A. Participating Agencies

SSA and BPD.

B. Purpose of the Matching Program

The purpose of this matching program is to set forth the conditions, terms, and safeguards under which BPD will disclose ownership of Savings Securities to us. This disclosure will provide us with information necessary to verify an individual's self-certification of his/her financial status to determine eligibility for low income subsidy assistance in the Medicare Part D prescription drug benefit program established under the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Pub. L. 108-173).

C. Authority for Conducting the Matching Program

Section 1860D-14 of the Social Security Act (42 U.S.C. 1395w-114) requires the Commissioner of SSA to verify the eligibility of an individual who seeks to be considered as a low-income subsidy eligible individual under the Medicare Part D prescription drug benefit program and who self-

certifies his/her income, resources, and family size.

D. Categories of Records and Persons Covered by the Matching Program

1. Systems of Records

We will provide BPD with a finder file containing social security numbers (SSNs) extracted from the Medicare database. BPD will match the SSNs in the finder file with the SSNs in its Savings Securities registration systems. These records are included under the systems of records Treasury/BPD.002, United States Savings-Type Securities, and Treasury/BPD.008, Retail Treasury Securities Access Application, last published on June 10, 2005 at 70 FR 33942 and 33952, respectively.

We will then match the BPD data with a comparison file compiled of records from our expanded Medicare Database (MDB) File system of records in order to support our administration of the prescription drug subsidy program. The MDB File system of records notice (No.60-0321) was published at 69 FR 77816 on December 28, 2004 and 71 FR 42159-42164 on July 25, 2006. The MDB File is a repository of Medicare applicant and beneficiary information, which collects and maintains information related to Medicare Parts A and B, Medicare Advantage Part C, and Medicare Part D.

2. Number of Records

The number of records matched each year is determined in part by the number of people who file for subsidy for Part D. BPD will perform the automated matching with its computer systems and provide the response file to us as soon as possible. This agreement covers the following matches:

a. Screening for Potential Recipients

This screening will involve an ongoing weekly match with file sizes varying from 13,000 to 140,000 records containing potential applicants and those recipients who notify us of a change.

b. Screening To Confirm Eligibility

To confirm eligibility of individuals receiving Medicare Part D subsidies, an ongoing yearly match of approximately two million recipients each year will be performed.

3. Specified Data Elements for Definitive Records

a. We will furnish BPD with the SSN for each individual for whom Savings Securities registration information is being requested.

b. When a match occurs on an SSN, BPD will disclose the following: The

denomination of the security, the serial number, the series, the issue date of the security, the current redemption value, and the return date of the finder file.

4. Specified Data Elements for Book Entry Records

a. We will furnish BPD with the SSN for each individual for whom Savings Securities registration information is being requested.

b. When a match occurs on an SSN, BPD will disclose the following: the purchase amount, the account number and confirmation number, the series, the issue date of the security, the current redemption value, and the return date of the finder file.

E. Inclusive Dates of the Matching Program

The effective date of this matching program is April 1, 2011; provided that the following notice periods have lapsed: 30 days after publication of this notice in the FR and 40 days after notice of the matching program is sent to Congress and OMB. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.
