Priorities: This competition includes one absolute priority and three invitational priorities.

Absolute Priority: This priority is from the notice of final priorities for this program, published in the **Federal Register** on December 11, 2009 (74 FR 65764). For FY 2011, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

This priority supports the formation of educational consortia between EU and U.S. institutions. To meet this priority, the applicant must propose a project that encourages cooperation in the coordination of curricula; the exchange of students, if pertinent to grant activities; and the opening of educational opportunities between the U.S. and countries in the EU. In order to be eligible for an award under this priority, the applicant in the U.S. must be a U.S. institution, and the applicant in the EU must be an EU institution.

EU institutions participating in any consortium proposal under this priority may apply to the Directorate-General for Education and Culture, European Commission for funding under a separate but parallel EU competition. Within this absolute priority, we are particularly interested in applications that address the following invitational priorities.

Invitational Priorities: For FY 2011, these priorities are invitational priorities. Under 34 CFR 75.105(c)(1), we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1

This priority invites projects that include a plan to work with an institution of higher education in Muslim-majority countries (in addition to countries in the EU) to create a partnership that would focus on key elements of international student exchange programs such as: Developing cooperative bilateral arrangements, crafting inter-institutional bilateral Memorandums of Understanding (MOUs), student recruitment and selection strategies, student language and preparation requirements, tuition reciprocity agreements, student fees, curriculum development, student credit transfer and/or recognition, and financial sustainability.

Invitational Priority 2

In order to increase the participation of underrepresented students in international education and foreign language learning, the Secretary encourages applications from consortia that include community colleges or minority-serving institutions eligible for assistance under part A or B of title III or under title V of the HEA. (Please refer to section III. 1. Eligible Applicants for additional information on applications from consortia.)

Invitational Priority 3

This priority invites applications from consortia in which the lead applicant institution has not served as a lead or partner grantee institution in a consortia funded under this program since FY 2006. (Please refer to section III. 1. Eligible Applicants for additional information on applications from consortia and lead and partner applicant/grantee institutions.)

Program Authority: 20 U.S.C. 1138–1138d.
