#### **Aleris Blanking and Rim Products, Inc., a Division of Aleris International, Inc., Terre Haute, IN; Notice of Revised Determination on Reconsideration**

On February 18, 2010, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The Department's Notice of determination was published in the **Federal Register** on March 2, 2010 (75 FR 9436-9437). The workers produce aluminum blanks and hoops.

New information revealed that, during the period of investigation, imports of articles like or directly competitive with aluminum blanks and hoops produced by the subject firm have increased. Specifically, the Department of Labor conducted a second tier survey of the subject firm's major declining customer regarding their purchases of aluminum blanks and hoops during the relevant period. The survey revealed increased customer reliance on imported aluminum blanks and hoops.

Finally, Section 222(a)(2)(A)(iii) has been met because the increased imports of aluminum blanks and hoops by a second tier customer of the subject firm's major declining customer contributed importantly to the worker group separations and sales/production declines at the subject firm.

#### **Conclusion**

After careful review of the additional facts obtained during the reconsideration investigation, I determine that workers of Aleris Blanking and Rim Products, Inc., a division of Aleris International, Inc., Terre Haute, Indiana, who are engaged in employment related to the production of aluminum blanks and hoops, meet the worker group certification criteria under Section 222(a) of the Act, 19 U.S.C. 2272(a). In accordance with Section 223 of the Act, 19 U.S.C. 2273, I make the following certification:

All workers of Aleris Blanking and Rim Products, Inc., a division of Aleris International, Inc., Terre Haute, Indiana, who became totally or partially separated from employment on or after August 14, 2008, through two years from the date of this revised certification, and all workers in the group threatened with total or partial separation from employment on date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

#### **Amdocs, Inc., Global Support Services, Advertising and Media AT&T Division, New Haven, CT; Notice of Revised Determination on Reconsideration**

By application dated December 22, 2010, the petitioner requested administrative reconsideration of the Department's negative determination regarding the eligibility of workers and former workers of Amdocs, Inc., Global Support Services, Advertising and Media AT&T Division, New Haven, Connecticut to apply for Trade Adjustment Assistance (TAA). The subject workers are engaged in employment related to the supply of development, testing, including sanity and regression testing, and production support services related to computer systems.

During the reconsideration investigation, the Department received information that revealed that the subject firm had shifted to a foreign country a portion of the supply of services like or directly competitive with the services supplied by the subject workers, and that the shift in services contributed importantly to worker group separations at the subject firm.

#### **Conclusion**

After careful review of the additional facts obtained on reconsideration, I determine that workers of the subject firm, who are engaged in employment related to the supply of development, testing, including sanity and regression testing, and production support services related to computer systems, meet the worker group certification criteria under Section 222(a) of the Act, 19 U.S.C. 2272(a).
