SUPPLEMENTARY INFORMATION:

1. By this Notice of Proposed Rulemaking, adopted on February 28, 2011 and released on March 3, 2011, we seek to clarify the rules on the payment of filing fees by winning bidders in auctions of construction permits in the broadcast services in conjunction with their long-form applications. In the *Broadcast Competitive Bidding First Report and Order*, the Commission required the filing of application fees in such cases, and section 1.1104, the Schedule of Charges for Media Bureau Service filings, requires the payment of a fee when the long-form application is filed.¹ However, section 1.2107(c) of the rules provides with regard to the filing of long-form applications by winning bidders in auctions that, “Notwithstanding any other provision in Title 47 of the Code of Federal Regulations to the contrary, high bidders need not submit an additional application filing fee with their long-form applications.”² To resolve any

¹ Implementation of Section 309(j) of the Communications Act—Competitive Bidding Procedures for Commercial Broadcast and Instructional Television Fixed Television Service Licenses, MM Docket No. 97–234, *First Report and Order*, 13 FCC Rcd 15920, 15984–85 para. 164 (1998) (*Broadcast Competitive Bidding First Report and Order*).

² 47 CFR 1.2107(c). The Commission adopted section 1.2107(c) before the Balanced Budget Act of 1997 extended the Commission's competitive bidding authority under Section 309(j) of the Communications Act of 1934 to mutually exclusive applications for construction permits or licenses in

inconsistency and to conform Section 1.2107(c) to the Commission's determination in the *Broadcast Competitive Bidding First Report and Order* as reflected in section 1.1104, we propose to amend section 1.2107(c) by revising the cited sentence to read as follows: “Except as otherwise provided in section 1.1104 of the rules, high bidders need not submit an additional application fee with their long-form applications.” We seek comment on this proposal.
