BILLING CODE 5001–06–P**DEPARTMENT OF DEFENSE****Department of the Army, Corps of Engineers****Intent To Prepare a Draft Environmental Impact Statement for the 'Īao Stream Flood Control Project, Wailuku, Maui, HI****AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.**ACTION:** Notice of intent.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, as amended, the U.S. Army Corps of Engineers (USACE) gives notice that a joint Environmental Impact Statement (EIS) is being prepared for the proposed action to correct a design deficiency in the existing 'Īao Stream Flood Control Project, Wailuku, Maui, HI. This effort is being proposed under Section 203 of the Flood Control Act of 1968 (Pub. L. 90–483) and is necessary to provide the authorized level of reduced flood risk to the town of Wailuku. The County of Maui, Department of Public Works (DPW) is the non-Federal sponsor and the lead agency for compliance with the Hawai'i law on Environmental Impact Statements.

DATES: Comments and suggestions on the scope of issues to be addressed in the Draft EIS (DEIS) should be received on or before May 9, 2011.

ADDRESSES: Send written comments to the U.S. Army Corps of Engineers, Honolulu District, ATTN: Nani Shimabuku, Project Manager, Civil and Public Works Branch (CEPOH–PP–C), Building 230, Fort Shafter, HI 96858–5440. Submit electronic comments to iaostreameis@usace.army.mil.

FOR FURTHER INFORMATION CONTACT: Further information is available on the Web site for the proposed action at <http://www.iaostreameis.com> or from Ms. Nani Shimabuku, Project Manager, Telephone: (808) 438–2940, E-mail: iaostreameis@usace.army.mil.

SUPPLEMENTARY INFORMATION:

1. *Proposed Action.* The existing 'Īao Stream Flood Control Project includes a debris basin, diversion levees, and channel improvements along the lower 2.5 miles of the 'Īao Stream in Wailuku, Maui, and drains an area of approximately 10 square miles. The existing project was designed to provide the town of Wailuku with protection against a 222-year flood (0.5% chance of flooding in any given year). Since the existing project was completed in 1981, numerous storm events involving high velocity flows within the steeply sloped channel have resulted in major erosion of the streambed, undermining the banks and the levees. The proposed action would correct the design deficiencies in the existing project in order to provide the authorized level of reduced flood risk.

2. *Alternatives.* In March 2009, USACE released a draft Environmental Assessment (DEA) that analyzed several alternatives to address the existing project's design deficiencies. During the public comment period, the public, resource agencies, and stakeholders raised concerns over potential indirect and cumulative significant impacts associated with impairment of groundwater recharge, sediment loading impacts to native aquatic species and habitats, and other issues. Based on these comments, USACE decided to prepare an EIS. The EIS will expand the alternatives analysis in the DEA to consider a full range of structural and nonstructural flood risk management alternatives that meet the proposed action's purpose and need and incorporate measures to avoid and minimize impacts to native aquatic species, stream habitat, and other resources. Design features currently under consideration include, but are not limited to, the incorporation of a roller-compacted channel design with low-flow invert; grade control structures; stilling basin areas; groundwater infiltration areas; natural erosion

protection measures; and pooling areas to support native aquatic species.

3. *Scoping and Public Involvement.*

As part of the scoping process, all affected Federal, State, and local agencies, Native Hawaiian organizations, private organizations, and the public are invited to comment on the scope of the EIS.

Since a comprehensive public review process was completed in association with the DEA for the proposed action, the EIS scoping process will not include a formal public scoping meeting. The public comments submitted on the DEA have been compiled and will be considered during the development of the EIS. A summary of those comments is available on the Web site for the proposed action at <http://www.iaostreameis.com>. Any additional comments received will be considered along with those already summarized. To be most helpful, comments should clearly describe specific environmental topics or issues which the commenter believes the document should address.

4. *Other Environmental Review Requirements.* To the extent practicable, NEPA and HRS Chapter 343 requirements will be coordinated in the preparation of the EIS. Consistent with Hawai'i Revised Statutes (HRS) Chapter 343, a State EIS Preparation Notice (EISPN) will be published concurrently.

5. *Availability.* The DEIS is currently scheduled to be available for public review and comment in the summer of 2012.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your

application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this competition are from 34 CFR 75.210 of EDGAR and are listed in the application package. The selection criteria may total 100 points, plus the 10 competitive preference priority points (see Section I. *Competitive Preference Priority*).

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Special Conditions:* Under 34 CFR 874.14 and 0.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993 (GPRA), the Department has established three performance measures for the Vocational Rehabilitation Services Projects for American Indians with Disabilities program. The measures are (1) the percentage of individuals who leave the program with an employment outcome, (2) the percentage of projects that demonstrate an average annual cost per employment outcome of no more than \$35,000, and (3) the percentage of projects that demonstrate an average annual cost per participant of no more than \$10,000. Each grantee must annually report its performance on these measures through the Annual Progress Reporting Form (APR Form) for the American Indian Vocational Rehabilitation Services (AIVRS) program.

Job Training and Employment Common Measures: In addition, this program is part of the job training and employment common measures initiative. The common measures for job training and employment programs targeting adults are (1) entered

employment (percentage employed in the first quarter after program exit); (2) retention in employment (percentage of those employed in the first quarter after exit that were still employed in the second and third quarters after program exit); (3) average weekly earnings (average earnings of those participants who are employed in the first, second, and third quarters after the exit quarter); and (4) the annual cost per participant.

The AIVRS Annual Progress Reporting Form was revised in 2008 to collect data needed to assess the Vocational Rehabilitation Services Projects for American Indians with Disabilities program's performance on supplemental measures that are comparable to the job training and employment common measures. Each grantee will be required to collect and report data for these supplemental measures as part of the annual performance report requirement, including information on: (1) The number of individuals whose case record has not been closed, but have not received project services for 90 consecutive calendar days, (2) the number of eligible individuals who were employed three months after achieving an employment outcome, (3) the number of eligible individuals who were employed six months after achieving an employment outcome, (4) the average weekly earnings at entry, and (5) the average weekly earnings of the individuals whose employment outcomes resulted in earnings.

Note: For purposes of this section VI. 4., the term "employment outcome" has the meaning provided in 34 CFR 369.4.

5. **Continuation Awards:** In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

SUPPLEMENTARY INFORMATION:

Background

Institutions of higher education are invited to join the Department in an effort to simplify regulations and administrative processes for the Federal Student Aid Programs authorized by Title IV of the Higher Education Act of 1965, as amended (HEA). The goal of the Quality Assurance Program is to provide tools that help all institutions of higher education participating in these programs (Title IV, HEA programs) to promote better service to students, compliance with Title IV requirements, and continuous improvement in program delivery. The Quality Assurance Program encourages and provides tools to assist participating institutions to develop and implement their own comprehensive systems to verify student financial aid application data, and continually assess compliance with Federal requirements.

Pursuant to section 487A(a)(3) of the HEA (20 U.S.C. 1094a(a)(3)), the Secretary is authorized to waive for any institution participating in the Quality Assurance Program any regulations dealing with reporting or verification requirements, thus providing participating institutions with regulatory flexibility for the verification of student data, and encouraging alternative approaches that improve award accuracy.

The Secretary believes that the data provided to the Department by the institutions participating in the Quality
