Overview of This Information

(1) *Type of Information Collection:* Approval of an Existing Collection.

(2) *Title of the Forms:* The National Instant Criminal Background Check system (NICS) Point of contact (POC) State Final Determination Electronic Submission.

(3) *Agency Form Number, if any, and the applicable component of the department sponsoring the collection:*
Form Number: 1110-0035.

Sponsor: Criminal Justice Information Services (CJIS) Division of the Federal Bureau of Investigation (FBI), Department of Justice (DOJ).

(4) *Affected Public who will be asked or required to respond, as well as a brief abstract:*

Primary: Full Point of Contact (POC) States, Partial POC States, the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)-qualified Alternate Permit States.

Brief Abstract: This collection is requested of Full Point of Contact (POC) States, Partial POC States, and the

Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)-qualified Alternate Permit States. Per 28 Code of Federal Regulations, Section 25.6(h), POC States are required to transmit electronic determination messages to the Federal Bureau of Investigation (FBI) Criminal Justice Information Services Division's National Instant Criminal Background Check System (NICS) Section of the status of a firearm background check in those instances in which a transaction is "open" (transactions unresolved before the end of the operational day on which the transaction was initiated); "denied" transactions; transactions reported to the NICS as open and subsequently changed to proceed; and overturned denials. The State POC must communicate this response to the NICS immediately upon communicating their determination to the Federal Firearms Licensee or in those cases in which a response has not been communicated, no later than the end of the operational day in which the transaction was initiated. For those responses that are not received, the NICS will assume the transaction resulted in a "proceed."

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:*

There are 21 POC States who are required to submit electronic notifications to the FBI CJIS Division's NICS Section and 18 ATF-qualified Alternate Permit States voluntarily submit electronic notifications to the FBI CJIS Division's NICS Section. Both POC States and ATF-qualified Permit States conduct an average of 5,313,445 transactions per year. It is estimated that 26 percent would be affected by this collection and would require electronic messages sent to the NICS. This translates to 1,381,496 transactions, which would be the total number of annual responses. The other 74 percent would not be reported in this collection. It is estimated it will require one minute (60 seconds) for each POC State to transmit the information per transaction to the NICS. Thus, it is estimated that collectively all respondents will spend 23,024 hours yearly submitting determinations to the NICS. If the number of transactions were distributed evenly among the POC States, then 590 hours would be the estimated time for each of the 39 states to respond. Record keeping time is part of the routine business process and is not part of this calculation.

(6) *An estimate of the total public burden (in hours) associated with the collection:*

The average yearly hour burden for submitting final determinations combined is: (5,313,445 total checks × 26 percent)/60 seconds = 23,024 hours.
