

2009, the CIT granted the United States' motion for voluntary remand to reconsider whether the separate rate application or other relevant judicial or administrative precedent support a finding that Chenhe and Greening were on notice that they were required to submit, within a set deadline, a certification that they had no shipments during the POR in order for the Department to consider rescinding the administrative review as to both companies.

On July 30, 2010, the Department issued its final results of redetermination. *See* Remand Results. In the redetermination, the Department reconsidered the specific circumstances surrounding Chenhe's and Greening's no-shipment certifications and rescinded the administrative review for both Chenhe and Greening, pending affirmance by the CIT. *Id.* On February 16, 2011, Chenhe moved to dismiss, with prejudice, its complaint and the CIT granted the motion on February 18, 2011. Subsequently, on March 1, 2011, the CIT sustained the Department's remand redetermination with respect to Greening. *See* Judgment.

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the CAFC has held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended ("Act"), the Department must publish a notice of a court decision that is not "in harmony" with a Department determination and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's March 1, 2011 Judgment sustaining the Department's Remand Results with respect to Greening constitutes a final decision of that court that is not in harmony with the Department's *Final Results*. This notice is published in fulfillment of the publication requirements of *Timken*. The cash deposit rate will remain the company-specific rate established for the subsequent and most recent period during which Greening was reviewed. *See Fresh Garlic from the People's Republic of China: Final Results and Partial Rescission of the 14th Antidumping Duty Administrative Review*, 75 FR 34976 (June 21, 2010). However, because Greening had no shipments during the POR not covered by the NSR, there are no entries to suspend during the administrative review POR and, therefore, the Department does not find it necessary to instruct United States Customs and Border Protection to continue to suspend the liquidation of entries pending a "conclusive" court decision.

Amended Final Results

Because there is now a final court decision with respect to Greening, the Department amends its *Final Results*, and is rescinding its review of Greening for the administrative review POR. *See* Judgment; Remand Results.

This notice is issued and published in accordance with sections 516A(e)(1), 751(a)(1), and 777(i)(1) of the Act.

Dated: March 9, 2011.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Cloud Computing Forum & Workshop III

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice of public workshop.

SUMMARY: NIST announces the Cloud Computing Forum & Workshop III to be held on April 7 and 8, 2011. The event will include keynotes from the U.S. Chief Information Officer, NIST Under Secretary of Commerce for Standards and Technology, and other key federal officials. This workshop will provide information on the NIST strategic and tactical Cloud Computing program, including progress on the NIST efforts to advance open standards in interoperability, portability and security in cloud computing. The goals of this workshop are to present updates on: The NIST U.S. Government (USG) Cloud Computing Technology Roadmap; a series of high-value target U.S. Government Agency Cloud Computing Business Use Cases; a first version of a neutral cloud computing reference architecture and taxonomy; the NIST Standards Roadmap and the Standards Acceleration to Jumpstart the Adoption of Cloud Computing (SAJACC) process; and progress by the NIST Cloud Computing Security working group. The event will also include panels focusing on Cloud Computing across the Federal landscape as well as broad private sector topics.

DATES: The Cloud Computing Forum & Workshop III will be held April 7 and 8, 2011.

ADDRESSES: The event will be held at the National Institute of Standards and Technology, 100 Bureau Drive, Gaithersburg, MD 20899 in the Red

Auditorium of the Administration Building, Building 101. All visitors to the NIST site are required to pre-register to be admitted and have appropriate government-issued photo ID to gain entry to NIST. Anyone wishing to attend this meeting must register at <http://www.nist.gov/itl/cloud/cloudworkshopiii.cfm> by close of business Monday, March 28, 2011, in order to attend.

FOR FURTHER INFORMATION CONTACT: For further information contact Robert Bohn by e-mail at robert.bohn@nist.gov or by phone at (301) 975-4500.

SUPPLEMENTARY INFORMATION: On May 20, 2010, NIST hosted the first Cloud Computing Forum & Workshop. The purpose of that initial workshop was to respond to the request of the Federal Chief Information Officer to NIST to lead Federal efforts on standards for data portability, cloud interoperability, and security. The workshop's goals were to initiate engagement with industry to accelerate the development of cloud standards for interoperability, portability, and security; introduce NIST Cloud Computing efforts; and discuss the Federal Government's experience with cloud computing.

The purpose of the second Cloud Computing Forum & Workshop II, on November 4 and 5, 2010, was to report on the status of the efforts and to socialize the NIST strategy to collaboratively develop a Cloud Computing Roadmap among multiple Federal and industrial stakeholders, and to advance a dialogue between these groups. Panel discussions considered the roles of standard organizations and ad-hoc standards in the cloud; need and use of a reference architecture to support cloud adoption; key cloud computing issues and proposed solutions; security in the cloud; and international aspects of cloud computing. Breakout sessions on the following day, November 5, actively engaged stakeholders, discussed these issues, and developed a series of next steps for the effort in cloud computing standards. NIST led and stakeholder driven working groups in Standards, Security, Reference Architecture and Taxonomy, Target USG Agency Business Use Cases and SAJACC were formed.

The purpose of the Cloud Computing Forum & Workshop III is to elaborate on the progress of the NIST USG Cloud Computing Technology Roadmap through the activities of the NIST led, stakeholder driven working groups that were formed during the November 2010 event. The progress of these groups will be presented over a two-day span. Panel

discussions relating to their applicability to the USG need, strategy and next steps will be held.

Dated: March 8, 2011.

Charles H. Romine,

Acting Associate Director for Laboratory Programs.

Gulf Spill Restoration Planning; Public Scoping Meetings for the Programmatic Environmental Impact Statement for the Deepwater Horizon Oil Spill; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce.

ACTION: Notice of public scoping meetings; correction.

SUMMARY: In a March 2, 2011, **Federal Register** notice, the National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service (NMFS) announced the public scoping meeting dates, times, and locations for the Programmatic Environmental Impact Statement for the Deepwater Horizon Oil Spill. There is a date change for the meeting in Washington, DC.

DATES: The public scoping meeting in Washington, DC will begin at 7:30 p.m. (local time) and doors will open at 6:30 p.m.

Correction

The information in **Federal Register** notice 2011-4540, on page 11427, in the first column, under the heading Scoping Meetings, for meeting scheduled in 11. Washington, DC is corrected to read as follows:

11. Wednesday, April 6, 2011: U.S. Department of Commerce, Herbert Hoover Bldg, Auditorium, 1401 Constitution Ave., NW., Washington, DC.

Dated: March 9, 2011.

Patricia A. Montanio,

Director, Office of Habitat Conservation, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XA287

Fisheries of the Gulf of Mexico and South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR Review Workshop for Highly Migratory Species (HMS) sandbar, dusky, and blacknose sharks.

SUMMARY: The SEDAR assessments of the HMS stocks of sandbar, dusky, and blacknose sharks consists of a series of workshops and webinars: A Data Workshop, a series of Assessment webinars, and a Review Workshop.

DATES: The Review Workshop will take place April 18-22, 2011. See

SUPPLEMENTARY INFORMATION for specific dates and times.

ADDRESSES: The Review Workshop will be held at Loews Annapolis Hotel, 126 West Street, Annapolis, MD 21401.

Council Address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie Neer, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; telephone: (843) 571-4366; e-mail: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf

States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop, (2) Assessment Process utilizing webinars and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting Panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGOs; International experts; and staff of Councils, Commissions, and state and federal agencies.

SEDAR 21 Review Workshop Schedule:

April 18-22, 2011; SEDAR 21 Review Workshop

April 18, 2011: 1 p.m.-8 p.m.; April 19-21, 2011: 8 a.m.-8 p.m.; April 22, 2011: 8 a.m.-12 p.m.

The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from, or completed prior to the time established by this notice.

The Review Workshop is an independent peer review of the assessment developed during the Data and Assessment Workshops. Workshop Panelists will review the assessment and document their comments and recommendations in a Consensus Summary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will
