BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 75****Continuous Emission Monitoring***CFR Correction*

In Title 40 of the Code of Federal Regulations, Parts 72 to 80, revised as of July 1, 2010, on page 219, in § 75.11, paragraph (f) is added to read as follows:

§ 75.11 Specific provisions for monitoring SO₂ emissions.

* * * * *

(f) *Other units.* The owner or operator of an affected unit that combusts wood, refuse, or other material in addition to oil or gas shall comply with the monitoring provisions for coal-fired units specified in paragraph (a) of this section, except where the owner or operator has an approved petition to use the provisions of paragraph (e)(1) of this section.

BILLING CODE 1505-01-D

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 73**

[MB Docket No. 09-123; RM-11546, DA 11-501]

Television Broadcasting Services; New Haven, CT

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission grants a petition for rulemaking filed by Connecticut Public Broadcasting, Inc. ("CPBI"), the licensee of noncommercial educational station WEDY, New Haven, Connecticut, requesting the substitution of channel *41 for channel *6 at New Haven. CPBI's channel *6 facility is subject to substantial levels of new interference from other post-transition stations' power increases, and the substitution of channel *41 will resolve any interference being experienced by CPBI's viewers.

DATES: This rule is effective May 4, 2011.

FOR FURTHER INFORMATION CONTACT: Joyce L. Bernstein, joyce.bernstein@fcc.gov, Media Bureau, (202) 418-1600.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Report and Order*, MB Docket No. 09-123, adopted March 15, 2011, and released March 16, 2011. The full text of this document is available for public inspection and copying during normal business hours in the FCC's Reference Information Center at Portals II, CY-A257, 445 12th Street, SW., Washington, DC 20554. This document will also be available via ECFS (<http://fjallfoss.fcc.gov/ecfs/>). This document may be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC 20554, telephone 1-800-478-3160 or via the company's Web site, <http://www.bcipweb.com>. To request materials in accessible formats for people with disabilities (braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (tty).

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding.

The Commission will send a copy of this *Report and Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional review Act, *see* 5 U.S.C. 801(a)(1)(A).

Barbara A. Kreisman,

Chief, Video Division, Media Bureau.

Final Rule

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 73 as follows:

PART 73—RADIO BROADCAST SERVICES

■ 1. The authority citation for part 73 continues to read as follows:

Authority: 47 U.S.C. 154, 303, 334, 336, and 339.

§ 73.622 [Amended]

■ 2. Section 73.622(i), the Post-Transition Table of DTV Allotments under Connecticut, is amended by adding channel *41 and removing channel *6 at New Haven.

[Docket No. 001005281-0369-02]

RIN 0648-XA01

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic; Closure

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS closes the northern Florida west coast subzone to the commercial harvest of king mackerel in or from the exclusive economic zone (EEZ). This closure is necessary to protect the Gulf king mackerel resource.

DATES: This rule is effective 12:01 a.m., local time, April 04, 2011, until 12:01 a.m., local time, July 1, 2011, unless changed by further notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

Susan Gerhart, *telephone:* 727-824-5305, or e-mail: susan.gerhart@noaa.gov.

SUPPLEMENTARY INFORMATION: The fishery for coastal migratory pelagic fish (king mackerel, Spanish mackerel, cero, cobia, little tunny, and, in the Gulf of Mexico (Gulf) only, dolphin and bluefish) is managed under the Fishery Management Plan for the Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic (FMP). The FMP was prepared by the Gulf of Mexico and South Atlantic Fishery Management Councils (Councils) and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

On April 27, 2000, NMFS implemented the final rule (65 FR 16336, March 28, 2000) that divided the Florida west coast subzone of the Gulf

of Mexico eastern zone into northern and southern subzones, and established their separate commercial quotas. The northern Florida west coast subzone is located in Federal waters of the Gulf north of 26°19.8' N lat. (a line directly west from the Lee/Collier County, FL boundary) and east of 87°31.1' W long. (a line directly south from the Alabama/Florida boundary). The quota for the northern subzone is 168,750 lb (76,544 kg) (50 CFR 622.42(c)(1)(ii)).

In accordance with 50 CFR 622.43(a), NMFS is required to close any zone to the commercial harvest of king mackerel when the zone's quota has been reached, or is projected to be reached, by filing a notification with the Office of the Federal Register. NMFS has determined the commercial quota for Gulf group king mackerel in the northern Florida west coast subzone will be reached by April 04, 2011. Accordingly, commercial fishing for Gulf group king mackerel in the northern Florida west coast subzone is closed effective 12:01 a.m., local time, April 04, 2011, until 12:01 a.m., local time, July 1, 2011, the end of the current fishing year.

During the closure period, no person aboard a vessel for which a commercial permit for king mackerel has been issued may fish for or retain Gulf group king mackerel in Federal waters of the closed subzone. There is one exception, however, for a person aboard a charter vessel or headboat. A person aboard a vessel that has a valid charter/headboat permit and also has a commercial king mackerel permit for coastal migratory pelagic fish may continue to retain king mackerel in or from the closed subzone under the 2-fish daily bag limit, provided the vessel is operating as a charter vessel or headboat. Charter vessels or headboats that hold a commercial king mackerel permit are considered to be operating as a charter vessel or headboat when they carry a passenger who pays a fee or when more than three persons are aboard, including operator and crew.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds the need to immediately implement this commercial closure constitutes good cause to waive the requirements to provide prior notice and opportunity for public comment pursuant to the authority set forth in 5 U.S.C. 553(b)(B), as such procedures would be unnecessary and contrary to the public interest. Such procedures would be unnecessary because the rule

itself already has been subject to notice and comment, and all that remains is to notify the public of the closure.

Allowing prior notice and opportunity for public comment is contrary to the public interest because of the need to immediately implement this action to protect the fishery resource because the capacity of the commercial fleet allows for rapid harvest of the quota. Prior notice and opportunity for public comment would require time and potentially result in a harvest well in excess of the established quota.

For the aforementioned reasons, the AA also finds good cause to waive the 30-day delay in effectiveness of this action under 5 U.S.C. 553(d)(3).

This action is taken under 50 CFR 622.43(a) and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 30, 2011.

Margo Schulze-Haugen,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

RIN 0648-XA327

Atlantic Highly Migratory Species; Atlantic Bluefin Tuna Fisheries

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; inseason Angling category retention limit adjustment; southern area trophy fishery closure.

SUMMARY: NMFS has determined that the Atlantic bluefin tuna (BFT) daily retention limit should be adjusted for the remainder of 2011, based on consideration of the regulatory determination criteria regarding inseason adjustments and based on North Carolina Tagging Program data. These actions apply to vessels permitted in the Highly Migratory Species (HMS) Angling category and Charter/Headboat category (when fishing recreationally for BFT). NMFS also closes the southern area Angling category fishery for large medium and giant ("trophy") BFT. These actions are being taken consistent

with the BFT fishery management objectives of the 2006 Consolidated HMS Fishery Management Plan and to prevent overharvest of the 2011 Angling category quota.

DATES: Effective April 2, 2011, through December 31, 2011.

FOR FURTHER INFORMATION CONTACT: Brad McHale, 978-281-9260.

SUPPLEMENTARY INFORMATION:

Regulations implemented under the authority of the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*) and the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) governing the harvest of BFT by persons and vessels subject to U.S. jurisdiction are found at 50 CFR part 635. Section 635.27 subdivides the U.S. BFT quota recommended by the International Commission for the Conservation of Atlantic Tunas (ICCAT) among the various domestic fishing categories, per the allocations established in the 2006 Consolidated Highly Migratory Species Fishery Management Plan (2006 Consolidated HMS FMP) (71 FR 58058, October 2, 2006).

The 2011 BFT fishing year, which is managed on a calendar-year basis and subject to an annual calendar-year quota, began January 1, 2011. The Angling category season opened January 1, 2011, and continues through December 31, 2011. Currently, the default Angling category daily retention limit of one school, large school, or small medium BFT (measuring 27 to less than 73 inches (68.5 to less than 185 cm)) applies (§ 635.23(b)(2)). An annual limit of one large medium or giant BFT (73 inches or greater) per vessel also applies (§ 635.23(b)(1)). These retention limits apply to HMS Angling and HMS Charter/Headboat category permitted vessels (when fishing recreationally for BFT).

In order to implement the 2010 ICCAT-recommended baseline annual U.S. BFT quota, NMFS has published a proposed rule that would modify the U.S. BFT quota and base subquotas for all domestic fishing categories, and establish BFT quota specifications for 2011 (76 FR 13583, March 14, 2011). Until the final rule is effective (likely June 2011), the BFT base quotas codified at § 635.27(a) remain in effect. The currently codified Angling category quota is 187.6 mt (97.7 mt for school BFT, 85.6 mt for large school/small medium BFT, and 4.3 mt for large medium/giant BFT).
