

Force's compilation of systems of records notices apply to this system.

Note: This system of records contains individually identifiable health information. The DoD Health Information Privacy Regulation (DoD 6025.18-R) issued pursuant to the Health Insurance Portability and Accountability Act of 1996, applies to most such health information. DoD 6025.18-R may place additional procedural requirements on the uses and disclosures of such information beyond those found in the Privacy Act of 1974 or mentioned in this system of records notice.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Maintained in hardcopy file folders and electronic storage media.

RETRIEVABILITY:

Electronic and hardcopy files are retrieved by last name and last four digits of Social Security Number (SSN).

SAFEGUARDS:

Records are accessed by person(s) responsible for servicing the record system in performance of their official duties. Records are stored in locked rooms and cabinets and electronic records are accessible by use of the Common Access Card (CAC) and site specific login.

RETENTION AND DISPOSAL:

Retained in office files for two years or when no longer needed for reference, then destroyed by tearing into pieces, shredding, pulping, macerating, burning, or deleting.

SYSTEM MANAGER(S) AND ADDRESS:

Headquarters Air Force Personnel Center, Medical Service Officer Utilization Division, Chief, Medical Retention Standards Branch, Randolph Air Force Base, TX 78150-4727.

NOTIFICATION PROCEDURES:

Individuals seeking to determine whether this system of records contains information on themselves should address written inquiries to Headquarters Air Force Personnel Center, Medical Service Officer Management Division, Chief, Medical Retention Standards Branch, Randolph Air Force Base, TX 78150-4727.

For verification purposes, individual should provide their full name, Social Security Number (SSN), any details, which may assist in locating records, and their signature.

In addition, the requester must provide a notarized statement or an unsworn declaration made in accordance with 28 U.S.C. 1746, in the following format:

If executed outside the United States:

'I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature).'

If executed within the United States, its territories, possessions, or commonwealths: 'I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature).'

RECORD ACCESS PROCEDURES:

Individuals seeking to access records about themselves contained in this system should address written requests to Headquarters Air Force Personnel Center, Medical Service Officer Utilization Division, Chief, Medical Retention Standards Branch, Randolph Air Force Base, TX 78150-4727.

For verification purposes, individual should provide their full name, Social Security Number (SSN), any details which may assist in locating records, and their signature.

In addition, the requester must provide a notarized statement or an unsworn declaration made in accordance with 28 U.S.C. 1746, in the following format:

If executed outside the United States:

'I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature).'

If executed within the United States, its territories, possessions, or commonwealths: 'I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature).'

CONTESTING RECORD PROCEDURES:

The Air Force rules for accessing records and for contesting contents and appealing initial agency determinations are published in 32 CFR part 806b, Air Force Instruction 33-332, Air Force Privacy Program and may be obtained from the system manager.

RECORD SOURCE CATEGORIES:

Information obtained from military and civilian medical institutions and correspondence as related to board proceedings.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Notice of Availability of Draft Environmental Impact Statement for the Proposed Honolulu Seawater Air Conditioning Project, Honolulu, HI

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of Availability.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA), the U.S. Army Corps of Engineers, Honolulu District has prepared a Draft Environmental Impact Statement (DEIS) to inform a decision on an application from Honolulu Seawater Air Conditioning, LLC to construct a seawater air conditioning system (SWAC) at Kaka'ako on the south shore of O'ahu. The applicant's overall project purpose is to provide a renewable-energy air conditioning system for downtown Honolulu buildings. In order to obtain deep, cold seawater to chill fresh water that would circulate through the SWAC system and return it to the ocean after it has passed through onshore heat exchangers, the applicant proposes to construct intake and return pipelines in adjacent coastal waters. The proposed pipeline staging and installation sites are located within the navigable waters of the United States and the proposed activity is subject to the jurisdiction of the U.S. Army Corps of Engineers. Proposed onshore improvements and upland infrastructure are briefly described to provide an overview of the project, but their impacts to terrestrial environmental resources are not a primary focus of the document.

Of primary federal concern are potential effects of proposed in-water construction, including the discharge of fill material at the offshore pipeline receiving pit, and operation of the system on the quality of the human environment. The DEIS considers alternative cooling technologies, cooling station designs and locations, pipeline installation methods, diffuser location and depth, and intake design. It evaluates two alternatives involving different pipeline alignments. Identified environmental resources potentially affected include marine biota and habitat; water quality; navigation and other human use; noise; and air quality.

DATES: All written comments must be postmarked or electronically transmitted on or before May 2, 2011.

ADDRESSES: Comments may be submitted in writing to: Mr. Peter C.

Galloway, Project Manager; U.S. Army Corps of Engineers, Honolulu District; Regulatory Branch (CEPOH-EC-R); Building 230; Fort Shafter, HI 96858-5440. Comments may also be submitted via e-mail to honoluluswac@usace.army.mil.

FOR FURTHER INFORMATION CONTACT:

Peter C. Galloway at (808) 438-8416, or via e-mail at peter.c.galloway@usace.army.mil.

SUPPLEMENTARY INFORMATION: To obtain, utilize, and return deep, cold seawater, Honolulu Seawater Air Conditioning, LLC (applicant) proposes to construct a 63-inch diameter seawater intake pipe extending offshore approximately four miles, to a depth of 1,600 to 1,800 feet; a 54-inch diameter seawater return pipe extending offshore approximately 3,500 feet, to a depth of 150 feet; an on-shore cooling station containing pumps, heat exchangers and auxiliary chillers; and a network of upland distribution pipes to circulate cooled fresh water from the station to customer buildings in the downtown area. In addition, the applicant proposes to use an area along the western shore of Sand Island and the adjoining channel area of Ke'ehi Lagoon for pipeline assembly and staging prior to towing and installing the lines at the project site. Individual pipe segments would be heat-fused to form longer segments and then flange-bolted to form a continuous line.

At the project site, the pipelines would be buried from behind the shore to some depth offshore in order to reduce negative impacts to the benthic environment and to protect the pipes from high waves and storm surge in the nearshore zone. An offshore receiving pit would be excavated and backfilled at the pipeline "breakout" location. The offshore portions of the intake and return pipelines, which would be installed adjacent to each other, would be supported on pre-cast concrete supports which would be placed on the pipelines prior to their filling and sinking at the project site. The seaward end of the intake line would be unscreened and would terminate in a right-angle elbow, such that water would be drawn down into the pipe from about 14 feet above the sea bottom. The seaward end of the return pipeline would terminate in a diffuser section extending from depths of 120 to 150 feet.

The proposed project would involve work or structures in or affecting the course, condition, location or capacity of navigable waters of the United States. It would also involve the discharge of dredged or fill material into waters of the United States. Federal authorization

of the project will therefore require issuance of a Department of the Army (DA) permit pursuant to both Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403) and Section 404 of the Clean Water Act (33 U.S.C. 1344).

USACE invites participation in the EIS process of federal, state and local agencies; Hawaiian organizations, individuals and practitioners; and other interested private organizations and parties.

An electronic version of the DEIS may be viewed by visiting the USACE Honolulu District Web site at <http://www.poh.usace.army.mil> and selecting "Public Notices", then the link provided within the listing for Special Public Notice No. POH-2004-01141. A CD copy of the document may be obtained by contacting Mr. Galloway in writing at the mailing address or the contact e-mail address above. In addition, a hard copy of the DEIS may also be viewed at the Hawaii State Library (Hawaii & Pacific Section), 478 South King Street, Honolulu, Hawai'i 96813.

Dated: February 16, 2011.

Douglas B. Guttormsen,

Lieutenant Colonel, U.S. Army, Commanding.

DEPARTMENT OF EDUCATION

National Professional Development Program; Office of English Language Acquisition, Language Enhancement, and Academic Achievement for Limited English Proficient Students; Overview Information; National Professional Development Program; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2011

Catalog of Federal Domestic Assistance (CFDA) Number: 84.195N.

Dates:

Applications Available: March 18, 2011.

Deadline for Transmittal of Applications: May 2, 2011.

Deadline for Intergovernmental Review: July 5, 2011.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: Section 3131 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), provides for a National Professional Development (NPD) program that will award grants on a competitive basis, for a period of not more than 5 years, to institutions of higher education (in consortia with State educational agencies or local

educational agencies). These grants support professional development activities that are designed to improve classroom instruction for English Learners (ELs) and will assist educational personnel working with such children to meet high professional standards, including standards for certification and licensure as teachers who work in language instruction educational programs or serve ELs.

Grants awarded under this program may be used—

(1) For pre-service professional development programs that will assist local schools and institutions of higher education (IHEs) to upgrade the qualifications and skills of educational personnel who are not certified or licensed, especially educational paraprofessionals;

(2) For the development of program curricula appropriate to the needs of the consortia participants involved; and

(3) In conjunction with other Federal need-based student financial assistance programs, for financial assistance, and costs related to tuition, fees, and books for enrolling in courses required to complete the degree involved, to meet certification or licensing requirements for teachers who work in language instruction educational programs or serve ELs.

Priorities: This notice includes three competitive preference priorities and two invitational priorities. Competitive Preference Priority 1 is from section 75.225 of the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.225). Competitive Preference Priorities 2 and 3 are from the notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486).

Competitive Preference Priorities: For FY 2011, these priorities are competitive preference priorities. For Competitive Preference Priority 1, under 34 CFR 75.105(c)(2)(i), we award an additional 5 points to an applicant that meets the priority. For Competitive Preference Priorities 2 and 3, we award up to an additional 5 points per priority to an application, depending on how well the application meets the priority.

Note: We will award competitive preference priority points for Competitive Preference Priorities 2 and 3 only to applications that score 80 or above on the selection criteria. We will award competitive preference priority points under Competitive Preference Priority 1 to any application that meets that priority.

These priorities are:

Competitive Preference Priority 1—Novice Applicants.
