SUPPLEMENTARY INFORMATION:

I. Background

Section 192 of the Workforce Investment Act (Pub. L. 105-220, August 7, 1998) permits states to apply for a workforce flexibility (Work-Flex) waiver authority to implement reforms to their workforce investment systems in exchange for program improvements. The Act provides that the Secretary may grant Work-Flex waiver authority for up to five years pursuant to a Work-Flex Plan submitted by a state. Under Work-Flex, governors are granted the authority to approve requests submitted by their local areas to waive certain statutory and regulatory provisions of WIA Title I programs. States may also request waivers from the Secretary of certain requirements of the Wagner-Peyser Act (Sections 8-10) as well as certain provisions of the Older Americans Act for state agencies that administer the Senior Community Service Employment

Program (SCSEP). The intent of the Work-Flex provision is to provide states and local areas with operational flexibility to improve employment and training program productivity for adult, dislocated, and youth populations. One of the underlying principles for granting Work-Flex waivers is that the waivers will result in improved performance outcomes for persons served and that waiver authority will be granted in consideration of improved performance.

The proposed Work-Flex Quarterly Reporting instructions are slightly different than the currently approved collection. The Department of Labor proposes to eliminate four questions requesting States to provide sums of waivers granted, and replaces it with a question asking States to explain any conditions it imposes on local areas granted a waiver under the Work-Flex authority.

Work-Flex Plan Instructions

States requesting designation as a Work-Flex state must submit a Work-Flex Plan which includes descriptions of:

a. The process by which local areas in the state may submit and obtain approval by the state of applications for waivers of requirements applicable under Title I of WIA, including provisions for public review and comment on local area waiver applications.

b. The statutory and regulatory requirements of Title I that are likely to be waived by the state under the plan.

c. The requirements applicable under Sections 8-10 of the Wagner-Peyser Act that are proposed to be waived, if any.

d. The statutory and regulatory requirements of the Older Americans Act of 1965 applicable to state agencies on aging with respect to administration of the Senior Community Service Employment Program (SCSEP) that are proposed to be waived, if any.

e. The outcomes to be achieved by the waiver authority including, where appropriate, revisions to adjusted levels of performance included in the State or Local Plan under Title I of WIA.

f. Special administrative measures (in addition to current procedures) to be taken to ensure appropriate accountability for Federal funds in connection with the waivers.

g. Prior to submitting a Work-Flex plan, the state must provide all interested parties and the general public adequate notice and a reasonable opportunity for comment on the waivers proposed to be implemented. The plan should describe the process used for ensuring meaningful public comment, including a description of the
