## Foreign-Trade Zones Board

[Order No. 1745]

**Grant of Authority for Subzone Status  
Klaussner Home Furnishings  
(Upholstered Furniture) Asheboro and  
Candor, NC**

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

*Whereas*, the Foreign-Trade Zones Act provides for “\* \* \*the establishment \* \* \* of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

*Whereas*, the Board’s regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved, and when the activity results in a significant public benefit and is in the public interest;

*Whereas*, the Piedmont Triad Partnership, grantee of Foreign-Trade Zone 230, has made application to the Board for authority to establish a special-purpose subzone at the upholstered furniture manufacturing facilities of Klaussner Home Furnishings located in Asheboro and Candor, North Carolina (FTZ Docket 59–2009, filed 12–16–2009);

*Whereas*, notice inviting public comment has been given in the **Federal Register** (74 FR 69329, 12–31–2009) and the application has been processed pursuant to the FTZ Act and the Board’s regulations; and,

*Whereas*, the Board adopts the findings and recommendations of the examiner’s report, and finds that the requirements of the FTZ Act and Board’s regulations would be satisfied, and that the proposal would be in the public interest if subject to the restrictions listed below;

*Now, Therefore*, the Board hereby grants authority for subzone status for activity related to the manufacture of upholstered furniture at the Klaussner Home Furnishings facilities located in Asheboro and Candor, North Carolina (Subzone 230D), as described in the application and **Federal Register** notice, subject to the FTZ Act and the Board’s regulations, including Section 400.28,

and further subject to the following conditions:

1. The annual quantitative volume of foreign micro-denier suede upholstery fabric finished with a hot caustic soda solution that Klaussner Home Furnishings may admit to the proposed subzone under nonprivileged foreign status (19 CFR 146.42) is limited to 5.79 million square yards.

2. Klaussner Home Furnishings must admit all foreign-origin upholstery fabrics other than micro-denier suede fabric finished with a hot caustic soda solution to the proposed subzone under domestic (duty-paid) status (19 CFR 146.43).

3. For the purpose of monitoring by the FTZ Staff, Klaussner Home Furnishings shall submit additional operating information to supplement its annual report data.

4. The subzone authority for the Klaussner Home Furnishings facilities shall remain in effect for a period of five years from the date of approval by the FTZ Board.

Signed at Washington, DC, this 18 day of February 2011.

**Ronald K. Lorentzen**,

*Deputy Assistant Secretary for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.*

ATTEST:

**Andrew McGilvray**,  
*Executive Secretary.*

Administration**

**RIN 0648–XA222**

**Gulf Spill Restoration Planning; Public  
Scoping Meetings for the  
Programmatic Environmental Impact  
Statement for the Deepwater Horizon  
Oil Spill**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce.

**ACTION:** Notice; public scoping meetings.

**SUMMARY:** In a February 17, 2011, **Federal Register** notice, the National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service (NMFS) announced in a notice of intent that it, on behalf of the Trustee Council, will begin restoration scoping and preparation of a Programmatic Environmental Impact Statement (PEIS)

for the Deepwater Horizon Oil Spill that began on April 20, 2010, Mississippi Canyon Block 252 (“the Oil Spill”). The notice announced NOAA’s intent to hold public scoping meetings in eleven (11) locations in the five Gulf of Mexico States and in Washington, DC, but it did not include meeting details. The meeting details for these locations are available now.

The purpose of the Gulf Spill Restoration Planning PEIS is to identify restoration types and establish a programmatic framework and procedures that will enable the Trustees to expedite the selection and implementation of restoration projects to compensate the public and the environment for loss of natural resources and services from the Oil Spill.

**DATES:** All public scoping meetings will begin at 7:30 p.m. (local time) and doors will open at 6:30 p.m., except in Grand Isle, Houma, and Morgan City, Louisiana, which will start at 6:30 p.m. and open doors at 5:30 p.m. For scoping meetings dates and locations see Scoping Meetings under the **SUPPLEMENTARY INFORMATION** section.

**ADDRESSES:** Written scoping comments on suggested restoration types should be sent to: NOAA Restoration Center, Attn: DWH PEIS Comments, 263 13th Avenue South, Suite 166, St. Petersburg, FL 33701. Electronic comments are strongly encouraged, and can be submitted to <http://www.gulfspillrestoration.noaa.gov>. All written comments must be received by the close of the scoping process to be considered. Scoping will close 90 days after the February 17, 2011 NOI, on Tuesday, May 18, 2011. A public announcement will be provided in a future **Federal Register** document to remind the public at the end of the scoping period.

- National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce is the lead agency for the preparation of the PEIS on behalf of United States Department of the Interior (on behalf of the Fish and Wildlife Service, the National Park Service, the Bureau of Land Management and the Bureau of Indian Affairs) ("DOI"); the Louisiana Coastal Protection and Restoration Authority, the Louisiana Oil Spill Coordinator's Office, the Louisiana Department of Environmental Quality, the Louisiana Department of Wildlife and Fisheries, and the Louisiana Department of Natural Resources, for the State of Louisiana; the Mississippi Department of Environmental Quality, for the State of Mississippi; the Alabama Department of Conservation and Natural Resources and the Geological Survey of

Alabama, for the State of Alabama; the Florida Department of Environmental Protection and the Florida Fish and Wildlife Conservation Commission for the State of Florida; and the Texas Parks and Wildlife Department, Texas General Land Office, and the Texas Commission on Environmental Quality, for the State of Texas. The notice of intent to begin restoration scoping and prepare a Programmatic Environmental Impact Statement published at 76 FR 9327, February 17, 2011.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, and the Council on Environmental Quality regulations implementing NEPA under 40 CFR Chapter V applies to restoration actions by Federal trustees. The Federal and state Trustees will be developing a PEIS to help guide restoration actions associated with the Natural Resource Damage Assessment (NRDA) for the Oil Spill. The PEIS will assess the environmental, social, and economic attributes of the affected environment and the potential consequences of alternative actions to restore, rehabilitate, replace, or acquire the equivalent of natural resources and services potentially injured by the spill. A PEIS may generally be prepared to evaluate actions that encompass a large geographic scale. Tiered analyses considering particular restoration actions may be required in the future as specific plans for implementing particular alternatives are established.

The purpose of the scoping process is to identify the concerns of the affected public and for the Federal agencies, states, and Indian tribes to involve the public early in the decision making process, facilitate an efficient PEIS preparation process, define the issues and alternatives that will be examined in detail, and save time by ensuring that draft documents adequately address relevant issues. The scoping process reduces paperwork and delay by ensuring that important issues are addressed early. Following the scoping process, the Trustees will prepare a draft PEIS, at which time the public will be encouraged to comment on the document. Similar to the scoping process, public comment meetings will be held at that time to gather oral and written public input on the draft PEIS.

In compliance with 15 CFR 990.45, the Trustees will prepare an Administrative Record (AR). The AR will include documents that the Trustees relied on during the development of the PEIS. After preparation, the Record will be on file at the NOAA Restoration Center in Silver Spring, MD, and duplicate copies will be maintained at the following Web

site: <http://www.darrp.noaa.gov/>. The specific web page will be provided in the next public notice.

The draft PEIS document is intended to be released for public comment by Fall/Winter, 2011. Specific dates and times for future events will be publicized when scheduled.

Dated: February 23, 2011.
