

further the objectives of Section 6(b)(5)²³ of the Act, in that it preserves all of NYSE Amex's existing rules and mechanisms to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

Furthermore, by establishing a new corporate structure for the Company that includes new owners and a new governance structure, the Exchange believes the proposed rule change will increase [sic] the breadth of representation in the governance of the Options Exchange to include buy side, principal trading and sell side representatives. The increased representation of different market constituencies in the governance of the Options Exchange will foster cooperation and coordination with persons engaged in facilitating transactions in securities, will contribute to the identification of opportunities for innovation and will enhance competition.

Finally, the Exchange believes that the proposed rule change accomplishes the goals of Section 6(b) of the Act by improving the quality and depth of the listed options market. Specifically, with the approval of this proposed rule change, Members will have an incentive, through equity ownership, to offer an options market that provides products, services and fees that are competitive with those of other options markets. Moreover, given the substantial options experience and resources of the Members, the approval of this proposed rule change will provide the opportunity for enhanced liquidity and price discovery for the Options Exchange, thereby creating the opportunity for better-priced executions for options investors. A more competitive marketplace within the Options Exchange will also foster increased competition across all options markets with concomitant benefits to all U.S. options investors.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.
