

issued a memorandum of intent to rescind the antidumping administrative review with respect to Gangyuan and Shanghai Jinneng and provided parties with an opportunity to comment on the Department's intent to rescind the review. *See* Silicon Metal From the People's Republic of China: Memorandum of Intent to Rescind Antidumping Duty Administrative Review, in Part, dated February 15, 2010. No parties commented on the Department's intent to rescind the review.

Rescission of Review

The Department may rescind an administrative review with respect to an exporter or producer if the Department concludes that there were no entries, exports, or sales of the subject merchandise to the United States during the POR. *See* 19 CFR 351.213(d)(3). As noted above, Gangyuan and Shanghai Jinneng reported that they did not have any entries of subject merchandise during the POR. To test Gangyuan's and Shanghai Jinneng's claim, the Department examined the CBP documentation, and found that the record provides no information to contradict Gangyuan's and Shanghai Jinneng's claim of no sales or shipments to the United States during the POR. Accordingly, pursuant to 19 CFR 351.213(d)(3), since there were no entries, export or sales of the subject merchandise by Gangyuan and Shanghai Jinneng during the POR, the Department has determined to rescind this administrative review with respect to these two companies.

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the date of publication of the notice of initiation of the requested review. The Department may extend this time limit if it decides that it is reasonable to do so. As noted above, Globe withdrew its request for review of Zhejiang on January 11, 2011. While Globe withdrew its request for an administrative review after the 90-day deadline, the Department has determined that it is reasonable to extend the time for Globe to file a withdrawal of its request for a review of Zhejiang because the review is not at an advanced stage such that significant resources have been expended in conducting the review. Accordingly, in accordance with 19 CFR 351.213(d)(1), we are also rescinding this review of the antidumping duty order with respect to Zhejiang.

Assessment

The Department intends to issue assessment instructions to CBP 15 days after publication of this rescission notice. The Department will instruct CBP to assess antidumping duties at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i).

Notification to Parties

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: February 28, 2011.

Gary Taverman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Form Number: None.

Type of Review: Regular submission (renewal of a current information collection).

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 2,000.

Estimated Time per Response: 45 minutes.

Estimated Total Annual Burden Hours: 1,500.

Estimated Total Annual Cost to Public: \$20,000.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques

or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: March 2, 2011.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Dr. Ronald J. Salz, (301) 713-2328 or ron.salz@noaa.gov

SUPPLEMENTARY INFORMATION:

I. Abstract

The Large Pelagic Fishing Survey consists of dockside and telephone surveys of recreational anglers for large pelagic fish (tunas, sharks, and billfish) in the Atlantic Ocean. The survey provides the National Marine Fisheries Service (NMFS) with information to monitor catch of bluefin tuna, marlin and other federally-managed species. Catch monitoring in these fisheries and collection of catch and effort statistics for all pelagic fish is required under the

Atlantic Tunas Convention Act and the Magnuson-Stevens Fishery Conservation and Management Act. The information collected is essential for the United States (U.S.) to meet its reporting obligations to the International Commission for the Conservation of Atlantic Tuna.

II. Method of Collection

Dockside and telephone interviews are used. In lieu of telephone interviews, respondents may also provide information via faxed logsheets or online via a Web tool.

III. Data

OMB Control Number: 0648-0380.

Form Number: None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Individuals or households; business or other for-profit organizations.

Estimated Number of Respondents: 18,000.

Estimated Time per Response: 8 minutes for a telephone interview; 5 minutes for a dockside interview; 1½ minutes to respond to a follow-up validation call for dockside interviews; 1 minute for a biological sampling of catch; 28 minutes for a headboat effort and catch survey; 6 minutes for NC winter bluefin tuna dockside interview.

Estimated Total Annual Burden Hours: 4,894.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
