

replacement of physical certificates, specifically in this case the balance certificates, which should in turn allow DTC to better safeguard the securities which are in its custody or control or for which it is responsible.

While the Commission understands the STA would like to further promote dematerialization by eliminating the need for FAST agents acting for issues that are eligible but not participating in DRS to maintain a balance certificate, we agree with DTC that at this time allowing only those issues where the issuer has expressly provided that statements are evidence of ownership to eliminate maintaining the balance certificate better safeguards the securities being custodied by the FAST agent on DTC's behalf. Furthermore, the proposed rule change may encourage those issuers that have made their securities eligible but are not participating in DRS to participate in DRS, which would further facilitate the STA's goal of reducing the use of physical certificates.

With regards to the STA's concern that requiring issuers or their transfer agents to provide a balance certificate upon request, the proposed rule change does not change DTC's current requirements relating to certifying FAST balance positions and therefore should not present any new issues for issuers or FAST transfer agents. DTC was simply making clear in the proposed rule change that it is continuing to reserve the right to request such a certificate.

Accordingly, for the reasons stated above the Commission believes that the proposed rule change is consistent with DTC's obligation under Section 17A of the Exchange Act, as amended, and the rules and regulations thereunder.¹⁰

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR-DTC-2010-15) be and hereby is approved.

¹⁰In approving this proposal, the Commission has considered its impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64193; File No. SR-ISE-2011-17]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend ISE Rule 2102 To Extend the Pilot Program

April 5, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 31, 2011, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 2102 (Hours of Business) to extend the expiration of the pilot rule.

The text of the proposed rule change is available on the Exchange's Internet Web site at <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in

sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend ISE Rule 2102 to extend the expiration of the pilot rule. Initial amendments to ISE Rule 2102 to allow the Exchange to pause trading in an individual stock when the primary listing market for such stock issues a trading pause were approved by the Commission on June 10, 2010 on a pilot basis to end on December 10, 2010.³ The pilot was then extended to expire on April 11, 2011.⁴ On September 10, 2010, ISE Rule 2102 was amended again to expand the pilot rule to apply to the Russell 1000[®] Index and other specified exchange traded products.⁵ The Exchange now proposes to extend the date by which this pilot rule will expire to the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies. Extending this pilot program will provide the exchanges with a continued opportunity to assess the effect of this rule proposal on the markets.

2. Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Act,⁶ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1)⁷ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements in that it promotes uniformity across markets concerning decisions to pause trading in a security when there are significant price movements.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁰ However, Rule 19b-4(f)(6)¹¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay.

The Commission has considered the Exchange's request to waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the pilot program to continue uninterrupted, thereby avoiding the investor confusion that could result from a temporary

interruption in the pilot program.¹² For this reason, the Commission designates the proposed rule change to be operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Comments may be submitted by any of the following methods:
