 of the Federal Land Policy and Management Act of 1976 (FLPMA), as amended (43 U.S.C. 1713 and 1719):**Boise Meridian**T. 48 N., R. 3 E.,
Sec. 15 lot 24.

Containing 0.07 acre, more or less.

The area described contains 0.07 acre in Shoshone County, and its appraised fair market value is \$280 based on an approved BLM appraisal. A copy of the appraisal is available for review at the location identified in **ADDRESSES** above. The 2007 BLM Coeur d'Alene Resource Management Plan identifies this parcel of public land as suitable for disposal through direct sale to the historic land user. This parcel is not needed for any Federal purpose and is difficult and

uneconomic to manage as public land. The BLM is proposing a direct sale of the 0.07-acre parcel, which is the smallest legal subdivision that can be used to describe this sliver of public land, to Sunshine. A direct sale is appropriate because Sunshine has used/occupied a building(s) located on this parcel since the 1930s. The public interest would be best served by disposing of this parcel to the user/occupant by direct sale. The disposal parcel contains no known mineral values and the conveyance would include the simultaneous conveyance of the Federal mineral interests with the sale of the land. In addition to the appraised fair market value, Sunshine would be required to pay a \$50 nonrefundable filing fee for conveyance of the mineral interests. Any patent issued will be subject to all valid existing rights of record and contain the following terms, conditions, and reservations.

a. A reservation of a right-of-way to the United States for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945);

b. A notice and indemnification statement under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. 9620(h), indemnifying and holding the United States harmless from any release of hazardous materials that may have occurred. To the extent required by law, the sale will be subject to the requirements of section 120(h) of CERCLA, 42 U.S.C. 9620(h).

Detailed information concerning the proposed land sale including the appraisal, planning and environmental documents, and a mineral report are available for review at the BLM Coeur d'Alene Office at the location identified in the **ADDRESSES** section above. Normal business hours are 7:45 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

Public Comments: Public comments regarding the proposed sale may be submitted in writing to the BLM Coeur d'Alene Field Manager (*see* **ADDRESSES** section) on or before April 15, 2011. Comments received in electronic form, such as e-mail or facsimile, will not be considered. Any adverse comments regarding the proposed sale will be reviewed by the BLM Idaho State Director or other authorized official of the Department of the Interior, who may sustain, vacate, or modify this realty action in whole or in part. In the absence of timely filed objections, this realty action will become the final determination of the Department of the

Interior not less than 60 days from March 1, 2011.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment; you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BILLING CODE 4310-GG-P**INTERNATIONAL TRADE COMMISSION****Submission for OMB Review; Comment Request****AGENCY:** United States International Trade Commission.**ACTION:** Notice of proposed collection; comment request.

SUMMARY: The proposed information collection is a 3-year extension, pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104-13) (the "Act"), of the current generic survey clearance previously approved by the Office of Management and Budget ("OMB"). The clearance is used by the U.S. International Trade Commission ("Commission") to issue information collections (specifically, producer, importer, purchaser, and foreign producer questionnaires and certain institution notices) for a series of import injury investigations that are required by the Tariff Act of 1930 and the Trade Act of 1974. The current generic survey clearance is assigned OMB control No. 3117-0016; it will expire on June 30, 2011. Comments concerning the proposed information collections are requested in accordance with section 3506(c)(2)(A) of the Act; such comments are described in greater detail in the section of this notice entitled **SUPPLEMENTARY INFORMATION.**

DATES: To be assured of consideration, written comments should be received no later than 60 days after publication of this in the *Federal Register*.**ADDRESSES:** Signed comments should be submitted to James Holbein, Acting Secretary, U.S. International Trade Commission, 500 E St., SW., Washington, DC 20436.

FOR FURTHER INFORMATION CONTACT:

Copies of the proposed collection of information and supporting documentation may be obtained from Jennifer Merrill (USITC, tel. no. 202–205–3188). Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

SUPPLEMENTARY INFORMATION:**Request for Comments**

Comments are solicited as to: (1) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used; (3) the quality, utility, and clarity of the information to be collected; and (4) minimization of the burden of the proposed information collection on those who are to respond (including through the use of appropriate automated, electronic, mechanical, or other technological forms of information technology, *e.g.*, permitting electronic submission of responses).

Summary of the Proposed Information Collections*(1) Need for the Proposed Information Collections*

The information requested in questionnaires and five-year sunset review institution notices issued under the generic survey clearance is utilized by the Commission in the following statutory investigations: Antidumping duty, countervailing duty, escape clause, North American Free Trade Agreement (NAFTA) safeguard, market disruption, and interference with programs of the U.S. Department of Agriculture (USDA). The Commission's generic survey clearance to issue questionnaires will not apply to repetitive questionnaires such as those issued on a quarterly or annual basis or to other investigations and research studies conducted under section 332 of the Trade Act of 1974. The information provided by firms in response to the questionnaires provides the basis for the Commission's determinations in the

above-cited statutory investigations. The submitted data are consolidated by Commission staff and provided to the Commission in the form of a staff report. In addition, in the majority of its investigations, the Commission releases completed questionnaires returned by industry participants to representatives of parties to its investigations under the terms of an administrative protective order, the terms of which safeguard the confidentiality of any business proprietary or business confidential information. Representatives of interested parties also receive a confidential version of the staff report under the administrative protective order. Subsequent party submissions to the Commission during the investigative process are based, in large part, upon their review of the information collected. Included in the proposed generic clearance are the institution notices for the five-year sunset reviews of antidumping and countervailing duty orders and suspended investigations. Responses to the institution notices will be evaluated by the Commission and form much of the record for its determinations to conduct either expedited or full five-year sunset reviews of existing antidumping and countervailing duty orders.

(2) Information Collection Plan

Questionnaires for specific investigations are sent to all identified domestic producers manufacturing the product(s) in question. Importer and purchaser questionnaires are also sent to all substantial importers/purchasers of the product(s). Finally, all foreign manufacturers of the product(s) in question that are represented by counsel are sent questionnaires, and, in addition, the Commission attempts to contact any other foreign manufacturers, especially if they export the product(s) in question to the United States. Firms receiving questionnaires include businesses, farms, and/or other for-profit institutions; responses are mandatory. The institution notices for the five-year sunset reviews are published in the **Federal Register** and solicit comment from interested parties (*i.e.*, U.S. producers within the industry in question as well as labor unions or representative groups of workers, U.S. importers and foreign exporters, and involved foreign country governments).

(3) Description of the Information To Be Collected

Although the content of each questionnaire will differ based on the needs of a particular investigation, questionnaires are based on long-established, generic formats. Producer

questionnaires generally consist of the following four parts: (part I) General questions relating to the organization and activities of the firm; (part II) data on capacity, production, inventories, employment, and the quantity and value of the firm's shipments and purchases from various sources; (part III) financial data, including income-and-loss data on the product in question, data on asset valuation, research and development expenses, and capital expenditures; and (part IV) pricing and market factors. (Questionnaires may, on occasion, also contain part V, an abbreviated version of the above-listed parts, used for gathering data on additional product categories.) Importer questionnaires generally consist of three parts: (part I) General questions relating to the organization and activities of the firm; (part II) data on the firm's imports and the shipment and inventories of its imports; and (part III) pricing and market factors similar to that requested in the producer questionnaire. Purchaser questionnaires generally consist of five parts: (part I) General questions relating to the organization and activities of the firm; (part II) data concerning the purchases of the product by the firm; (part III) market characteristics and purchasing practices; (part IV) comparisons between imported and U.S.-produced product; and (part V) actual purchase prices for specific types of domestic and subject imported products and the names of the firm's vendors. Foreign producer questionnaires generally consist of (part I) general questions relating to the organization and activities of the firm; (part II) data concerning the firm's manufacturing operations; and may include (part III) market factors. The notices of institution for the five-year sunset reviews include 11 specific requests for information that firms are to provide if their response is to be considered by the Commission.

(4) Estimated Burden of the Proposed Information Collection

The Commission estimates that information collections issued under the requested generic clearance will impose an average annual burden of 186,002 burden hours on 4,221 respondents (*i.e.*, recipients that provide a response to the Commission's questionnaires or the notices of institution of five-year sunset reviews). Table 1 lists the projected annual burden for each type of information collection for the July 2011–June 2014 period.

(5) Minimization of Burden

The Commission periodically reviews its investigative processes, including data collection, to reduce the

information burden. Questionnaires clearly state that estimates are acceptable for certain items. They are designed in part with check-in type formats to simplify the response. The reporting burden for smaller firms is reduced in that the sections of the questionnaire that are applicable to their operations are typically more limited. Requests by parties to expand the data collection or add items to the questionnaire for specific investigations

may not be accepted if the Commission believes such requests will increase the response burden while not substantially adding to the investigative record. Completed questionnaires have traditionally been returned to the Commission in paper form, however the Commission is promoting options for electronic submission. For example, the Commission provides the questionnaires on the Commission's Web site in a fillable Word format and

has created a secure drop box which questionnaire respondents can use to securely upload completed questionnaires. The information provided in response to its notices of institution for the five-year sunset reviews is typically submitted in document form directly to the Office of the Secretary although it may be submitted to the Commission's Electronic Data Information System (EDIS) and Electronic Docket.

TABLE 1—PROJECTED ANNUAL BURDEN DATA, BY TYPE OF INFORMATION COLLECTION, JULY 2008–JUNE 2011

Item	Producer questionnaires	Importer questionnaires	Purchaser questionnaires	Foreign producer questionnaires	Institution notices for 5-year reviews	Total
Number of respondents	751	1,279	988	1,119	84	4,221
Frequency of response	1	1	1	1	1	1
Total annual responses	751	1,279	988	1,119	84	4,221
Hours per response	71.5	40.1	35.1	40.6	10.9	44.1
Total hours	53,672	51,292	34,678	45,443	917	186,002

No record keeping burden is known to result from the proposed collection of information.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled *In Re Certain Glassware*, DN 2788; the Commission is soliciting comments on any public interest issues raised by the complaint.

FOR FURTHER INFORMATION CONTACT: James R. Holbein, Acting Secretary to the Commission, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. The public version of the complaint can be accessed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>, and will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E

Street, SW., Washington, DC 20436, telephone (202) 205-2000.

General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint filed on behalf of Boston Beer Corporation on February 18, 2011. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain glassware. The complaint names as respondents 1 Source Signature Glassware, Inc. of Chandler, AZ; di Sciacca Co. of Chandler, AZ; and San Tan Brewing Co. of Chandler, AZ.

The complainant, proposed respondents, other interested parties, and members of the public are invited to file comments, not to exceed five pages in length, on any public interest issues raised by the complaint. Comments should address whether issuance of an exclusion order and/or a cease and desist order in this investigation would negatively affect the public health and welfare in the United States, competitive conditions in the United States economy, the production

of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the orders are used in the United States;

(ii) Identify any public health, safety, or welfare concerns in the United States relating to the potential orders;

(iii) Indicate the extent to which like or directly competitive articles are produced in the United States or are otherwise available in the United States, with respect to the articles potentially subject to the orders; and

(iv) Indicate whether Complainant, Complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to an exclusion order and a cease and desist order within a commercially reasonable time.

Written submissions must be filed no later than by close of business, five business days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation.

Persons filing written submissions must file the original document and 12 true copies thereof on or before the deadlines stated above with the Office of the Secretary. Submissions should refer to the docket number ("Docket No. 2787") in a prominent place on the cover page and/or the first page. The Commission's rules authorize filing
