The Commission recognizes the concern expressed in comments regarding the use of TACs. Additionally, the Commission also recognizes the potential benefit of a TAC, particularly when addressing a complex or technical regulation. While the Commission agrees with those comments suggesting a regulation may not be necessary, the Commission will consider drafting a policy guiding the development of a TAC, member selection, and meeting rules. The Commission anticipates that a TAC policy will be developed during 2011. The process for developing a TAC policy will be consistent with the NIGC's Tribal Consultation policy.

#### B. Communication Policy

The NOI asked whether the NIGC should consider developing a regulation or include as part of a regulation a process for determining how it communicates with Tribes. The NOI noted that NIGC communicates directly with the Tribal Gaming Regulatory Agency (TGRA) or Tribal Gaming Commission (TGC) as well as directly with the tribal government. The NOI asked whether the NIGC should consider promulgating a regulation or policy establishing a default method of communication unless otherwise directed by tribal resolution.

Many comments recommended that the Commission should not consider adopting a universal standard for communicating with Tribes. Tribes noted the variety in government structures and methods used by Tribes when taking official action. However, Tribes also noted the need for more effective communication with all affected parties, including the elected government officials, TGC, TGRA and the gaming operation. While the Commission agrees with those comments suggesting a regulation may not be necessary, the Commission will consider drafting a policy guiding how the Commission communicates with Tribes, their gaming regulatory bodies, and the gaming operation. This Commission anticipates that a policy will be developed over the course of the regulatory review process outlined above. The process for developing a Communication policy will be consistent with NIGC's Tribal Consultation policy.

# C. Other Regulations

During this review process, the Commission attempted to identify those regulations identified by Tribes and/or the Commission in most need of review. However, the Commission reserves the right to review other regulations if needed throughout this review process. Review of regulations not specifically identified in this Notice will be reviewed utilizing the process described in Section IIB of this Notice.
