

States. Title VI of the RE Act requires that loans are granted only to borrowers who demonstrated that they will be able to repay in full within the time agreed. RUS has established certain standards and specification for materials, equipment and construction to assure that standards are maintained; loans are not adversely affected, and loans are used for intended purposes.

Need and Use of the Information: RUS has developed specific forms for borrowers to use when entering into contracts for goods or services. The information collected is used to implement certain provisions of loan documents about the borrower's purchase of materials and equipment and the construction of its broadband system and is provided on and as needed basis or when the individual borrower undertakes certain projects. The standardization of the forms has resulted in substantial savings to borrowers by reducing preparation of the documentation and the costly review by the government.

Description of Respondents: Business or other for-profit; not-for-profit institutions.

Number of Respondents: 513.

Frequency of Responses: Reporting: On occasion.

Title: WIC Local Agency Directory.

OMB Control Number: 0584-0431.

Summary of Collection: The Supplemental Nutrition Program for Women, Infants, and Children (WIC) is authorized by Section 17 of the Child Nutrition Act (CNA) of 1966 (42 U.S.C. 1786), as amended. The Food and Nutrition Service (FNS) of USDA administers the WIC Program by awarding cash grants to State agencies (generally State health departments). The State agencies award sub-grants to local agencies (generally local health departments and nonprofit organizations) to deliver program benefits and services to eligible participants. Need and Use of the Information: FNS will collect information to maintain a local agency directory that lists the names and addresses of all WIC local agencies. The WIC local agency directory serves as the primary source of data on the number and location of local agencies and is published annually. It is

used to refer individuals to the nearest source of WIC Program services and to maintain continuity of program services to migrant and other transient participants. It is also used as a mailing list to provide local agencies with technical assistance manuals and other information.
