**SUPPLEMENTARY INFORMATION:** The underlying investigation was instituted on May 7, 2007, based on a complaint filed by Global Locate, Inc., a subsidiary of Broadcom Corporation (collectively, "Broadcom"). 72 FR 25777 (2007). The complaint alleged violations of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain GPS devices and products containing the same by reason of infringement of various claims of U.S. Patents. The complaint in the underlying investigation named various respondents. On January 15, 2009, the Commission found a violation of section 337 by the respondents by reason of infringement of all asserted patents. The Commission issued a limited exclusion order and cease-and-desist orders against the respondents. Respondents subsequently appealed the Commission's final determination to the United States Court of Appeals for Federal Circuit ("Federal Circuit"). In a precedential opinion issued April 12, 2010, the Federal Circuit affirmed the Commission's Final Determination in all respects.

On August 16, 2010, the Commission instituted modification proceedings based on a petition seeking modification of the Commission's remedial orders filed by the respondents. On December 7, 2010, the Commission also instituted enforcement proceedings based on an enforcement complaint filed by Broadcom.

On January 14, 2011, Broadcom and the respondents filed joint motions to terminate these proceedings based on a settlement agreement. On January 27, 2011, the Commission investigative attorney supported the joint motions for termination.

On January 28, the ALJ granted the joint motions to terminate these proceedings and issued the subject IDs.

No petitions for review of the IDs were filed. The Commission has determined not to review the subject IDs.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 CFR 210.42).

Issued: February 28, 2011.

By order of the Commission.

## OFFICE OF THE FEDERAL REGISTER

### Publication Procedures for Federal Register Documents During a Funding Hiatus

**AGENCY:** Office of the Federal Register.

**ACTION:** Notice of special procedures.

**SUMMARY:** In the event of an appropriations lapse, the Office of the Federal Register (OFR) would be required to publish documents directly related to the performance of governmental functions necessary to address imminent threats to the safety of human life or protection of property. Since it would be impracticable for the OFR to make case-by-case determinations as to whether certain documents are directly related to activities that qualify for an exemption under the Antideficiency Act, the OFR will place responsibility on agencies submitting documents to certify that their documents relate to emergency activities authorized under the Act.

#### FOR FURTHER INFORMATION CONTACT:

Amy Bunk, Director of Legal Affairs and Policy, or Miriam Vincent, Staff Attorney, Office of the Federal Register, National Archives and Records Administration, (202) 741-6030 or [Fedreg.legal@nara.gov](mailto:Fedreg.legal@nara.gov).

**SUPPLEMENTARY INFORMATION:** Due to the possibility of a lapse in appropriations and in accordance with the provisions of the Antideficiency Act, as amended by Public Law 101-508, 104 Stat. 1388 (31 U.S.C. 1341), the Office of the Federal Register (OFR) announces special procedures for agencies submitting documents for publication in the **Federal Register**.

In the event of an appropriations lapse, the OFR would be required to publish documents directly related to the performance of governmental functions necessary to address imminent threats to the safety of human life or protection of property. Since it would be impracticable for the OFR to make case-by-case determinations as to whether certain documents are directly related to activities that qualify for an exemption under the Antideficiency Act, the OFR will place responsibility on agencies submitting documents to certify that their documents relate to emergency activities authorized under the Act.

During a funding hiatus affecting one or more Federal agencies, the OFR will remain open to accept and process documents authorized to be published in the daily **Federal Register** in the absence of continuing appropriations. An agency wishing to submit a document to the OFR during a funding hiatus must attach a transmittal letter to the document which states that publication in the **Federal Register** is necessary to safeguard human life, protect property, or provide other emergency services consistent with the performance of functions and services exempted under the Antideficiency Act.
