

supporting, or life sustaining, if FDA finds that such a device should be subject to part 803 in order to protect the public health (section 519(a)(1)(B)(i)(III) of the FD&C Act). If such class I or class II devices are not the subject of an FDA notice or letter, the malfunction reports for these devices are to be submitted in accordance with the criteria established by the Secretary (and, by delegation, FDA), which criteria shall require the reports to be in summary form and made on a quarterly basis (section 519(a)(1)(B)(ii) of the FD&C Act).

Under section 519(a) of the FD&C Act, as amended by FDAAA, there is no change to the obligation for an importer to submit malfunction reports to the manufacturer in accordance with part 803 for devices that it imports into the United States (section 519(a)(1)(B)(iii) of the FD&C Act).

FDA intends to provide notice in the **Federal Register** that lists the types of devices that should be subject to part 803 in order to protect the public health, as required by section 519(a)(1)(B)(i)(III) of the FD&C Act. In addition, FDA intends to, by rulemaking, establish malfunction reporting criteria for devices subject to section 519(a)(1)(B)(ii) of the FD&C Act. In the interim, in the interest of public health, FDA is publishing this notice under section 519(a)(1)(B)(i)(III), to clarify that, to the extent there is any confusion as to current malfunction reporting requirements, all device manufacturers and importers of class I and those class II devices that are not permanently implantable, life supporting, or life sustaining, must continue to report in full compliance with part 803, pending further FDA notice under section 519(a)(1)(B)(i)(III), as to specific devices or device types subject to part 803, and the establishment of criteria in accordance with section 519(a)(1)(B)(ii). FDA considers it necessary to subject all such devices to part 803 in the interim, in order to protect the public health by ensuring that there is no gap in malfunction reporting for any device.

II. Comments

Interested persons may submit to the Division of Dockets Management (*see ADDRESSES*) either electronic or written comments regarding this document. It is only necessary to send one set of comments. It is no longer necessary to send two copies of mailed comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Dated: March 2, 2011.

Leslie Kux,

Acting Assistant Commissioner for Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[Docket No. DHS-2010-0055]

Privacy Act of 1974; Department of Homeland Security Office of Operations Coordination and Planning—002 National Operations Center Tracker and Senior Watch Officer Logs System of Records

AGENCY: Privacy Office, DHS.

ACTION: Notice of Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security proposes to establish a new Department of Homeland Security system of records notice titled, "Department of Homeland Security Office of Operations Coordination and Planning—002 National Operations Center Tracker and Senior Watch Officer Logs System of Records." This system of records consists of a National Operations Center and Senior Watch Officer Tracker Logs. The Senior Watch Officer Tracker Log is a synopsis, in the form of a word document, that records all significant information received and actions taken by the Senior Watch Officer during the shift. The National Operations Center Tracker Log is the underlying cumulative repository of responses to all-threats and all-hazards, man-made disasters and acts of terrorism, and natural disasters, and requests for information that require a National Operations Center tracking number. The National Operations Center tracker numbers are used in a wide variety of products originated by the Department or external sources. They are shared
